COVER PICTURE

The attractive young lady pictured on the cover this month is Miss Betty Bond, of Chevy Chase, Md., who was named "Miss Maryland" in the 1942 *Terrapin*, student annual.

Miss Bond is a sophomore, and a member of the College of Arts and Sciences and Kappa Kappa Gamma Sorority.

She was chosen for the honor of being "Miss Maryland" by John Robert Powers, head of the famous Powers Model Agency of New York and one of the best known connoisseurs of feminine pulchritude in the world.

Other coeds who formed Miss Bond's court were Edith Dunford of Riverdale; Helen Crane of Hyattsville; Mary Yeager of Hagerstown; Doris Thompson of Catonsville, and Louise Teller of Chevy Chase.

DEAR FRIENDS:

I appreciate the opportunity to serve the University of Maryland and its Alumni in my new job as President of the Association. It seems to me that a rare opportunity is presented for all of us to get down to work and help the University in the most important program ever undertaken by an educational institution.

What's the program? Simply stated it is the mammoth task of welding literally hundreds of young men into the fullest war effort. This involves a tremendous physical education program under our new director, Clark Shaughnessy. Our boys

(Continued on page 5)

Alumni Day Proves Enjoyable Affair

FORTRAIT OF LATE DEAN THOMAS H. SPENCE PRESENTED TO THE UNIVERSITY — WATKINS NAMED PRESIDENT

In spite of curtailment by war-time activities and the many difficulties of transportation, Alumni who attended the get-together at the University on May 30, voted it a thoroughly enjoyable affair and one not soon to be forgotten. Especial credit goes to the Class of '17, which had the largest representation of any one class for the day.

Program Curtailed

With many Alumni in the armed service and others taking an active part in war activities it had been decided by leaders in the Association and at the University to curtail the Alumni Day program this year and hold it on the same day as graduation, giving the Alumni an opportunity to see this colorful event and to meet and know more of the graduates, their parents and members of the faculty.

The program for the Alumni began with registration in the new Administration Building, which was followed at 9:30 by the annual meeting. This was presided over by First Vice-President Robert M. (Bunt) Watkins, '23, as President Parker was unable to attend because of illness.

Following a few introductory remarks by Mr. Watkins in which he paid tribute to "the fine work of Rosey Pollock, Secretary of the Association, who has joined the armed forces and is now somewhere on the high seas on his way to a foreign battlefield." "Bunt" also praised the work of President Parker, who he announced is making definite recovery from a long illness.

A report on the finances of the Alumni Association was made by Mr. Harvey Casbarian, Comptroller of the University of Maryland.

Dean Spence Honored

At this point Mr. Watkins announced that a tribute was about to be paid a deceased member of the faculty who had been a member of the faculty at College Park for nearly 50 years and who had justly earned a place of love and respect in the hearts of all Alumni, the late Thomas Humphrey Spence. Professor Charles S. Richardson, retired head of the Public Speaking Department, presented an oil portrait of Dean Spence to the University in behalf of James W. Stevens and James Swartz, members of the Class of 1919.

Present at the unveiling of the portrait were Mrs. Spence, three daughters—Miss Mary Spence of College Park, Mrs. E. Craig Wilton of Roanoke, Va., and Mrs. W. J. Lescure of Harrisonburg, Va.; four grandchildren —Craig Wilton, Jr., Charlotte Calvert Spence Wilton, Thomas Humphrey Spence Wilton, and W. J. Lescure, 3rd; and one son-in-law, E. Craig Wilton.

The portrait was unveiled by little Charlotte Calvert Spence Wilton and was accepted by Dr. H. C. Byrd, '08, President of the University of Maryland, and one-time student of Dean Spence.

Dean Spence was born in 1867 at the Spence ancestral home near Snow Hill, Worcester County, and became a Professor of Language at the old Maryland Agricultural College in 1892. In 1902 he was made Vice-President and from 1912 to 1913 he served as Acting President. From 1919 to 1921 he was Acting Dean of the College of Arts and Sciences and in 1924 was made Dean Emeritus of the College of Arts and Sciences. He taught a class in Greek at the University until his death in 1937.

Dr. Byrd Accepts Picture

In accepting the portrait Dr. Byrd lauded Dean Spence's loyalty to the University and to the fine and inspiring influence he had upon the men and women who came to his classes. "In his classroom we met his classes but also we got something more," he said. "We learned a way of life and many of his pupils went forth to run the fortunes of this State. This quality which he carried over to us in the classroom has dominated our lives. Never in all the years that I knew him did he ever refuse to help or serve others. In behalf of the University I want to say to Jimmie Stevens and Jimmie Swartz and to Mrs. Spence that the spirit of Dean Spence will live with us forever."

The group of Alumni was also given the opportunity to meet and hear a word from Mr. Clark Shaughnessy, head football coach and director of physical education at the University. Mr. Shaughnessy told the Alumni that while the athletic program at the University is being shaped to produce winning teams it is also being planned to give everyone a chance to get into athletics. "In this day of national emergency we need men and women who are strong, healthy and rugged; and it is going to be my objective to develop these qualities in the youth of this University. The building of character and a good physique will be of first importance."

(Continued on page 5)

Graduation Exercises Impressive

MSGR. FULTON J. SHEEN DELIVERS ADDRESS

Commencement Exercises were unusually impressive this year with a number of the graduating class in uniform ready to join the armed services of their country. Exercises were held in Ritchie Coliseum and diplomas were presented to 805 graduates. The Rt. Rev. Msgr. Fulton J. Sheen, Professor of Philosophy at Catholic University, delivered the Commencement address.

His Excellency, Herbert R. O'Conor, '20, LL.B., Governor of Maryland, accompanied by President Byrd, '08, led the line of graduates, faculty, regents and dignitaries.

The Governor also delivered a short address to the members of the graduating class.

Honorary Degrees

Honorary degrees were conferred upon Monsignor Sheen, Forrest Eugene Ricketts, Vice-President of the Consolidated Gas, Electric Light and Power Company of Baltimore, and Horace Edgar Flack, Director of the Maryland Department of Legislative Reference. Honorary certificates in agriculture were awarded to Walter E. Bural of New Market, and Martha E. Hopkins of Cordova, in recognition of their contributions to the agriculture of Maryland.

At special exercises the night previous special honors were awarded to those seniors who had made outstanding records during their college career. Those receiving honors were:

Awards Given

Men's Citizenship Prize, offered by President H. C. Byrd, '08, was awarded to William A. Holbrook, College Park.

Women's Citizenship Prize, offered by Mrs. Albert F. Woods, was awarded to Ruth Lee Thompson, of Cumberland.

The Mortar Board Cup, offered to the woman having the highest scholastic average, went to Charlotte Mae Stubbs of Mount Rainier.

The American Institute of Chemistry Medal for the highest average in chemistry went to Edward Hector Price of Frostburg.

The Service Award, offered by the Staff of the Office of the Dean of Women, went to Mary Virginia Powell of Hagerstown.

The Honor Key, offered by the Class of 1926 of the School of Business Administration of the University of Maryland at Baltimore, was awarded to Herbert J. Carry of Washington, D. C.

Bernard L. Crozier Award, offered by the Maryland Association of Engineers, was awarded to Thomas M. Rives, Jr., of Washington, D. C.

The American Society of Civil Engineers Award went to Fred Shulman of Washington, D. C.

Alpha Lambda Delta Sorority Award, for the highest scholastic average, was awarded to Charlotte Mae Stubbs of Mount Rainier.

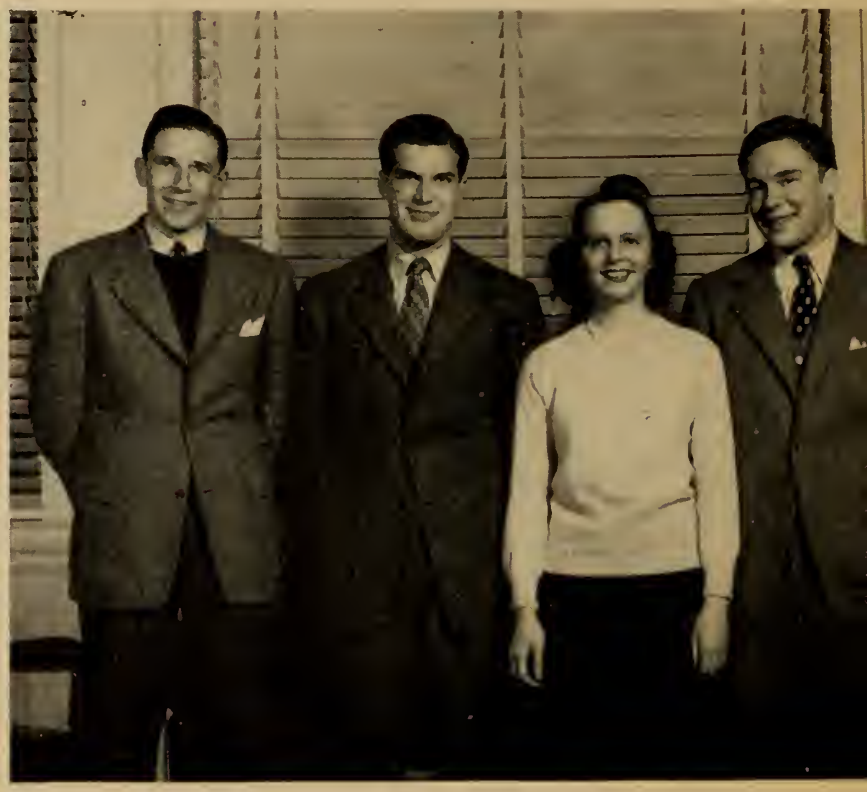
Sigma Alpha Omicron Award in Bacteriology was awarded to Irene E. Kuslovitz, of Baltimore.

The Hillegeist Memorial Award for Excellence in English, offered by Mrs. W. M. Hillegeist in memory of her husband, the late Wm. M. Hillegeist, '12, former Director of Admissions, was awarded to Cecil R. Martin of Smithsburg.

The Charles B. Hale Dramatic Award, offered to the member of the Senior Class who has done most in the advancement of dramatics in the University, was awarded to Walter L. Neal of Frostburg.

o o o

AUTHOR—Lewis S. Ashman, '08, is the author of a new book dealing with sociological problems. The title of the book is *Lawyer Escape and Company*, and it was published by the Trustee Press of Baltimore. It has received very favorable comment from leaders in the field of sociology.



SENIOR CLASS OFFICERS
FOR 1942

Left to Right:

Gerald Prentice . . . President
Jay Emrey . . . . . Treasurer
Ruth Lee Thompson Secretary
James Dunn Vice-President

With Alumni At Home And Abroad

IN BALTIMORE—Howard O. Robinson, '35, a graduate of the College of Engineering, is now living in Baltimore at 4010 Bellevue Avenue.

o o o

AT SCOTT FIELD—Alex Robins, '39, is a communications cadet in the Army Air Corp and is located at Scott Field, Texas.

o o o

IN BERMUDA—Charles K. Rittenhouse, '35, a member of Phi Delta Theta, is now located in Bermuda with the Coast Artillery. Charley says he will be mighty glad to hear from any Alumni.

o o o

AIR SQUADRON—Robert E. Ashman, '41, a graduate of the College of Arts and Sciences, is now a sergeant in the 332nd Air Squadron and is located at Luke Field, Arizona. He is the son of Lewis S. Ashman, '08, University of Maryland Law School.

o o o

IN WASHINGTON—Munro Leaf, '27, of *Ferdinand the Bull* fame, is now located in Washington with the War Department in public relations work.

o o o

IN NEW JERSEY—Dr. Michael J. Pelczar, '36, instructor in the Department of Bacteriology at the University of Maryland, is located at Fort Monmouth, New Jersey, as a lieutenant in the base hospital of the Sanitary Corps.

o o o

SUPERINTENDENT—Alvin B. Goldberg, '39, is living at 110 Chase Street, Fall River, Mass., where he is working as a superintendent in a rayon establishment.

o o o

MARRIED—Lieut. James Michael Lanigan, Jr., '41, was married this past winter to Miss Margaret Leola Jonscher of Washington and Richmond. Lieutenant Lanigan, who was a member of Sigma Nu Fraternity, Scabbard and Blade and Pershing Rifles, is stationed at Fort Knox, Kentucky.

o o o

JOINS UP—Dr. William C. Supplee, '26, formerly of the State Inspection Laboratory, College Park, has been commissioned a Captain in the United States Sanitary Corps and is located at Walter Reed Hospital in Washington, where he is receiving advanced training.

o o o

NEW ARRIVAL—Mr. and Mrs. George L. Kalec of Hyattsville announce the birth of a daughter, Nancy, last March. Mrs. Kalec was Gertrude Chesnut, '27, and a member of the staff of the University for a number of years following graduation.

o o o

EPPLEY PROMOTED—Geary F. Eppley, '18, former Dean of Men at the University of Maryland, was recently promoted from Major to Lieutenant-Colonel, and is stationed at the Army War College in Washington.

o o o

CHEMIST—Roscoe D. Dwiggins, '40, is employed as a chemist with the United States Bureau of Mines, at College Park. He was married on April 18 to Lucile Crumm of Mount Rainier, Md.

STAFF MEMBERS—Serving with Major General J. D. Patch a former member of the military staff at College Park, is Lieutenant Clifton Byrd, '36.

o o o

FACULTY MEMBER—Mrs. Curry Nourse Caples, '30, is now a member of the faculty of the University of Maryland and is serving as instructor in Home Management in the College of Home Economics. Curry received her Master of Arts degree from Columbia University in 1941.

o o o

AT MEADE—Lieut. Earl G. Widmyer, '35, and his bride are now stationed at Camp Meade. According to latest reports they are living in Laurel temporarily.

• • •

DEAR FRIENDS:

(*Continued from page 2*)

must be fit, tough, and alert to meet the sort of competition that this crazy era of war and destruction has in store for them. It further involves the task of inculcating within the minds and hearts of our boys and girls the spirit to achieve in the face of this competition. The job that they do will spell success or doom for our democratic way of life.

You ask the question, "What can I do?" The answer is a simple one. Keep your boy and girl in school, help others to come to Maryland, and give generously when you are called upon.

We are going to have an important organization meeting of the Alumni Directors and Officers in a very few days to shape the policy of our Association. President Byrd has promised to meet with us and acquaint us with some of the things we should do.

By the way, between now and next month, let's have the items that you consder "newsy" and of the sort that will help make a bigger and better Alumni News. That's all for now.

Sincerely,

R. M. "Bunt" Watkins, '23,
President.

•

ALUMNI DAY PROVES ENJOYABLE AFFAIR

(*Continued from page 3*)

Chairman T. B. Symons, '01, of the Nominating Committee, presented the following members for the election of new officers: Robert M. Watkins of College Park, for President; Austin C. Diggs of Baltimore, for First Vice-President, and Talbot T. Speer of Baltimore, for Second Vice-President. All were elected and Miss Lucile Laws, '37, of Silver Spring, was named temporary Secretary.

At the close of the meeting Dr. Byrd announced that he was calling a meeting of officers and other Alumni to discuss plans for the future development of the Alumni Association.

Following the meeting the group attended graduation exercises in Ritchie Coliseum and in the afternoon a football game was staged between four picked squads to demonstrate Mr. Shaughnessy's new "T" formation for the benefit of the Alumni. A detailed description of the game is given by Bill Hottel in the sports section of the Alumni News.

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Burlin Gets Top Prize As 66 Athletes Are Honored; Many Stars Lost And Others Will Go In February

Sixty-six Old Line athletes in lacrosse, baseball, track, tennis and rifle shooting were awarded letters and prizes at an assembly on the campus on May 29. There were some outstanding men in the array who will not compete again as collegians.

Ralph M. Burlin of Port Deposit, Md., received the highest award an Old Liner can gain when he won the Sylvester Watch, annually bestowed on the man typifying the best in college athletics. In addition to distinguishing himself in the sports arena, Burlin also was an outstanding student in the College of Engineering.

DuVall And Wharton Honored

Mearle DuVall and Pop Wharton, the only three-letter men graduating, were honored with the Linhardt Ring and Bozie Berger Trophy, respectively. DuVall was recognized as the outstanding athlete from within the State, while Wharton was considered to have contributed the most to baseball. Bill McGregor got the Powell award for the player who did the most for lacrosse during the year.

Burlin, a plugger and natural athlete, was one of the bulwarks in the Maryland line the last three seasons and also a crackerjack defense man in lacrosse. His selection as the outstanding man on the sports scene was highly popular with fellow students.

It was a notable group that received awards from Clark Shaughnessy, who told his listeners they would have great responsibility in the years immediately ahead, as athletes always have been recognized as leaders. Of the group more than 50 were from within the State.

Two Graduations Hurt

Not so many of these athletes were in the graduating class but many will go next February in view of the extra semester that has been added to start June 22.

Hill, McGregor, Burlin, Thumm and Ulman were the only seniors on the lacrosse squad but Grelecki, VandenBerg and Fetters, three of the team's aces, will go out with the February class.

DuVall, Wharton, Smith, Tierney and Hunt were the only seniors in baseball but some others doubtless will go in February.

Track lost only Cronin, Condon and Kihn and will not be hit by the February graduation.

Tennis lost its top players, Baugher and Royal, and may be further hurt by February losses.

Maryland's rifle team, that won the national R. O. T. C. crown and had Ulrich Geller on the all-America ten, also lost men in May and likely will be hit in February.

List Of Letter-Winners

Lacrosse — Barnett Broughton, *Ralph Burlin, John Dittmar, Robert Fetters, James Forbes, Ramon Grelecki, *Landis Hill, John Hoyert, Howard Keller, *William McGregor, Carroll Rowny, Robert Stockbridge, William Tarbert, William Taylor, *Ashton Thumm, Bernie Ulman, Milton VandenBerg, *Morris Todd, manager.

Baseball — Daniel Boothe, Richard Cleveland, Hartley Crist, *Mearle DuVall, William Ellett, Harold Evans, Clark Hudak, *Max Hunt, Henry Sunier, Louis Tierney, *Robert Smith, *James Wharton, *Roscoe Whipp, *Albert Vogel, manager; *Howard Schwarz, freshman manager.

Track—J. F. Adams, *Randall Cronin, *Robert Condon, Charles Englar, Howard Gugel, Heckert Horn, Robert James, Stirling Kehoe, Stanley Kihn, Richard O'Brien, *William Dorn, manager; *William Maslin, freshman manager.

Tennis—*Griff Baugher, Slater Clarke, Eli Gottlieb, *Doyle Royal, Leon Strauss, *Bernard Klawans, manager; Jerome Golomb, freshman manager.

Rifle—Robert Benson, Barnett Broughton, Clifton Currin, Joseph Decker, Bruce Douglas, Ulrich Geller, George Newgarden, Paul Newgarden, Dorsey Owings, *Robert Rands, Robert Rivello, *Vernon McKinstry, manager.

* Seniors who received gold awards.

GRIDDER LEADS R. O. T. C.

Luther (Boots) Conrad, all-State football end and shot-putter and discus thrower, has been named colonel of the R. O. T. C. regiment for the next two semesters.

Spring Athletic Teams Have Rough Season

Maryland Spring sports teams in lacrosse, baseball, track and tennis, collectively had their worst record in many years, winning only 17 contests, losing 22 and tying two.

Lacrosse set the pace with seven wins in ten games, the tennis team took four matches, lost two and deadlocked one, the baseball nine was able to grab only five victories in 18 tilts, and the tracksters captured a lone meet, losing four and tying another.

All the freshman teams, except the racketers, did well enough, with the nine being the only combination at College Park to have a clean slate for the year. It won all its four games in a schedule curtailed by rain and cancellations.

The young Old Liners annexed four of five lacrosse games, broke even in four track meets but the netmen were drubbed in all five matches.

The frosh figured in a total of 18 contests, winning 10 against 8 defeats, the record of the young netmen being a heavy blow to the average.

•

TRACKMEN ARE GRIDMEN

Four of Maryland's football end candidates are hurdlers or high jumpers or both on the track team. They are Bob James, Tom Brandt, Tom Hagerman and Jack Gilmore. James runs the hurdles only, Gilmore sticks to high jumping, but Brandt and Hagerman are oncoming sophs who do both.

•

STICKMEN SET RECORD

Maryland's lacrosse team, missing the national collegiate title or runner-up spot for the first time in years, set a season's scoring record of 108 goals. On the other hand, the defense was not up to par as 44 markers were yielded.

Shaughnessy Impresses; Grid Uplift Expected

Clark Shaughnessy, former Stanford mentor and modernizer of the "T", is expected to bring about a considerable uplift in the grid game at College Park next Fall, but those in the know are expecting no such "miracles" as he performed with the Indians.

Shaughnessy has not let out as much as a whimper about his material but everyone knows it is far from being of Stanford caliber. In fact, he's enthusiastic over the way the boys responded in the Spring drills.

Shaughnessy has made it very evident to all those who have watched him in his work, that he not only is a topnotch coach but is an organizer and leader who will get 100 percent from his men. Of course, he's not up against anything like as tough a schedule as he faced on the Pacific Coast and it appears a cinch that he will win a great majority of his nine college games.

CLARK SHAUGHNESSY

Insists On Alert Players

Physical fitness, speed, alertness, and quick thinking are Shaughnessy's by-words, on and off the gridiron, and he'll need these qualities in his football squad next Fall as the Old Liners will be none too strong on poundage. Out of the 27 men who'll have to carry the big burden, he has just 10 who scale over 190, but there does appear to be better than average speed in the array.

Shaughnessy had the squad on the field just 23 days in Spring practice but coaches who saw them in the latter stages of the workouts, including Frank Leahy of Notre Dame, who is adopting the "T," marveled at the progress the Old Liners had made in that short time.

Impress In Double-Header

For the benefit of the Alumni and others who were on hand for Commencement on May 30, Shaughnessy staged an intrasquad double-header to wind up the Spring session. Seven teams played, the 44 leading players divided, opposed in one game, and the others, labeled Commandos by Shaughnessy, took part in another battle. Play in both tilts was impressive, despite an exceptionally hot day. What impressed more than anything else was the spirit and enthusiasm displayed by every player on the field. They must keep stepping to stay in Shaughnessy's good graces. He's no coach for sluggards.

Maryland's dependables next Fall will be made up of a mixture of what usually is to a coach's liking, including seven seniors, eleven juniors, and nine sophs. This melds experience, fire and ambition that normally brings success. Paul Flick, a 203-pound, 6-foot 3-inch center, is the only soph who has been running on the tentative first eleven, all the others being letter men. There are 14 letter winners in all among the 27, with half of the reserve group of 16 being rookies.

Will Have Sizable Squad

There will be just about twice 27 on the varsity squad next Fall, though, as Shaughnessy touched off a new spark in football at College Park. Doubtless some helping talent will come out of this enthusiastic array not only for next season but for 1943. Every man who reports next Fall will be carried on some team.

Shaughnessy has much more to think about at Maryland than football. A director of physical education, he is responsible for an encompassing fitness program and he also is athletic director.

REVISED GRID CARD

September 26—Connecticut.
October 3—Hampden-Sydney.
October 10—Rutgers at Baltimore Stadium
October 17—V. M. I. at Lexington.
October 24—Western Maryland at Baltimore Stadium.
October 31—Florida at Griffith Stadium in Washington.
November 7—Duke at Durham.
November 14—Virginia at Charlottesville.
November 21—Service game to be listed.
November 28—Washington and Lee (Homecoming).

Duke, V. M. I., and Florida are the biggest hurdles. Virginia's fine 1941 team has been wrecked by losses, Rutgers has lost about all its coaching staff, and the other four games will find the Old Liners heavy choices.

ROBERTS COMING HURLER

Soph Lloyd Roberts of Catonsville, Md., may prove the big gun of Maryland's pitching staff next year. Not impressive at the start of the season, the husky right-hander has developed a knuckle ball with which he shone as a relief hurler.

FOUR ON ALL-STAR TEN

Bob Fetters, close defense; Bill McGregor, midfielder, and Milton Vanden Berg and Ray Grelecki, close attack, played for the South in the lacrosse game against the North the night of May 27 at Homewood Field in Baltimore. North won, 6-3.

DO NOT CIRCULATE

COVER PICTURE

For beauty of composition and all 'round good photography we think the cover picture used on this issue of the NEWS is about tops. We regret that cost prevents us from showing it to you in its original Kodachrome colors. The picture was taken by David Johnson, '41, who was editor of the All-American *Terrapin* of that year. Dave is now serving in Uncle Sam's Navy.

The picture shows the beautiful West front of the new Administration Building which houses publication, financial and administrative offices of the University. The new University Armory is being erected at the present time directly back of the Administration Building.

•

DUES HONOR ROLL

A pat on the back now and then never hurt anyone and we are going to say "thanks" to those Alumni who sent their dues in during June by publishing their names in this issue of the NEWS. Let's make the list in the August issue three times as long.

Dues during the last thirty days were received from:

L. P. Baird, '28, Leon Broch, '04, W. W. Cobey, '30, Edward P. Coblentz, '26, George D. Darcy, '24, Joseph H. Deckman, '31, S. C. Dennis, '12, H. R. Devilbiss, '11, E. Calvin Donaldson, '21, C. G. Donovan, '17, Simon Duckman, '31, William G. Esmond, '40, John E. Faber, '26, Harold W. Finch, '27, William D. Groff, '39, Lieut. Harry B. Hambleton, Jr., '40, Linwood O. Jarrell, '09, James E. John, William W. Kirby, '22, T. S. Klein, '26, F. A. Korff, '17, G. D. Radebaugh, Jr., '36, J. Homer Remsberg, '18, Mrs. G. I. Rupert Lore, '31, Ira M. Ritter, '41, William C. Rolph, '04, A. Lee Schrader, '25, Edwin Semler, '22, Mrs. Polly Snouffer, '27, E. N. Snouffer, '27, L. J. Stabler, '22, Milton R. Todd, '42, Fletcher P. Veitch, '31, J. Douglas Wallop, Jr., '19, E. P. Walls, '03, William P. Walker, '21, R. M. Watkins, '23, C. A. Warthen, '08, and E. F. Zalesak, '25.

Alumna Describes Dangerous and Exciting Trip from East Africa

ELIZABETH E. HAVILAND, '36, TELLS OF JOURNEY BACK TO THE UNITED STATES

Herewith we publish an article by Elizabeth E. Haviland, '36, who is now located at Wilmington College, Wilmington, Ohio, where she is a member of the biology department. Prior to joining the faculty of Wilmington College in 1941, Miss Haviland had been principal of the Girls' School, Friends African Mission, Kisumu-Kenya Colony, East Africa. Her experiences in making the return trip from East Africa were so interesting that we asked her to prepare this article for the readers of the NEWS.

After four and one-half years' sojourn in foreign lands I turned my steps homeward in 1941. I did so with some misgivings because arrangements to travel by boat could not be made by mail and we had to go four hundred miles to make them and wait for the boat.

The overland trip by British compartment railroad train was interesting. At that time soldiers were busy in Kenya Colony, East Africa, preparing for the attack on Ethiopia. Soldiers and all their equipment clogged the capital. From the compartment window mountains, steep wooded valleys, and wide grassy plains passed in rapid succession.

Many Wild Animals

Sometimes dozens of ostrich, zebra, wildebeest, Thompson's gazelle and other kinds of deer could be seen from the window and twice several giraffe were seen fairly near the train. None of these animals were much disturbed by the train. A few would start to run, but many never lifted their heads. Once two animals were seen fighting, but the noisy train caused no pause in their quarrel.

At Mombasa, the port for Kenya Colony, we finally got booking on a Dutch East Indian boat which was to sail "early in January." It gives one an uncertain feeling to have paid your money but not know the name of the boat or exact date of sailing. As instructed, every second day we asked at the booking office if they knew yet. After almost three weeks of this, we were told the boat was in and we were to board her before noon the next day.

Much Red Tape

After more than the usual amount of red tape we got aboard. There we sat until 5 o'clock slowly melting in the heat. We understood that the boat was sailing straight for Singapore but again the expediency of war made her go a night's journey south and stay there a day before starting east.

The trip was nerve wearing because of rumors and no facts. We could not find out the boat's speed nor when we would land and the heat and blackout added to our discomfort. It was, indeed, with a sigh of relief that we reached Singapore.

However, more red tape followed here and the only saving thing was the courtesy of the officials. We spent most of two days going from one office to another, waiting for this signature or that paper. Finally we got our money, which had been confiscated, and had it changed into local currency. We could not get "gold dollars" (U. S. money) for it was too valuable.

Singapore is a tropical port, hot and humid. For this reason, and others, we did not regret that our stay was short. The harbor was fortified, mined, camouflaged, and partly closed by great chains which left only enough room for one boat to pass at a time.

The next boat, another Dutch East Indies one, was much newer and better than the first. It was a good thing as the China sea lived up to its bad reputation and even good sailors were glad to sit about quietly. It took five days to reach Hong Kong and the change in climate was very noticeable, especially as it rained most of the four days we were there.

Arrive At Hong Kong

Hong Kong is called a free port and while there was not so much red tape, still we spent hours waiting for the leisurely Easterners to decide whether we could sail in four days or not. After this decision was made we had more waiting — hours of it — to get our tickets filled out.

In between this business and the rains we walked about the streets, looking at the dress work and wares of the people. It was fascinating to see the mixture of old and new, women mending silk hose with all the care Chinese people use in making embroidery, men making sandals of old automobile tires, and carving and enlaying ash trays in ancient patterns, and the traditional Chinese dress worn with Western shoes.

On a raw, rainy morning we went on the big Japanese steamer that was to carry us to our own United States. The water was a bit rough in the harbor and we held our breath as heavy baggage was balanced precariously on a man's back while he transferred it from lighter to ship. I saw no mishap, but there were plenty of tales of salt water baths given luggage at various times.

At last we were on a boat that posted its daily progress and said when it was going to get to a place. Our first stop was Shanghai, but we were not very eager to go ashore. The conflict there made moving about rather dangerous and it was cloudy and cold. The icicles were the first I had seen in three years. We were sure the thermometer, which registered just below freezing, was wrong as it felt to us that below zero would be nearer right. Because of the time of year the temperature changes were much more noticeable than they would have been in June. The seas were pretty stormy, too. However, our boat was a large one and we were comparatively comfortable. We felt the coolness of the Japanese officers and stewards but there was no lack of service.

Japan Disappoints

From Shanghai we traveled eastwardly and the weather moderated. Reason told us that the stories of beautiful Japan could not all be true in winter but it was disappointing to see the gray skies, dull fields and dripping houses. The rain was almost continuous while we were in ports of Japan. We never did see Mount Fiji. This and the curtness of the landing officials kept us from exploring much. The uninviting, shopworn displays in shop windows, the time we did go for a walk, did not lead us on very far and helped us believe the stories of poverty we heard later. Japan is using every resource to win her war with China and be prepared for anything else, yet she wants to appear at ease economically.

From Japan we sailed for Honolulu. For a week we saw no land but our hearts rejoiced because it was warmer, the sun was shining, and we were nearing our native land. Customs declaration papers are long and often hard to fill out, yet thrilling in a way. This time we filled them out and handed them in before getting to Honolulu.

The big event of this week was "date day." Every day we traveled east the clock was set forward thirty minutes. This is done in the night and makes breakfast time come more quickly than is always desirable. "Date day" for us was February 25. The second day of this date was marked Feb. 25, 1941 (2nd) on our menus.

(Continued on page 4)

Number of Alumni Located At Tropical Fruit Station

Dr. and Mrs. John M. Bellows, Jr., both graduates of the University, are now living in Orlando, Florida. Dr. Bellows received his bachelor's degree from the University of Vermont in 1936, and his Master of Science and Ph.D. degrees from the University of Maryland in 1937 and 1940, respectively.

From October, 1940, until July, 1941, Dr. Bellows was employed by the War Department in charge of camouflage at a new fort which was under construction "somewhere in New England." Last July he accepted the position at the U. S. Department of Agriculture Tropical Fruit Field Station in Orlando, where he is now located.

Mrs. Bellows, who received the Doctor of Philosophy degree from the University in 1941, is now instructor in biology, personnel and community hygiene at the newly organized Orlando Junior College. Before her marriage she was Miss Elsie May Sockrider. Her graduate work at the University was in the field of bacteriology, and in 1938 she worked in the Minnesota State Health Department on a Rockefeller Foundation grant. In 1939 she returned to Washington to serve as a baeteriologist with the National Institute of Health under the famous Dr. Alice C. Evans.

Dr. Bellows states that Dr. Frank E. Gardner, at one time professor of horticulture at the University of Maryland, is in charge of the fruit production section of the Orlando station.

He points out that a number of other Maryland graduates are employed at the station.

One of these graduates is Dr. William C. Cooper, '29, who is a physiologist in the fruit production section of the station. Dr. Cooper is married to Reba Enzor, '31. The Coopers now have a daughter, Katherine, one and one-half years old.

Another Maryland graduate on the staff of the Station is Dr. Erston V. Miller, a physiologist who received his Ph.D. degree in 1925. He is working in the storage and transportation section of the Station.

•

Harold W. Finch, '27, is a mechanical engineer and is located with the Puget Sound Navy Yard as an associate mechanical engineer. His address is 1016 Ravenna Boulevard, Seattle, Washington.

o

Leon Broch, '04, is practicing law in Havana, Cuba, according to latest resports.

o

George D. Radebaugh, Jr., '36, is practicing dentistry in Dayton, Washington.

Alumna Has Exciting Trip

(Continued from page 3)

This boat did not have any speeial ceremony as some do. We actually crossed the line in the night.

Honolulu Is Beautiful

Honolulu is an interesting port with its beautiful tropical colors, variety in style of buildings, wide range of goods in the shops and types of people. The freedom to do as we wished and the hospitality of the people filled our hearts with joy. We were in our own land and although we had several days of travel to reach "The Coast" (West Coast of U. S. A. to Hawaiians) we basked in the first complete freedom of many weeks. At the end of the day we went back to our ship, tired in body but refreshed in spirit. We watched people throw their wreaths in the water, hoping they would float back to the island and thus show that the thrower would return. We echoed the wish to return to this sunny land.

Everyone was packing the next day as we were promised a very bad storm before reaching San Francisco. We had visions of holding to our bed-rails. However, the storm passed before us and we did not even have a rough sea. It was hard to realize we were really very far from land. Early one foggy morning we got up to see our ship sliding slowly under the Golden Gate Bridge. Landing was yet before us but we were in native waters and only those who have been in foreign lands in troubled times can fully realize our relief and joy.

•

William P. Cole, 3rd, '40, is now a second lieutenant and has been stationed at Camp Polk, La. He is following in his father's footsteps, Congressman William P. Cole, who served as a eaptain in the first world war.

o

J. Homer Remsberg, '18, is a dairy farmer and his post office address is Middletown, Maryland.

o

John S. Hebb, 3rd, '35, is now practicing law in Baltimore. His office is located at 1219 Fidelity Building.

o

Simon Duckman, '31, is practicing medicine at 904 Bushwick Avenue, Brooklyn, New York.

o

Harry B. Hambleton, '40, is now a lieutenant in the Army and is located at Fort Jay, New York.

o

E. Calvin Donaldson, '21, is living at 409 Montgomery Avenue, Laurel, Md.

Bill Press, '28, Leaves D. C. Board of Trade for Army

William H. Press, '28, recently resigned his position as executive secretary of the Washington Board of Trade to report for active duty as a Captain in the Corps of Engineers, United States Army. Bill, it will be remembered by his classmates, was the able treasurer of his elass for two years, and has made an enviable reputation in his position with the Board of Trade.

L. P. McLachlen, President of the Board, declared that Press' resignation was a major loss to the organization. In accepting the resignation he stated: "Your services and contributions to the Board of Trade and your able leadership and direction of its activities, have been of permanent value, not only to the organization but to the entire community. I speak the sentiment of our officers, our directors and our entire membership in stressing the deep and sincere regret with which we accept your resignation."

•

Board of Regents Member Heads Farmers Council

P. C. Turner, a member of the Board of Regents of the University and vice-president of the Maryland Farm Bureau, has been named president of the recently formed Interstate Farmers Council, representing farmers in Maryland, Virginia, West Virginia, Delaware, and Pennsylvania. Mr. Turner lives at Parkton, where he operates a 300-acre dairy farm. In addition he is chairman of the State Fair Board, a member of the executive committee of the Northeastern Dairy Council, and a director of the Southern States Cooperative.

The purpose of the Interstate Farmers Counеil is the protection of "The individual rights of farmers to proseeute their business in their own way." In Mr. Turner's own words, "This purpose is being directed at the present moment at John L. Lewis or anyone else who may attempt through intimidation, fear, or dictation, to take away from farmers their rights."

•

Mr. and Mrs. Eben C. Jenkins announced the birth of another daughter, Susan, on March 31. Mrs. Jenkins was Mary M. Ingersoll, '32. Susan's grandfather is E. G. Jenkins, better known as "Daddy Jenks" to thousands of 4-H Club members throughout Maryland.

o

William George Esmond, '40, is a lieutenant in Chemical Warfare. Latest reports showed that he was in camp in Virginia.

With Alumni At Home And Abroad

Missouri—Gerald L. Glass, '24, is an Engineer Utility Officer in the Veterans' Administration and located at Jefferson Barracks, Mo.

o o o

Puerto Rico—Benton R. Gatch, '40, an engineer, now is doing construction work on Army Base in Puerto Rico. His address is care of U. S. Engineers, San Juan, Puerto Rico.

o o o

Naval Aviation—John Vincent Connelly, '38, now is Ensign Connelly of the U. S. Naval Aviation Reserves. He is a former cross country letter winner and member of the "M" Club. He is stationed at Corpus Christi, Texas.

o o o

Birth—Mr. and Mrs. Gibbs Myers recently announced the arrival of a daughter, Joanne Ellen. Gibbs is a member of the Class of '30 and has done graduate work at Yale. Now he is employed in the U. S. Census Bureau in Washington, D. C.

o o o

Navy Wings—Ensign Charles Davy, '39, has received his coveted gold wings of the Navy Flying Corps, following completion of the flight training at Miami, Fla. Davy is from Washington, D. C.

o o o

Auto Insurance—Loring Gingell, '33, now is the metropolitan representative for the State Farm Insurance Company. Loring married Betty Ehle, '34, and they are residing in Silver Spring, Maryland.

o o o

Washington—Miss Kathleen Shanahan, '41, now is employed in the girls' and infant's department at Julius Garfinkle in Washington, D. C.

o o o

Florida—Newton Cox, '40, former boxing and baseball luminary, took a Florida vacation last fall. "Newt" is with the Pennsylvania Railroad with headquarters in Williamsport, Pa.

o o o

Aviation—Leon Vannais, '43, former basket ball and baseball star, now is in the U. S. Naval Aviation Training Corps at Floyd Bennett Field, Brooklyn, N. Y.

o o o

Army—Arthur P. Gambrill, '34, Delta Sigma Phi, has returned to the Army and is stationed at Camp Lee, Va. He had previously served in the Army during the maneuvers and was released, having attained the age of 28.

o o o

Hawaii—Miss Mary Douglas Leard, '39, H.E., now is at Hickam Field, Hawaii, doing secretarial work in the Office of the Quartermaster. Mrs. Robert Heilig, nee Miss Margaret Weimer, '28, is reported to be in Hawaii.

o o o

Army—Former Major Charles H. Jones of the R. O. T. C. military staff, now is Lieut.-Col. Jones, and stationed in Hawaii. His son, Lieut. Lewis Jones, '39, U. S. Marine Corps, is understood to be on duty at Midway Island. Another Jones, Lieut. Robert Jones, '39, now is on the military staff at the University.

o o o

Accountant—Peter Smyrnes, '35, now is an accountant and associated with the Lend-Lease Finance Division of the Treasury Procurement Division in Washington, D. C.

Rubber—Joseph E. Jones, '07, now of Park Ridge, Illinois, is a special sales representative for the Whitehead Bros Rubber Co of Trenton, N. J. He is also vice-president of the Goodall Rubber Co. of California, with which the Whitehead Company is an affiliate.

o o o

Births—Dr. and Mrs. Dayton O. Watkins of Hyattsville, Md., announce the arrival of a seven pound girl named Kristine Marie. Mrs. Watkins was formerly Miss Grace Oldenburg, '32. Dr. Watkins, now doing intern work at Gallinger Hospital in Washington, is a member of the Class of '41, Medical School and '37, at College Park.

o o o

Engineering—Edwin M. Gue, '31, electrical engineer, now is with the Duquesne Light Co. of Pittsburgh. He married Miss Ruth Burslem, '35, and they are residing at 22 Zama Drive, Mt. Lebanon, Pennsylvania.

o o o

Engineer—Henry W. Janes, '39, civil engineer of Oxon Hill, now is in the Civilian Corps of Army Engineers doing work on the Air Base in Bermuda. While on a short furlough he visited the campus this winter.

o o o

Air Corps—Elton F. Young, Jr., '40, of Washington, has graduated from Kelly Field, Texas, and is commissioned a Second Lieutenant in the Army Air Corps. His assignment is unknown.

o o o

Dairymen—The Eastern Shore Dairy Farms, Inc., have elected Dr. Frank B. Hines, '00, as their president. The organization is composed of dairymen who ship milk to Baltimore. Dr. Hines not only is a doctor of note on the Eastern Shore, but now he is a leader in a farming industry.

o o o

Hospital—Miss Bettie Porter, '41, now is with the York Hospital in York, Pennsylvania.

o o o

Chemist—Howard Fawcett, '40, now is with the U. S. Army-Kankakee Ordnance Works as Analytical Technician. He is located in Joliet, Illinois.

o o o

Married—Miss Hazel E. Magness of Baltimore and Mr. John Silkman, '35, were married last Fall. The newlyweds are now residing at 1314 Belvedere Avenue, Baltimore. John is a former member of the Alumni Board and has always taken an active part in Alumni affairs.

o o o

U. S. D. A.—Mr. and Mrs. Bob Graves are now residing in Philadelphia where Bob is doing specialist work for the U. S. Department of Agriculture. Mrs. Graves was formerly Miss Carole Hutchinson. Classes: Bob, '35; Carole, '37.

o o o

Philadelphia—Frank Dwyer, '41, now resides in Philadelphia at 123 South 39th Street.

o o o

O. P. M.—George L. Hockensmith, '33, now is with the Office of Production Management and located in Washington, D. C., as technical advisor in engineering. "Hock" married Miss Evelyn Bruckner, '34, of College Park.

(Continued on page 7)

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Summer Ten Is Strong; Nine Should Be Fair

Maryland's lacrosse squad is exceptionally well set and the Old Line nine is fairly well fixed for the games they will play as headliners of the Summer program of physical fitness at College Park.

In fact, the stickmen, who will play four games, appear somewhat better off than for the regular 1942 campaign, while the diamonders, who have eight tilts listed, will lack much of their Spring strength.

Only Bill McGregor, Bob Stockbridge, Landis Hill and Ashton Thumm of the Spring lacrosse squad will be missing and only the first two named were regulars. McGregor was graduated and Stockbridge will not return until Fall.

13 Lettermen Are Left

This leaves 13 lettermen who will be aided greatly by some capable talent from the frosh squad. "M" men on hand are Jim Forbes and Barnet Broughton, goalies; Ralph Burlin, Jack Dittmar, Bob Fetters and Howard Keller, defense players; Bill Tarbert, John Hoyert, Bill Taylor and Bernie Ulman, midfielders, and Ray Grelecki, Milt VandenBerg and Carroll Rowny, close attack. Howard Smedley, John Ruppersberger and Lloyd Mallonee, defense; Otts Lundvall, midfielder, and Bob Smith, close attack, are impressive recruits.

However, the sad part of the situation is that Forbes, Burlin, Fetters, Keller, Grelecki and VandenBerg, who ordinarily would be on hand for the 1943 season, are slated to go out with the advanced graduation class next February.

Baseball Losses Heavy

Baseball lost Bob Smith, pitcher; Louis Tierney, catcher; Mearle DuVall, first base; Jim Wharton, second, and Roscoe Whipp, third, and Ernie Travis, outfielder, is not in school this semester.

Lefty Crist, Floyd Roberts and Max Hunt, pitchers; Kenny Bransdorf, catcher; Clark Hudak, Bill Ellett and Henry Sunier, infielders, and Danny Boothe and Hal Evans, outfielders, are the lettermen leftovers. Also on hand as leading performers are Jack Brenner, catcher, and Jack Wright, pitcher, who were kept out of baseball by Spring grid drills; Jim Kinsman, infielder, and Sam Burch, catcher, 1942 reserves, and some promising rookies are Charley Cawunder, first base; Bill Slater, catcher; Tom Smoot and Eddie Rommel, infielders, and Bill Adkins, who won all three games he hurled for the frosh.

In all there are more than 45 stickmen and about 25 diamonders toiling.

Burton Shipley and Jack Faber, of course, are coaching the baseball and lacrosse squads respectively. "Ship" is in his 20th year at the helm and Jack completed his 15th season with the stickmen when the regular season closed in May.

Week-day ball games start at 4 P. M. and Saturday contests at 2:30.

SUMMER SCHEDULES

LACROSSE

July 18—Penn State at College Park, 2:30.
July 24—Hopkins at Baltimore, 4 P. M.
August 7—Hopkins at College Park, 4 P. M.
August 12—Navy at Annapolis.

BASEBALL

July 22—George Washington at College Park.
July 29—Georgetown at College Park.
August 1—Navy at Annapolis.
August 5—Catholic U. at Washington.
August 8—George Washington at Washington.
August 15—Georgetown at Washington.
August 19—Navy at Annapolis.
August 22—Catholic U. at College Park.

Still Two Spots Open On 1942 Grid Card

Maryland's 1942 football schedule, in which several changes have been made, principally as to location of games, still is not completely settled.

There now are two dates open, October 3, cancelled by Hampden-Sydney, and November 21, which was made available when the Washington and Lee clash was shifted from Thanksgiving Day to the 28th.

It is certain that October 3 will be filled, as there are several applicants for the date, but nothing has developed as to November 21.

Here is the list as it appeared when the ALUMNI NEWS went to press:

Sept. 26—Connecticut at College Park.
Oct. 10—Rutgers at Baltimore Stadium.
Oct. 17—V. M. I. at Lexington.
Oct. 24—Western Maryland at Baltimore Stad.
Oct. 31—Florida at Griffith Stadium in Washington.
Nov. 7—Duke at Durham.
Nov. 14—Virginia at Charlottesville.
Nov. 28—Washington and Lee at College Park (Homecoming).

Athletes Are Leaders In Military Unit

Maryland athletes hold the majority of the top positions in the R. O. T. C. Unit.

Boots Conrad, all-State football player and track letterman, is the colonel, while Ray Grelecki, lacrosse ace; Bernie Ulman, football and lacrosse star, and Reggy Vincent, grid tackle, are lieutenant-colonels.

Grelecki also is president of the Student Government Association.

A host of other athletes hold the rank of captain and lieutenant.

Old Liners Overlooked On Star Stick Team

For the first time in years Maryland didn't place a lacrosse player on the all-America team this season. Ray Grelecki, attack man, and Bill McGregor, second defense, were named for the second team and Jim Forbes, goalie, was on the third ten.

It was a surprise and shock to the Old Liners that Grelecki was not chosen for the first team. He was outstanding all season and set a new Maryland scoring record by piling up 30 goals.

This was four above the previous record total of 26, made by John Christhilf in 1936 and tied by Rip Hewitt in 1939.

It also was thought that Bob Fetters, close defense man, would get some national consideration.

Grelecki, Fetters and Forbes were picked for the all-State first ten.

WARNER GOES TO NAVY

Glenn Warner, physical education director, has resigned to join the Naval Academy staff. Besides doing great work in intramurals, he put the Old Liners on the map with a soccer team that lost only one game in two years and was unbeaten last season.

DR. SUPPLEE IN SERVICE

Dr. Bill Supplee, associate professor in chemistry, former Old Line football and track star and member of the Athletic Board, has become a captain in the Sanitary Corps of the United States Army.

Birth—Mr. and Mrs. Horace E. Troth have a baby daughter named Mary Alice. Horace is a member of the Class of '34. The Troths reside at 14 Farragut Avenue, Kensington, Md.

o o o

Deceased—Fred C. Burton, '32, of Cumberland, died last Fall after a short illness. At the time of his death Fred was a member of the Fort High School faculty, where he was well liked and very popular. In college he took an active part in the Electrical Engineering Society, serving as its president in his senior year. In a short time he would have completed his thesis toward a Master's Degree in Engineering.

o o o

Birth—Mr. and Mrs. Howard G. Crist, Jr., have a young son named Curtis Howard. Mr. Crist is a member of the Class of '40, and resides in Richmond, Virginia.

o o o

Automotive—Richard C. Williams, '14, is manager of the Automotive Sales for the E. I. duPont de Nemours & Co., with offices in Detroit, Mich.

o o o

U. S. D. A.—Kenneth Grace, '16, a former trackster of note for the Old Liners now is doing investigation work for the U. S. Department of Agriculture somewhere in the South.

o o o

Army—Major E. Roane Melton, '25, now is on active duty at Fort Sill, Oklahoma, with the Eighth Field Artillery Observation Battalion.

o o o

Hollywood—John E. Ennis, '26, is in Hollywood, but not as a movie actor, but he might be some time. He was sent there as manager of the J. C. Penney Company stores. A welcome he extends to all Marylanders who might be passing that way.

o o o

Shipbuilding—John C. Sterling, '16, is superintendent of Machine Shop Division of the Newport News Shipbuilding and Dry Dock Company.

o o o

Sales—Nathaniel John Wilson, '25, is Sales Engineer for the Cherry Burrell Corp. of Baltimore. His address is 234 Carroll Parkway, Frederick, Maryland.

o o o

Insurance—Irvin O. Wolfe, '33, has been appointed to the Estate Analysis Division of the Connecticut General Life Insurance Company (with offices in the Calvert Building, Baltimore. Irvin married Miss Myra Ferrier, '32, and they reside in Baltimore.

o o o

Technician—Miss Eugeniee Teresa Gaczysnki, '37, now is Disease Hospital at Sleaucus, New Jersey.

o o o

Baby Boy—William L. Hopkins, '30, is the proud daddy of a baby boy born April 26 at Union Memorial Hospital, Baltimore. The new addition has been named John Marks, and it is understood that he has already been enrolled in the Class of 1960. Mr. Hopkins is employed at the Hunter Distilleries, Owings Mills, Md.

o o o

Engineers—William H. Lewis, '25, writes that he is located in Iron Mountain, Michigan, where he is an engineer with the Altec Service Corporation. He says he misses Maryland a great deal but enjoys the Western winters and the fishing and game hunting. His address is 612 Woodward Avenue.

o o o

At Benning—W. R. Beal, '36, is now a lieutenant and full-fledged paratrooper in the 504th Parachute Infantry, and is stationed at Fort Benning, Georgia. He says that "Jarring" Jim Meade, '38, one-time football great at Maryland, is also located at Fort Benning as a second lieutenant with the paratroopers.

Birth—Lieut. and Mrs. Thomas O. "Pat" Rooney have a daughter, born last Fall at Benning, Georgia. Pat is in command of the Headquarters Company of the Second Brigade. Pat was in the Class of '33, and Mrs. Rooney is the former Miss Virginia Terry, '35.

o o o

Arrives Home—Nova Thompson, '25, sister of this year's May Queen at the University, Ruth Lee Thompson, recently arrived in Maryland from Edgewater Beach, Honolulu. She is the wife of Commander J. M. McIsaac, and had some harrowing experiences in the Pacific war zone. Nova has two children, John Malcolm, 10 years of age, and Alvin Thompson, 9 years old.

o o o

Selling Insurance — William B. Penn, '24, is living at 4111 Kennedy Street, Hyattsville, Md. He is associated with the Acacia Life Insurance Company in Washington and says he will be happy to see any Maryland Alumni who can find time to drop around.

o o o

With Oil Company — M. J. Murphy, '32, is the Washington representative for the Sonneborn Oil Company of Baltimore. He is married to Miss Margarite Norris, '34, a member of Kappa Kappa Gamma Sorority. Mike is a member of Theta Chi.

o o o

With Martin Plant—George Henri Schmidt, '26, writes that he is an assistant in the Division of Personnel of the Glenn L. Martin Company, of Baltimore. He is living at 3012 Evergreen Avenue.

George seems to have continued with his dramatic interests as he is now president of the Baltimore Drama Guild and a member of the Baltimore Music Club. He is married to Mildred S. Reichard, a graduate of the Class of 1922, of Goucher College.

o o o

Promoted—Promotion of John Bowie, Jr., '25, to a Lieutenant in the U. S. Coast and Geodetic Survey, was recently announced by Rear Admiral L. O. Colbert, Director of the Survey. At the time of his appointment Lieutenant Bowie was in command of the survey ship Cowie on the James River in Virginia. Lieutenant Bowie traveled widely while serving with the Geodetic Survey and in addition to sea duty on both the Atlantic and Pacific coasts, served for a time in both Seattle and Alaska.

o o o

Class Of 1890—We were pleased to be visited the other day by Robert G. Wilson of the Class of 1890. He had been away from the campus for more than 50 years, and was amazed at the great changes that have occurred since he was a student here. Mr. Wilson left College Park in December, 1889, and moved to Colorado where he lived for 11 years. Following this he moved to the Pacific Coast where he was employed by a lumber company for more than twenty years. While in California, Mr. Wilson studied law and was admitted to the bar in Los Angeles. He can be reached this summer at 108 North Bedford Street, Georgetown, Delaware, where he is visiting his sister.

o o o

Alumni Dine—Lieut. Gino Valenti, '41, of the 14th Motor Maintenance Company, Fort Benning, Georgia, writes that he is far from lonely in the southern camp as there are nine other Maryland Alumni stationed there with him. The other Marylanders are Elmer Bright, '41, Logan Schutz, '38, G. Heil, '40, Merle Preble, '40, David Kelly, '41, Cy Race, '40, Mike Pennella, '41, R. Lee, '40, and Morgan Tenney, '40. Gino says that the Alumni at the camp recently held a get-together dinner.

DEANNE FUREAU, member of the Motor Transport Corps of "The American Women's Voluntary Services," a nation-wide organization doing a grand job on the home front. Patriotic American groups deliver millions of better-tasting Chesterfields to men in the Service.

In war time, more than ever, a satisfying smoke is a comfort and a pleasure. It means a lot to men in the Service and to men and women everywhere. Because of its *Right Combination* of the world's best cigarette tobaccos Chesterfield leads all others in giving smokers more pleasure. It is definitely *Milder*, far *Cooler-Smoking* and lots *Better-Tasting*. Whatever you are doing for Uncle Sam, Chesterfields will help to make your job more pleasant. They never fail to *SATISFY*.

COVER PICTURE

The picture on the front cover shows the new Home Economics Building, which is located on the south side of the new campus. This is one of the most attractive and well-equipped buildings at the University and houses the departments of textiles and clothing, practical art, home and institution management, and foods and nutrition, under the College of Home Economics. Last year nearly 300 girls took courses in this College.

C. Walter Cole Announces Candidacy For U. S. House

A prominent Maryland alumnus, C. Walter Cole, '21, of Towson, has announced his candidacy for nomination to the U. S. House of Representatives from Maryland's Second Congressional District, and will run in the Democratic primaries next month.

Representative William P. Cole, '10, the present incumbent, and a brother of the new Congressional aspirant, has received a Federal judgeship appointment and thus will not be a candidate for re-election. He has represented the Second District continuously since 1931, and also served a term from 1927 to 1929.

The new Cole candidate for Congress is a native of Baltimore County and has been associated with his brother since 1927. He was graduated from the Harvard Law School in 1924 and since then has been engaged in the active practice of law. A past president of the Baltimore County Bar Association, he is also a member of the Maryland State and American Bar Associations.

A past president of the University of Maryland Alumni Association, he was appointed in 1939 by Governor Herbert R. O'Conor as a member of the National Conference of Commissioners on Uniform State Laws, which is a national legisla-

Students Plan Carnival For September 25-27

Alumni Cordially Invited To Attend Gala Affair

Alumni are cordially invited to attend a gala week-end "Autumn Carnival" September 25, 26, and 27, which is being planned by undergraduates at the University as a conclusion to the first summer semester program ever held at the University of Maryland.

A highlight of the three-day celebration will be the debut of the first Maryland team coached by Clark Shaughnessey. The Terps will inaugurate their 1942 season September 26 against the University of Connecticut, an outstanding team which is making its first appearance on a University of Maryland pigskin schedule. Prospects are running high that this engagement will start the Old Liners off on the most successful season in recent years.

"T" Formation Described

Students, faculty and alumni will get a preliminary demonstration of the famed "T" formation on Friday night in Byrd Stadium at an exhibition which will be described personally by Mr. Shaughnessy. The "T" formation demonstration will be preceded by a sham battle, staged by members of the ROTC with the aid of a detachment of soldiers from Fort Meade.

Before the program in Byrd Stadium gets under way, a huge and colorful torchlight parade, headed by the University band, will be started up College Avenue, across the boulevard, and through the campus. The procession will halt on the knoll in front of the library and a pep rally will be led by student cheer leaders, with awards being made for the best float entries in the parade. Following the football exhibition in the stadium, fraternity and sorority houses will join in sponsoring a gigantic chain of rotary dances, concluding Friday's program.

Victory Ball

Saturday night a Harvest Victory Ball will be held in the Gym-Armory. The dance is to be informal and will carry out the spirit of the harvest season.

Taking cognizance of the importance of spiritual morale during war time, Sunday's program will be of a more serious nature. An outdoor sunrise service has been scheduled for 8 a. m. in Byrd Stadium. The Rev. Dr. Peter Marshall, pastor of the New York Avenue Presbyterian Church, Washington, D. C., who stirred students with an outstanding inspirational address on Maryland Day, has been invited to speak. Tentative plans also call for the appearance of a well known Washington men's choir.

Incomplete plans also include closing the week-end's activities with an outdoor concert on the quadrangle in front of the new Administration Building. President Byrd, solidly behind the program, will aid in securing a celebrity to appear.

Arla G. Guild, of Baltimore, senior and president of Tri Delt sorority, is chairman of the Autumn Carnival. Other members of the central committee include: Bob Ireland of Washington, D. C., finance chairman; Ted Beuerman of Washington, D. C., decorations chairman; Jane Boswell of Hyattsville, commissary chief; Nancy Holland of Cumberland, chairman of the chaperones' committee; Mary Harris of Bel Air, room accommodations chairman; Dottie Willis of Baltimore, entertainment chairman, and Bert Carhart of Washington, D. C., publicity chairman.

C. Walter Cole Announces Candidacy for U. S. House

(Continued from page 2)

tive body made up of representatives from all states and territories of the United States. This conference meets annually and has committees working on plans to harmonize State laws for the benefit and convenience of the several states and territories.

An active leader in civic affairs in his community, Mr. Cole is chairman of the approximately 100 lawyers assisting registrants under the Selective Service Act in filling out their questionnaires and advising them with respect to their status in the draft. He has just been requested by Governor O'Conor to serve as a member of the Rationing Board for Baltimore County.

The junior Cole was the first president of the Kiwanis Club of Towson and later became Governor of the Capital District, comprising Maryland, the District of Columbia, Virginia and Delaware. He is married, the father of three children and an active churchman, being a member of the Vestry of Trinity Protestant Episcopal Church in Towson.

Maryland Alumus Proves One of War's Sea Heroes

The venturesome feat of a Maryland alumnus, Lieutenant Daniel R. Dorsey of Baltimore, '32, whose name will go down in the United States Navy's log of sea heroes, was recently disclosed by Navy headquarters in Australia.

Just a step ahead of the Japanese, Lieutenant Dorsey, with four other U. S. Naval officers, made a daring escape from the island of Cebu in the Philippines on April 9 in a primitive native outrigger canoe. The five sailed for weeks in the small craft before finally being picked up and taken to Australia. Their only navigation guides were a compass, a page torn from a school book atlas, an alarm clock and a radio that worked part of the time.

An Associated Press dispatch listed the four companions of Lieutenant Dorsey as Lieutenant Commander Alexander Slimmons, Los Angeles, and Lieutenants Carl Faries, Atlanta; Ellis P. Skolfield, Asheville, N. C., and William Lipsitt, New Bedford, Mass.

The Associated Press report from "somewhere in Australia," gave a vivid description of the Navy men's exciting journey.

"The officers said their most exciting experience was being chased for two hours by a canoe manned by fuzzy haired New Guinea natives who later proved friendly.

"Slimmons said the five officers left Cavite naval base separately for Bataan and Corregidor and were reunited again on the Island of Cebu on a confidential mission. The Japanese came to the island the morning of April 9. The officers got away that afternoon with a small crew of Filipinos.

" 'Skolfield had years of experience sailing boats,' said Slimmons, 'so he handled the boat. Dorsey was an engineer in civil life and he kept the boat from falling apart. Lipsitt commanded the galley but all cooked,' he said.

"Winds and currents were against them at first, the voyagers said. They wanted to sail at night and hide in the daytime, but the winds died down at night and it took them 20 days to pass the southernmost tip of the Philippines and reach the open sea. Then they were on the sea 11 days without a sight of land. They followed the 128th Meridian by means of the alarm clock. They knew the time the sun should set on this meridian and if set too early they steered one way to bring them back to the course; if it set too late they headed the other way.

"The 70-foot boat had 200 gallons of water and some canned food aboard. The

(Continued on page 4)

Dr. Pyle Appointed Dean Of College Of Commerce

Dr. J. Freeman Pyle, Dean of the College of Business Administration at Marquette University, has been named Dean of the College of Commerce of the University of Maryland, and will take over his duties on September 1, it is announced by President Byrd. Dr. Pyle succeeds Dean W. Mackenzie Stevens, who tendered his resignation last spring to become treasurer of the Western Maryland Dairy.

The new dean is a native of Indiana and is a graduate of the University of Chicago, where he also took his doctorate. He has been successively head of the Department of Economics and Professor of Economics and Marketing, and Dean of the College of Business Administration at Marquette since 1925. Prior to that he was Instructor in Economics and Business Organization in the School of Commerce and Administration of the University of Chicago, and Lecturer in Economics in the School of Commerce of Northwestern University.

Well Known As Author

Dr. Pyle is the author of many books and articles and his book on marketing principles is now in use as a text in many colleges and universities throughout the country. He is preparing a book on marketing management to be published this year, and has conducted a number of marketing research projects in both public and private organizations. In addition to the above, his publications have varied from analysis of various state income tax laws to the determination of location standards of layout for retail concerns, marketing administration and what the consumer thinks of advertising.

The present College of Commerce was organized by Dr. Stevens when he joined the staff of the University in 1937. Since that time the faculty of the college has more than doubled and the student body has become one of the largest of any college in the University. In 1940 the high standard of its scholastic work was officially recognized by an invitation to membership in the American Association of Collegiate Schools of Business, an association which limits its membership to a few of the outstanding business schools of the country.

Changes Planned

According to Dr. Byrd certain changes will be made in the objectives of the college. The name of the college will probably be changed from College of Commerce to College of Business and Public Administration. In addition, a good deal of attention will be given to research in the influence of government on business. Emphasis will be placed on courses designed to fit men and women for positions

Maryland Alumnus Proves One Of War's Sea Heroes

(Continued from page 3)

men caught fish to supplement these rations and cooked in a 5-gallon oil can that had been cut down.

"It was May 10 that they finally sighted land and the next day they saw natives coming out in a small boat with spears. 'They followed us for about 10 miles or two hours,' said Slimmons. 'Then through glasses we saw one smile, so we hove to and let them come up. But we had 45s within reach.'

"They had a stroke of good luck once on their voyage when they sighted a beautiful waterfall ashore just as their water was near exhaustion. 'We all took baths amidst a profusion of wild orchids,' said one of the officers. But their greatest luck came on July 10 when they encountered a vessel in a place that had not been visited by a ship since November. It brought them to Australia."

A graduate of Baltimore Polytechnic, Dorsey matriculated at the University of Maryland in 1929 and graduated three years later with a B.S. in civil engineering. Dean S. S. Steinberg of the College of Engineering rated him as a "better than average student" and aided him in securing a job as senior draftsman with the Pennsylvania Department of Highways.

Later, Dorsey secured a position with the E. I. Dupont Company in Wilmington, Del., as assistant engineer with the construction division.

A member of Sigma Phi Sigma social fraternity, now Sigma Chi, Dorsey received his commission last year and was sent to the Far East in December. His father, Leander Dorsey, and a sister, Miss Marie Dorsey, are now in the Virgin Islands.

Before entering the Navy, Lieutenant Dorsey, who is a native Baltimorean, lived with relatives, Mr. and Mrs. Richard C. Kemp, of the 1700 block Bolton St.

•

Male Students Enroll Under New Military Plan

University of Maryland male students began voluntary enrollment in the Army this summer under the new general plan known as the Enlisted Reserve Corps, similar to the system now maintained by the Navy.

At a general assembly of University men, Colonel Robert E. Wysor, Jr., head of the University's Military Department, pointed out that the purpose of the student enlistment by the Army is to insure for the Army a future source of qualified officer

(Continued on page 7)

Engineering College Leads In Enrollment Increase

The University's College of Engineering led all other engineering schools in the country last year with a 33 percent increase in its freshman enrollment, it was reported by Dean S. S. Steinberg recently in his anual report before the Alumni Board of the College of Engineering.

About 80 percent of the 1942 graduates went into military service immediately and the remainder entered vital war industries, Dean Steinberg disclosed. Salaries offered engineers are better than ever before, the dean declared, and each man in the graduating class had several offers from which to choose.

In April of this year the College of Engineering was able to secure establishment on the campus of the War Department's Civilian Protection School, formerly located at Edgewood Arsenal. The College Park school is one of seven located throughout the country and maintained by the Army to train selected civilian personnel. Students for this school are drawn from as far north as New York, as far west as Illinois and as far south as South Carolina.

During the past year the engineering defense training program under the auspices of the U. S. Office of Education was continued and enlarged, the dean reported. About 2,000 men and women completed these courses and were awarded certificates. A new training center to give courses in Industrial Safety Engineering at Aberdeen was recently added to the group of training centers already established throughout the state.

•

Maryland Coeds Assist In University-NYA Drive

Grabbing some of the spotlight away from Tommy Dorsey and his orchestra, three blonde-haired University of Maryland coeds gave a demonstration of war production activities with a power-driven steel lathe, set up in the Capital Theatre lobby, Washington, D. C., on August 13-17.

The demonstration was a part of a drive to secure trainees for the University of Maryland-NYA War Production Training Shop. The trio, Misses Arla G. Guild of Baltimore, Margaret L. Wilson of Towson, and L. June Hastings of Bethesda, were at the theatre daily from noon to 10 p. m.

A set schedule on a war production project which is being handled by the University of Maryland-NYA was maintained by the coeds during their theatre appearance. While working with the lathe the

(Continued on page 7)

With Alumni At Home And Abroad

PROUD PARENTS—Mr. and Mrs. Calvin L. Skinner of Easton, Maryland, are the proud parents of a 7-pound son, C. LeRoy Skinner, Jr., who was born at the Emergency Hospital on June 11. Cal, it will be remembered by his many friends, was graduated from the College of Agriculture in the Class of '38 and is associated with the Tri-State Packers Association in Easton. Mrs. Skinner is the former Eleanor Stevens, Washington College, '37.

o o o

IN PUERTO RICO—Josefina Martinez Cortes, '37, is head of the Department of Science in the Blanche Kellogg Institute, Puerto Rico. Miss Cortes has received considerable recognition for her achievements in the field of science.

o o o

PRESS RELATIONS OFFICER—First Lieutenant Allen V. Minion, '41, recently assumed the duties of Public Relations Officer at Kaye Field, Miss. Minion was called to active duty in the Army Air Corps last summer. His home address is 189 Grafton Avenue, Newark, New Jersey.

o o o

AT ATLANTA—Joseph Mitchell Brennan, '39, is located at the U. S. Naval Aviation Reserve Base at Atlanta, Georgia, where he reported for Naval aviation flight training this spring.

o o o

IN TEXAS—First Lieutenant Louis Littam, '34, of Arlington, Va., has been assigned to duty at Camp Bowie, Texas. He is engaged in research work at the hospital laboratory. Formerly associated with the District of Columbia Department of Health, Lieutenant Littam received his Master's degree from the University of Maryland in 1936. While a student on the campus he was art editor of the *Old Line*.

o o o

RECEIVES COMMISSION—Navigation Cadet John O. Herrmann, '35, son of Mr. and Mrs. Andrew L. Herrmann of Baltimore was recently commissioned a second lieutenant in the Army Air Corps at Turner Field, Albany, Ga.

o o o

MANY ALUMNI—Kathleen Shanahan, '41, reports that she is working for the National Advisory Committee for Aeronautics at Langley Field, Va. She says that she likes her work very much and reports that a number of other alumni are nearby. These are Henry Essex, '39, who is engineer for the Aeronautics Committee; Frank Skotnicki, '40, a lieutenant in the Quartermaster Corps, and George Lewis, Jr., '42, who is also working for the N. A. C. A.

o o o

PROMOTION—Charles Lamburn Cogswell, '36, was recently promoted to the rank of captain in the Marine Reserves and is located at the Marine Base at New River, N. C.

o o o

DEATH—Two graduates of the Class of 1905 of the University of Maryland Dental School passed away within a few weeks of each other last fall. They were Dr. Charles J. Carey of Taunton, Mass., and President of the Class of 1905, and Dr. P. E. Clark of Newport, R. I.

o o o

AVIATION CADET—With his pre-flight training behind him, Aviation Cadet John H. Edyean, '40, of Baltimore, left the Air Corps Replacement Training Center at Kelly Field, Texas, recently to begin flight training. He was a member of the first war-time class to complete the basic military training and ground school instruction at this replacement center.

CIVIL ENGINEER—William H. Eliot, '29, is now a senior civil engineer for the Navy Department and has been assigned to duty in Florida. He will serve as senior civil engineer and principal inspector on a five million dollar air base.

o o o

GETS HIS WINGS—George C. Dugnol[illegible]3 of Riverdale, Md., was recently awarded his wings and commissioned an ensign in the Naval Reserve at the Naval Air Station, Jacksonville, Fla. He was an outstanding member of the golf team while a student of the University.

o o o

ENGINEER—John W. Streett, '33, is an experimental engineer, and his address is Valley Road, Oakland, N. J.

o o o

TECHNOLOGIST—Alfred S. Best, '22, is a technologist for the Bureau of Standards. His home address is 4519 Ridge Street, Chevy Chase, Md.

o o o

ENGINEER—Henry G. Kanoche, '36, is an engineer with the U. S. Government. His address is A. P. O. 845, in care of the Postmaster, New York City.

o o o

SECRETARY—Vivian E. Bow, '40, is secretary to the Personnel Head, U. S. Engineer's Office, Washington, D. C. She is living at 3947 Harrison Street, N.W., Washington, D. C.

o o o

IN CUMBERLAND—Thomas E. McGoury, '38, is located at 412 Fayette Street, Cumberland, Md. He lists his occupation as Chemical Engineer.

o o o

IN MARINE CORPS—L. C. Galbreath, '42, W. H. Schoenhaar, '42, J. C. Bray, '41, are second lieutenants in the Marine Corps, and are located at Quantico, Va.

o o o

IN IRELAND—Lieutenant Howard Randall, '37, recently sent in an attractive postal card of an Irish village scene. He is now located in northern Ireland and says that it is a very beautiful country, but that he surely misses the good old U. S. A. Letters to Lieutenant Randall should be addressed to A. P. O. 34, in care of the Postmaster, New York City.

o o o

WRIGHT FIELD—Vernon McKinstry, '42, says he is located at Wright Field, Ohio, where he has been on active duty for about two months. He says that there are a number of other Maryland boys there with him including George Darnalle, Jerry Hege, Joe Cirkis, Bill Maslin, '39, T. S. Bean, '42, Charles Beamount, '42, and Sidney Buck, '38. McKinstry says that the post is very beautiful with a club, swimming pool, and golf course. His address is 10 West Xenia Drive, Deborn, Ohio.

o o o

FORT BENNING—Lieutenant R. H. Smith, '42, is now located at Fort Benning, Ga., and reports that he is enjoying the work there very much but finds the going plenty tough. He says he finds the military training received at the University of Maryland has given him a good background for the advance work he is now pursuing.

o o o

PROMOTED—William Hartege Fifer, '30, was recently promoted to the position of Senior Electrical Engineer, U. S. Navy Department. He is the son of Mr. and Mrs. William J. Fifer, Jr., of Galesville, Md.

(Continued on page 7)

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Shipley Is In His 20th Year, Faber In His 16th As Members Of Maryland's Coaching Staff

H. Burton Shipley, basket ball and baseball mentor, and Dr. John E. (Jack) Faber, lacrosse coach, who handled Summer diamond and stick combinations, are the veterans of the Maryland staff. Shipley, in his 20th season, and Faber, in his 16th year, have done all right by the Old Liners.

Both are old grads, Shipley in the class of '14 and Faber in '26. Faber, however, kept on to get his M.S. and Ph.D. degrees. He is a bacteriologist but never has been able to kill the athletic germ that infests him.

Faber never has come close to having a losing lacrosse campaign. In the past 15 years, his teams have captured 108 college games, lost 16 and tied one, but have been on the short end of battles with club outfits, principally the powerful Mt. Washington of Baltimore, taking only 6 of 16 contests.

Clean Slates Three Seasons

In the last seven years, when a national collegiate champion has been named, the Old Liners have taken three titles, shared another and were runnersup once. In three of these seasons Faber's squads have had clean slates against college foes — in 1940, 1937 and 1936 — winning a total of 25 games.

That tie game, unusual in lacrosse, was with Navy on a sizzling hot day in 1934; the old rivals agreeing to call it off at 6-all after two extra periods.

Faber has consistently battled the major college teams in lacrosse on his schedules— Army, Navy, Hopkins, Princeton and St. John's, until the latter gave up sports— and that he has averaged only one defeat a season is a tribute to his coaching and that of Al Heagy, his aide.

Has Few Losing Seasons

Shipley, with opposition that collectively is about an even proposition, has a good winning margin in both sports. In the 19 seasons that are history, he has taken 206 basket ball games and lost 145, while on the diamond he has chalked up 184 victories against 152 setbacks and one tie. The deadlock was a 5-5, 10-inning affair with North Carolina State back in 1930.

Both of Shipley's teams have been on the right side of the ledger in 13 of the 19 seasons and in another on the diamond he broke even. His greatest basket ball mark was in 1932 when an outfit, led by All-America Bozie Berger, won 16 games against 3 losses and captured the Southern Conference crown. His baseball squad gained the Conference title in 1936, a season in which it took 14 of 20 games, but has bettered this record in several other campaigns.

Remain On Staff

Shipley and Faber remain as cogs in Clark Shaughnessy's set-up, the former staying in charge of the court and diamond pastimes and the latter continuing with lacrosse in addition to serving as assistant athletic director.

•

Lacrosse Team Makes Sweep Of Four Tilts

Maryland's summer lacrosse team, strictly of national championship caliber, waltzed through its four-game schedule, walloping Penn State, 13-0; Hopkins twice, 8;1 and 8-0, and Navy, 9-2.

It was a finely balanced combination, the vets of the Spring campaign being bolstered by Sophs Howard Smedley, John Ruppersberger and Lloyd Mallonee on defense and Otts Lundvall and Snuffy Smith on attack.

Forbes, goal; Fetters, Keller and Dittmar, defense; Tarbert, Taylor, Ulman, Hoyert and Mondt, midfield, and Grelecki, VandenBerg, Rowny and Mariner on attack, were the vets in action.

VandenBerg led the scoring with 11 goals and Grelecki chalked up 10.

Boothe Decides To Join Grid Squad In Fall

Danny Boothe, Maryland's smooth centerfielder, intends to come out for the football squad in the Fall and he should make Clark Shaughnessy a great end. Boothe, whose fielding, throwing and base running is fully up to major league caliber, also is hitting well.

He stands 6 feet 3 inches, weighs 180 pounds and is an antelope on his feet.

Boothe was a three-letter athlete at Roosevelt High in Washington, being an ace gridder and basketer also, but so far he has found time to play only baseball at Maryland. He is a junior in the College of Engineering.

•

AIR STATION ELEVEN BOOKED

Lakehurst, N. J., Naval Air Station has been scheduled for a football game for October 3 at College Park, taking the place of the contest that was cancelled by Hampden-Sydney. It should be a much better attraction than the Death Valley collegians, whose gridiron outlook is none too bright for 1942.

•

GOLDSTEIN IN SERVICE

Bobby Goldstein, former Virginia ace, who coached the Maryland boxers to a successful 1942 season, has gone into the Army. He has been named a second lieutenant and assigned to Maxwell Field, Ala., where it is expected he will do physical fitness work. His squad won four matches, lost two and tied one in the regular season and then captured the Eastern Intercollegiate crown when invited as a fill-in team.

•

BALL TEAM IS TRAILING

Maryland, with rain halting two games, played only three of the first five tilts of its Summer Baseball League schedule. George Washington was routed, 14-0, but the Old Liners bowed to Georgetown, 0-11, and Navy, 2-10. Play ends on August 22, but it is hoped to play the postponed games.

With Alumni At Home

(Continued from page 5)

GLIDER PILOT—An interesting letter was received recently from Second Lieutenant Ted Vial, '42, who has been transferred from the Chemical Warfare School at Edgewood Arsenal to the Fourteenth Army Air Force Glider Training Detachment at Monticello, Minn. Ted says he likes the Air Corps very much and thinks that flying gliders will be better than lighting smudge pots in rear areas.

o

RECEIVES COMMISSION—Charles Attlin Di Giulin, '23, of Washington, D. C., has been awarded his Navy Wings and received his commission as ensign in the Naval Reserve after completing several months of intensive flight training at the U. S. Naval Air Station, Jacksonville, Fla. He attended Eastern High School at Washington before coming to the University.

o

WITH WESTINGHOUSE—Geruy L. Godwin, '42, of Baltimore, along with 450 other young men, is taking a course in engineering experience and classroom instruction, designed to fit him for active participation in the company's production-for-war program.

o

AT CAMP WALTERS—George Lawrence, '40, is a first lieutenant and is stationed at Camp Walters, Texas.

•

Male Students Enroll Under New Military Plan

(Continued from page 4)

material. The University of Maryland, Colonel Wysor disclosed, has been given a quota of 1,000 vacancies in the new enlisted reserve corps to be filled by Dec. 31.

Students who apply for admission in the new reserve corps and pass the qualifying exams will be permitted to continue their college course on an inactive reserve status. Those who fail to maintain a satisfactory scholastic average or who are deemed by the Army not to have the necessary qualifications to become an officer will be subject to call by their draft boards.

Under the new compulsory ruling recently adopted by the University's Board of Regents, all physically fit men will be given military training, beginning in October. However, this ruling does not make it compulsory for all men to register with the reserve corps. University military authorities say that more than 2,000 students will be in uniform this fall.

Dr. Pyle Appointed Dean Of College Of Commerce

(Continued from page 4)

in the various fields of business and commerce as well as in the rapidly growing field of public administration in relation to business. This latter, University authorities point out, will concern itself with domestic and foreign trade.

•

Leadership Continues

The University of Maryland continues to maintain its leadership in fields related to engineering. Dean Steinberg was appointed during the past year Training Consultant for the War Production Board; re-elected President of the Planning Division of the American Road Builders' Association, and continued as Regional Adviser for defense training for Maryland and the District of Columbia. Dr. John E. Younger, chairman of the Mechanical Engineering Department, was made Permanent Secretary of the Aviation Division of the American Society of Mechanical Engineers.

o

Chappell Commands Marine Barracks In Puerto Rico

Kenneth Baldwin Chappell, '23, Commanding Officer of the Marine Barracks at the U. S. Naval Air Station, San Juan Puerto Rico, has just been promoted to the rank of lieutenant colonel.

A native of Kensington, Maryland, Colonel Chappell was commissioned a second lieutenant in 1922 and entered the U. S. Marine Corps right after being graduated. Taking the Reserve Officers' Training course as an undergraduate, he became an officer in the Cadet Corps in his upperclass years. He rose to first lieutenant while on duty at Guantanamo, Cuba, in 1930 and attained his captaincy in 1935 at Quantico. It was while an instructor at the Marine Basic School in Philadelphia that he was made a major in 1939. He came to Puerto Rico as commanding officer of Marine Barracks about a year ago.

Colonel Chappell's sea duty includes service aboard the U. S. S. Rochester, Milwaukee, Arkansas, New Mexico, and Chester, in the latter case being in command of the Marine detachment from 1936-1938. His wife and their three children are now living in Clearwater, Fla.

Maryland Coeds Assist In University-NYA Drive

(Continued from page 4)

girls donned their regulation beige and brown shop outfits.

Young men and women interested in enrolling for the three to six week course which is given free at the shop, may apply by letter but preferably in person to George J. Kabat, personnel director. The shop courses which are offered in sheet metal work, welding, machine tool and forging, have already qualified many youths for specialized jobs in the airplane, shipbuilding and tooling industries.

The University shop, which is co-sponsored by the NYA, pays the trainees while they are learning a trade and at the same time actually producing war goods. Production orders are sublet to the shop from various war industries which find it difficult to meet schedules without outside help.

The three coeds who participated in the demonstration at the theatre all plan to go into war plants following their graduation. Miss Hastings, who has already done some welding, will take further work in the field of gas and electric welding when she completes her present machine tool course.

As representatives of varied interests at the University, Miss Guild, a 21-year-old senior, is one of the school's outstanding thespians, president of Delta Delta Delta sorority, and is an all-around coed leader; Miss Wilson is an English major, and Miss Hastings, who is studying bacteriology, is journalistically minded, being a member of the student newspaper and yearbook staffs.

•

Bill Sterling Serving As Chemical Economic Expert

Wilbur Frederick (Bill) Sterling, '20, was recently promoted to lieutenant colonel and chief of the chemical section Commodities Branch of the Resources Division Headquarters S. O. S., Washington, D. C. Bill has won quite a reputation as a chemical economic expert, and for a decade he was associated with the United States Tariff Commission and went into the army as a major last year.

In his new position Sterling is responsible for consolidation of the Army requirements and promotion of substitutes and conservation measures for chemicals. He is the War Department representative to the WPB Chemicals Branch and alternate contact officer to the Chemicals Advisory Committee, Army Navy Munitions Board.

COVER PICTURE

The tang of fall is in the air and the crash of football players soon will be heard on college playing fields in every section of the nation. As American as hot dogs and mustard, football is as much a part of the autumn season as cornshocks and pumpkins or the brilliantly hued foliage of the countryside.

University of Maryland Alumni, students and faculty are eagerly looking forward to the current football season and have great hopes that the Shaughnessy trained team is going to make football history at College Park. All who have watched the squad working under Mr. Shaughnessy have been thrilled at the fine spirit shown by each member and the snap and precision of the entire group.

Just to get you in the right spirit we show a fine "action" shot on the cover of this issue of the News. This picture was taken during an exciting moment in the Washington and Lee game last Fall which Maryland won, 6 to 0.

NEURO-PSYCHIATRIC INSTITUTE OFFERS OPPORTUNITY TO COLLEGE STUDENTS

Staff appointments are now being made to men and women college graduates and undergraduates. Interesting positions available in a medical and educational environment for those who may plan eventually to enter a profession or business where applied psychology plays an important role. An excellent opportunity to learn in a practical way some of the fundamentals of personality and behavior and thus to acquire a better understanding of oneself as well as others. For detailed information, write to the

General Director of Nursing,
Neuro-Psychiatric Institute,
200 Retreat Avenue,
Hartford, Conn.

R. O. T. C. Unit At University Ranks Among Best Trained In Nation

PROGRAM IS PREPARING CADETS TO MEET RIGORS OF MODERN WAR

If Colonel Robert Wysor, Jr., head of the University of Maryland Military Department, has any voice in the matter every R. O. T. C. cadet who graduates from the University for the duration will be as fully equipped to meet the rigors of modern war as it is humanly possible to make him.

Only through the medium of actual experience do men become thoroughly versed in the art of modern warfare is Colonel Wysor's opinion. And, since 1940, when he became head of the department, one of his chief aims has been to give his cadets a practical training program that will prepare them for the demands of war-time duty. Evidence that this belief has borne fruit is brought out by the fact that the colonel has a desk drawer of letters from recent R. O. T. C. graduates all saying, in one way or another, this statement: "We are getting along fine in the army because we seem to have had more practical training than have most college men."

More Instruction

Since September, 1941, although War Department regulations require only 155 hours of work per two-semester year for advanced R. O. T. C. students, University of Maryland cadets have been receiving 330 hours of work, more than double the minimum requirement. During this past summer, advanced students have participated in a very active out-door program which, Colonel Wysor declares, will make them "the best trained men, physically and professionaly, that have ever received commissions under me."

Immediatey, in his first semester, every cadet is taught how to handle a forty-five automatic, the Browning automatic rifle, a machine gun and trench mortars. Thus, if the student is unable to complete either a basic or advanced course, he is already familiar with the most important army weapons.

Take Long Marches

Captain Ralph I. Williams has been in charge of the intensive senior R. O. T. C. Summer program. The 70-odd seniors who will receive their commissions in February took several hikes during July and August. The first march was to nearby Greenbelt, about five miles, where, at night the seniors were given a compass problem to work out over the toughest terrain and in the thick woods. So thick was the underbrush that the cadets, who worked in pairs, were forced to crawl nearly two miles on their stomachs through the darkness.

Some of the students didn't prove too adept at compass work and took quite some time. By 3:30 a. m. all but four of the men had completed their problems. A lookout was posted and the men began beating the bushes for the missing members. Finally, as dawn was streaking across the skies, the last two crews came in. Their explanation was that they had been "working cautiously" and that when they heard the rest of the men yelling for them, they had thought it was a trick "to lead them off their course."

The Junior officers made a 20-mile hike one night late in July to a point near Laurel. Captain Edward F. Quinn is in charge of the Junior officers' training program.

Obstacle Course

One of the features of the University's military program has been an obstacle course patterned after similar set ups at regular army camps. Only the toughest features of the various courses inspected were incorporated in the College Park course and more than one student has had his physical mettle put to a severe test in running the course in the prescribed time. The climax of the obstacle course is a 17-foot broad jump over a six foot deep stream. An alternative to making the 17-foot leap is to jump and swing across the stream on a rope.

A combat range has been cut out of a hillside near the campus and the cadets practice there with the new Garand rifles and machine guns. A bayonet course is also in use, familiarizing students with the use of that instrument.

Recently, Senior R. O. T. C. members made a 26-mile hike into Montgomery County on an over-night trip. As a dawn attack was planned, cadets rolled up for sleep at a fairly early hour but before any had gone to sleep, the camp was fired on and for the rest of the night the entire company was kept on an alert basis. At 2 a. m. sleepy-eyed cadets made preparations for the dawn attack on a point three miles away. Following breakfast, many problems were carried out and during the entire trip, members of the newly organized R. O. T. C. Signal Corps unit maintained constant communication with headquarters at College Park by radio.

(Continued on page 4)

The picture on the left shows cadets returning from one of the long marches which are used in the military program to prepare the students for modern-day war. The lower picture shows just one of the "obstacles" in the obstacle course.

R.O.T.C. Unit At University

(Continued from page 3)

Have Signal Corps

Lieutenants James R. Pinkerton and James V. Barker are in charge of the fully-equipped Signal Corps unit which now includes about 25 men. The Signal Corps men are taught the Morse Code, how to set up telephone and radio communications in the field, and lay lines during the day or night.

In addition to the military classes, three hours per week are spent in mass calisthenics. Cadets get about 20 hours of boxing, in addition to tumbling, track, basket ball, soccer and football, and gym workouts. In October, each company will organize contact football teams which will play regular schedules.

The physical side of the military program has been so successful that Head Coach Clark Shaughnessy was able to eliminate some of the preliminary football training this fall.

Another practical side to the University program has been the utilization of cadets as 24-hour guards for important buildings on the campus. Senior R. O. T. C. officers act as officers of the day and officers of the guard while the Juniors act as corporals. By the end of the current semester, every R. O. T. C. cadet will have served some time on guard duty.

The 500 members of the R. O. T. C. battalion got a real taste of "Judo" tactics this month when the famed Major Francois D'Eliscu, now directing the Combat and Ranger School for the 76th Division at Fort Meade, visited the campus for a day. Most of the students admit they couldn't begin to keep up the pace which the 47-year-old "Commando" instructor set as he taught individual classes throughout the day. Running, riding piggy-back, crawling on their stomachs, wrestling, and blocking were on the list of personal combat tactics demonstrated by Major D'Eliscu. He also gave exhibitions in disarming men holding bayonets and revolvers.

•

A VISITOR—Lieutenant J. David Leonard, '42, who recently finished his officers' training at Fort Knox, Kentucky, spent several days visiting his parents, Mr. and Mrs. Fred J. Leonard of Bethesda before going to Fort Benning, Georgia, to report for duty. Before joining the armed forces he was associated with the Home Loan Corporation in Washington. He is now on maneuvers "somewhere in the South." His many friends in Bethesda and Chevy Chase will be pleased to know of his recent promotion in rank.

Governor O'Conor Assists In Victory Bull Campaign

Governor Herbert R. O'Conor, of Maryland, was a recent visitor to the University of Maryland campus, at which time he presented a pure bred Jersey bull to each of 16 Maryland farmers. The animals were donated by Jersey breeders of the State as their part in a nation-wide Victory Bull Campaign sponsored by the American Jersey Cattle Club. F. Henry Jones, owner of Ayrlawn Farms, Bethesda, Md., is president of the Maryland Jersey Cattle Club and was in charge of arrangements.

In making the presentation Governor O'Conor stated that 27 other Governors had taken part in similar events in their respective States. He said that "Dairymen and farmers are going to have an increasingly important part in deciding the struggle in which we are engaged, as food, especially fats, will become a vital factor." Declaring that nothing matters now so much as victory, he urged all to pull together as Marylanders to play our full part.

Dr. Kenneth L. Turk, head of the University of Maryland Dairy Department, also addressed the group, which numbered approximately 100.

Harry Boswell Stationed At Army Field In Texas

Lieutenant Harry A. Boswell, Jr., son of Mr. and Mrs. Harry A. Boswell, of Hyattsville, Md., is now on duty in the administrative branch of the U. S. Army Air Corps at Duncan Field, San Antonio, Texas. He received his commission upon graduation from the University last May and began his army career at Fort Myer, Va., on June 16. After serving there for a week he was assigned to Duncan Field.

Lieutenant Boswell made an outstanding record as a student at the University. Scholastically he stood in second place in the College of Commerce in his senior year. He served as vice-president, treasurer, and director of the University's Collegiate Chamber of Commerce. He also served as a lieutenant in the R. O. T. C. and was president of Phi Eta Sigma, freshman honor society.

A member of Omicron Delta Kappa, men's honorary fraternity, Boswell was one of those who presented Lord Halifax, British Ambassador to this country, when that diplomat was tapped at the University last spring. Boswell is a member of Pi Delta Epsilon, Beta Gamma Sigma, and Sigma Chi.

Two more of the obstacles which cadets must encounter in their training to be a modern-day soldier. The obstacle race at the University is patterned along the lines of those in use at U. S. Army camps, and is said to be one of the toughest in the country.

With Alumni At Home And Abroad

COMMISSIONED—Milton T. Goedeke, '41, son of Mrs. Eva M. Goedeke of Baltimore was recently commissioned a second lieutenant in the Army Air Force at Turner Field, Albany, Georgia. Turner Field, an advanced flying school, is one of a group of air bases which composes the Southeast Army Air Force Training Center. It is here that Aviation Cadets, both pilots and navigators, are sent for their final phase of training before receiving their wings and commissions.

o o o

OPTOMETRIST—G. William Seabold, '38, is a practicing optometrist in the Fidelity Building, Baltimore. Following graduation from the University of Maryland he studied at the Pennsylvania State College of Optometry in Philadelphia, from which he received his doctor's degree in 1941.

o o o

IN ABERDEEN—Lieutenant Howard E. Bixby, '33, writes that he is now stationed at Aberdeen, Md. Before coming to Maryland he was associated with the Nebraska State Highway Department for seven years. Bixby is married to the former Lois M. Scarbrogh of Bridgeport, Nebraska. The couple are the proud parents of a baby girl, Carol Margaret, born August 15.

o o o

CAMP POLK—First Lieutenant Donald Krulewitz, '35, has been assigned to the Eleventh Armored Division at Camp Polk, Louisiana. Lieutenant Krulewitz attended the University of Alabama before coming to the University of Maryland. He is the son of Mr. and Mrs. Abraham Krulewitz of Passaic, N. J.

o o o

IN TRAINING—William Boyd Buckman, '42, of Washington, D. C., recently enlisted as a hospital apprentice, second class, and is in training at the U. S. Naval Training Station, Great Lakes, Illinois. While in recruit training, Buckman will undergo an intensive course in the fundamentals of seamanship and naval procedure. He will receive actual training on board ship on Lake Michigan.

o o o

AVIATION CADET—Dwight R. Galt, Jr., '42, of Hyattsville, according to all reports, is getting along fine in his flight training course at the Naval Air Station, Pensacola, Florida. He successfully passed the elimination training course at the Naval Reserves Aviation Base at Anacostia, D. C. Upon completion of the intensive course at Pensacola, "the Annapolis of the air," Cadet Galt will receive a commission as an Ensign in Naval Reserve.

o o o

PRE-FLIGHT SCHOOL—Jerry Prentice, '42, who was president of last year's senior class, editor-in-chief of the 1942 Terra*pin*, and an active thespian on the campus, is stationed at Maxwell Field as tactical officer in the pre-flight school. He says that his work is very similar to that which he carried on at R. O. T. C. Camp, and when he's not supervising cadet drill, there is an attractive golf course and a beautiful swimming pool to wile away the time. Jerry said that George Pendleton, '42, managing editor of the *Terrapin*, is also located at Maxwell Field and plans to take pilot training.

o o o

CIVIL ENGINEER—J. S. Davidson, Jr., '28, is now stationed at Cumberland as general superintendent in charge of construction of a new $5,000,000 ordnance plant. "Slats" says that he likes his work and is nicely located with his family in Cumberland.

AT JEFFERSON BARRACKS—Captain John F. Christhilf, '36, a graduate of the College of Engineering, has assumed the duties of commanding officer of the 27th school squadron at the Army Air Force Basic Training Center, Jefferson Barracks, Missouri. At the University Christhilf was enrolled in the R. O. T. C. and was commissioned a second lieutenant upon graduation. Captain Christhilf has been associated with the historic Jefferson Barracks during his entire military career, and has become an authority on plans and training. He is married and resides near the post.

o o o

BACKFIELD PROSPECTS — A recent release from Keesler Field, Mississippi, stated that "several excellent backfield prospects are on the roster for the coming football season. Among these are Sergeant Pershing Mondorff, one of Keesler's greatest all-round athletes who was a four letter man at the University of Maryland."

o o o

ABROAD—Latest reports from Mike Lombardo, '37, state that he is located with the Marine Coprs somewhere "over there." We are also glad to announce the arrival of a son in Mike's family this summer.

o o o

AVIATOR—Donald J. Ludwig is now an Ensign in the Naval Air Corps. Ensign Ludwig, who is from Washington, D. C., received his preliminary flight training at the Naval Reserve Aviation Base, Anacostia. He received his wings as a naval aviator at the U. S. Naval Air Station, Pensacola, Fla.

o o o

AT FORT BENNING—Orville C. Shirey, '42, of Cumberland, who was commissioned a second lieutenant upon graduation is now stationed at Fort Benning, Ga. Orville, in addition to his many other jobs on the campus, produced some of the most original copy ever to appear in the Maryland Yearbook.

o o o

TANK DESTROYER UNIT—Bob Walton, '38, former football center, is stationed at Temple, Texas, in a tank destroyer unit. Bob is married and has one child, a little girl.

o o o

PARATROOPERS—Jim Mead, '37, and Bob Beall, '36, are now full-fledged paratroopers, having recently completed training in the paratroopers' school at Fort Benning, Ga. Mead, it will be remembered, was one of Maryland's outstanding football stars a few years ago, and was a member of the Washington Redskins, professional football team, before entering the army.

o o o

SUPERVISOR—Miss Isabel Butler, '41, daughter of Mr. and Mrs. O. R. Butler, Edmonston, Md., was appointed supervisor of the Recreational Center at the Cottage City Elementary School this summer.

o o o

APPOINTMENT—S. Marvin Peach, '00, of Hyattsville, was chosen a member of the executive council of the Seventh Judicial Circuit of the Maryland Bar Association at its recent annual convention in Atlantic City.

o o o

MARRIED—Fredicka I. Waldman, '39, daughter of Mr. and Mrs. Ferdinand D. Waldman of Washington, D. C., was married recently to Captain Ferrill, U. S. Marine Corps. The couple are making their home at Camp Eliot, San Diego, Calif.

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Old Coaches Stay On Job; Manders, Halas Added

Clark Shaughnessy has expanded Maryland's coaching staff without molesting those on the job when he came to College Park. Al Heagy and Al Woods will continue as aides. Jack Faber also would have helped had he not gone into the service (as told elsewhere), but Jack Manders and Walter Halas are two notable additions.

Manders, Minnesota fullback celebrity and for nine years a member of the famous pro Chicago Bears, is better known, but Halas is older and more experienced. Both are fitting effectively and agreeably into the Maryland picture.

Manders went with the Chicago Bears just after graduating in 1933, starring as a back for eight years, during which time he set many scoring records, and last fall served as assistant coach.

Native Of South Dakota

He was born in Milbank, South Dakota, on January 13, 1909, and went to Minnesota after playing four years of prep football. He was outstanding for the Gopher varsity for three seasons while earning his degree in physical education. He is a strapping fellow, standing slightly over 6 feet and scaling a few pounds over 200. Manders is married and has two children.

His skill in kicking field goals and points after touchdowns earned him the nickname of "Automatic Jack," his boots adding greatly to his fame and giving him a number of league records, although he also was highly effective as a ball toter and defensive back.

His lifetime record for the pros include 368 points, 40 field goals, 134 points after touchdowns, 72 consecutive points after touchdowns, 31 points after touchdowns in one season, tied for top honors with five points after touchdowns in one game, 10 field goals in one campaign and 79 points in one year.

JACK FABER

Halas An Illinois Product

Halas, who was graduated from Illinois in 1916, for the past 15 years has been grid mentor at Drexel Institute in Philadelphia. He's only a little fellow but was a three-letter athlete while at Illinois.

He helped Knute Rockne at Notre Dame and was at Mount St. Mary's of Maryland for a brief time before going to Drexel.

Halas will handle the freshman squad where it is vitally important to have an experienced mentor. He knows all about the T.

Shipley Is Veteran Tutor

Burton Shipley, of course, remains as head coach of basket ball and baseball, in which capacities he has served since the 1923-24 term.

Shipley also will coach the Commandos, the lightweight football squad that will play at least two games. They were not to report until September 21.

Faber's Loss Is Keenly Felt In Two Ways

Dr. Jack Faber, who has gone into the U. S. Sanitary Corps as a captain, will be greatly missed at Maryland in an athletic way and as a bacteriology professor. He was to handle the business end of athletics and continue as head mentor of lacrosse, and both of these jobs will be hard to fill.

Al Heagy, Faber's lacrosse aid for years, is a highly capable stick mentor, but his duties on the football coaching staff would make it difficult for him to do both in the Spring.

Highly Rated Scientist

Despite his prominence in athletics, Faber's main position was assistant professor of bacteriology and he is highly rated in that field.

Faber made his start at Maryland in basket ball in the 1923-24 seasons and starred on this sport for three years. He still is rated as all-time Maryland basketer. He also was a topnotch lacrosse player and played fooball as a reserve.

Faber got his first coaching experience in 1927 when he was captain of the lacrosse team. He took over the task as well as continuing to play when Prof. R. V. Truitt, the head coach, was taken ill. He assumed the head coaching job of the stickmen the next spring and doubtless has the best record of any lacrosse mentor in the country. Since the national title has been in the past seven years recognized by the awarding of the Wingate Trophy, Faber's teams have won three times, tied once and was runner-up another year.

Always Active In Sports

Ever since graduating, Faber has done some kind of other coaching, with football or helping in basket ball. He headed the varsity grid staff in 1933, 1934 and 1935 and again in 1940 1941 and was first assistant in intervening years.

Faber got all his three degrees from Maryland, his B.S. in 1926, his M.S. in 1927 and his Ph.D. in 1937.

Marked Progress Shown By Large Grid Squad

Maryland's football squad, led by the keen-minded and hard-working Clark Shaughnessy, rapidly is advancing 'T'-ward to the opening game of the season with the University of Connecticut at College Park on September 26.

Duke, V. M. I. and the Georgia Naval Pre-Flight School are the toughest nuts on the schedule and the last named appears above any college outfit with an array of professional and collegiate stars.

Must Overcome Handicaps

Despite practice sessions being cut to one a day by school being in session, with a couple of exceptions of Saturdays and Labor Day, the Old Liners are making marked progress with an attack that should bring thrills if not always victory.

Shaughnessy gets his boys on Tuesday and Thursday, too, in pretty tired condition from two hours of strenuous military work.

Five teams and some extras are drilling but practically all the first squad talent is embraced in two elevens, the Reds and Whites.

First Two Outfits

They have been lining up as follows:

REDS — Bob James and Jack Gilmore, ends; Jack Dittmar and Reggie Vincent, tackles; Eddie Chovanes and Luther Conrad, guards; Paul Flick, center; Tom Mont, quarterback; Elmer Rigby and Jack Mier, halfbacks; Jack Wright, fullback.

This is a complete letterman outfit, with the exception of Flick, who is a 6-foot 3, 200-pound soph.

WHITES — Jack Hufman and Marshall Brandt, ends; Oscar DuBois and Howard Smedley, tackles; Herb Gunther and Bill Byrd, guards; George Jarmoska, center; Jack Brenner, quarterback; George Barnes and Hubey Werner, halfbacks; Bill Helbock, fullback.

Jarmoska, who was regular center last year, Brenner and Barnes are lettermen.

LEADING TALENT ON GRID SQUAD

Name	Pos.	Age	Wt.	Ht.	Yrs. on Squad	High School	Home

* 1941 Lettermen. x 1940 Lettermen.

Maryland lost nine highly valuable lettermen from the 1941 eleven, seven completing their careers and two going into the service. Ralph Burlin, tackle; John Morton and Frank Heyer, guards; Jim Wharton, center, and Mearle DuVall, John Cordyack and Bernie Ulman, backs, finished their playing days last fall. Duke Alexander, end, and Hal Berry, guard, went into Marines.

Burlin, Maryland's best tackle in years; Alexander, DuVall and Cordyack were all-State selections. Alexander was called the best soph lineman of the season in the State.

Frosh Squad Will Play Five Gridiron Games

Maryland's freshman eleven will play five games, all with yearlings of other schools. Two will be at home and three away, as follows:

October 16—V. M. I. frosh; 23—Western Maryland frosh; 30—Delaware frosh at Newark.

November 6—Washington and Lee frosh at Lexington; 21—Navy Plebes at Annapolis.

•

Goldstein In Service

Bobby Goldstein, former Southern Intercollegiate boxing champion and coach of last year's Maryland ring team, has become a second lieutenant in the Army Air Corps.

FOOTBALL SCHEDULE

Sept. 26—Univer. of Connecticut, College Park.
Oct. 3—U. S. Naval Air Station of Lakehurst, N. J., College Park.
Oct. 10—Rutgers Univer., Baltimore Stadium.
Oct. 17—Va. Military Institute, Lexington.
Oct. 24—Western Maryland College, Baltimore Stadium. (Western Maryland's Game.)
Oct. 31—University of Florida, Griffith Stadium, Washington.
Nov. 7—Duke University at Durham.
Nov. 14—Univer. of Virginia, Charlottesville.
Nov. 21—Georgia Navy Pre-Flight School, Athens.
Nov. 28—Washington and Lee University, College Park (Homecoming).

(All Maryland's home games — Connecticut, Lakehurst, Rutgers, Florida and Washington and Lee — will start at 2:30 and all reserved seats will be $1.65.)

SHAUGHNESSY IS AN AUTHOR

Football for Morale, an article by Clark Shaughnessy, appeared in the August issue of *Esquire*. It gave the slant he has on football as preparation for war and his estimation of the 'T' system as the ideal method of teaching boys to be quick thinkers and doers.

PRINCESS MARY WHITE

SHE'S just seven years old, she lives at 514 Plum Street, her father is plain Bill White. Most people notice her pigtails and her blue eyes, but they never guess they're in the presence of royalty.

But we know!

Maybe that's because we know more about her kingdom—the kingdom she'll be queen of one day—than these people. It's no ordinary kingdom, this—it combines the best features of all the fairy stories you ever read rolled into one. Instead of an ordinary marble palace, she'll have a real home made of inexpensive materials that you haven't even heard of yet, flooded with sunlight, and opening on the whole outdoors.

Instead of a pumpkin coach, she'll drive a car such as you have never dreamed of, and fly a plane as readily as you would drive a car. Plastic shoes will be her glass slippers. And her servants will all be electric, for electricity, in modern electric appliances for cooking, heating, cooling, and cleaning, is just about the best servant man has ever had.

Where is this fairyland? It's right here in America, tomorrow!

But how can we be sure that this is not just another fairy tale? Because American industry has already made enough discoveries and developments to reveal to us the shape of things to come. New materials like plastics, new developments like television, new sciences like electronics, assure us of this—and promise even more.

Today's job is fighting for that better world. But when tomorrow comes, American industry, once again busy producing things to make living better, will help to make tomorrow's young men and women more truly princes and princesses than the heroes of yesterday's fairy tales. *General Electric Company, Schenectady, N. Y.*

☆ ☆ ☆

The volume of General Electric war production is so high and the degree of secrecy required is so great that we cannot tell you about it now. When it can be told we believe that the story of industry's developments during the war years will make one of the most fascinating chapters in the history of industrial progress.

COVER PICTURE

Our cover picture this month will bring back many happy memories for the more recent graduates of the Old Line Institution. It shows the front steps of the new Library Building at College Park, which has ever been a popular meeting place for students and faculty.

Removal of administrative and financial offices from this building has greatly increased the space available for reading rooms, offices of the library staff, and class rooms.

The library now houses more than 100,000 volumes and it is no exaggeration to say that it is now one of the most complete and fastest growing college libraries in the South.

•

Maryland WAVES

Thus far the Alumni News has heard of two Maryland graduates who have become members of the Women's Auxiliary of the Navy (the WAVES). These are Frances J. Maisch, '27, and Mary Elizabeth Curran, '37.

Miss Maisch began her training at the Officers' Training School at Smith College on August 28, and Miss Curran reported to the same school on October 1. Miss Maisch is the daughter of Dr. Augustus C. Maisch of Hagerstown and is the first Washington County girl to receive a commission as Lieutenant in the WAVES. She received her Master's degree from Syracuse University. Miss Curran taught for a year at the Hughsville High School in Charles County, after which she held a responsible position with the Navy Department for two years.

•

Alumni Attend Meeting Of Chemical Society

A number of University of Maryland Alumni attended a get-together luncheon of the American Chemical Society in the Hotel Statler, Buffalo, New York, on September 8.

Marylanders present included W. H. Baldwin, '42; J. Frank Barton, '24; Giles B. Cook, '29; Carl M. Conrad, '21; F. R.

(Continued on page 4, col. 2)

Many New Courses Offered With Opening Of Fall Term

Returning Students Find War Subjects Emphasized

Maryland students returning to the University this Fall found that many new courses had been added to the curriculum and that much of the content of the old courses had been given a "war-time emphasis."

War Is Topic

One of the new courses being offered this fall will be "Psychological Problems of the War Situation." According to Dr. Weston R. Clark, Acting Head of the Psychology Department, this course will critically examine and present the various psychological problems which result from the feelings and reactions of a people during war time. The effect of propaganda upon a nation in changing its attitude towards another country will be studied extensively.

An advanced class in psychology will make a study of the subject "Psychology of a Child in Modern War." Just what the effect of blackouts and bombings will be upon children separated from their parents for long periods of time will be studied and investigated. This same class will also study the attitudes and impressions that are being gained by pre-school children whose parents are employed in war industries and who are left at home without any type of adult supervision.

Studies In Personnel

Another course in "Personnel", in addition to dealing with psychological problems involved in the management of personnel in modern industry and business, will study the methods and techniques by which the armed services classify men for various branches, according to their abilities and previous jobs. It will also study the importance of morale in securing the maximum efficiency from new men in the service.

A graduate seminar will deal with the psychology of morale in war time, with particular emphasis on civilian problems. Much of the content of other psychology courses have been changed to meet new war conditions and problems.

In the Department of Modern Languages a number of new languages have been added because of their importance in the present world conflict. These include Russian, Chinese and Portuguese, according to Dr. Adolf Zucker, Chairman of the Department. Dr. Albert B. Franklin, newly appointed Associate Professor in the Department, who has spent much time in South America, will conduct the class in Portuguese. He will also teach courses in South American Literature and Culture.

Chinese Will Be Taught

The Mandarin dialect, which is the official tongue of China, will be taught to students who are particularly interested in the Far East. In addition, the language department will emphasize the importance of Spanish, while continuing to teach German, French, Italian, Greek and Latin.

The Political Science Department of the University has also set up a number of new courses. One course will seek to analyze problems connected with the national war program and their impact upon state and local governments. Special emphasis will be placed upon war financing, political leadership, control of public opinion, maintenance of morale, government policy toward business, labor, agriculture, and the effect of a war economy upon future democratic processes.

Another course, "Civilian Military Relations in the United States," will include a survey of the legal rights and duties of a state under international law and the position of neutral and non-belligerent nations. The class will also give consideration to the legal position of the citizen in relation to the military during war time, the status of enemy aliens, and of domestic and alien enemy property, martial law and military law.

Elementary Teacher Training

In the College of Education, Dr. Douglas E. Lawson, newly appointed Associate Professor of Education, will offer the first courses for training elementary school teachers ever to be given by the University. Prior to this fall, only the three normal schools at Towson, Salisbury and Frostburg had facilities for such instruction. In addition, the University of Maryland will continue to offer courses for high school teachers.

Alumni Attend Meeting Of Chemical Society

(Continued from page 3, col. 3)

Darkis, '22; Gordon F. Dittmar, '27, W. L. Faith, '28; Charles M. Gambrill, '24; Walter C. Gakinheimer, '38; Catherine P. Gakinheimer, '39; Mildred W. Grafflin, '24; William A. Horne, '34; Frank L. Howard, '34; R. W. Ockershausen, '35; Justin D. Paddleford, '37; Ruth E. Parker, '36; S. A. Shrader, '35 and Charles E. White, '23.

Maryland Alumnus Tells Of Interesting Army Job

J. Newton Cox, '40, writes that he is now located at Camp Croft, South Carolina, at an infantry replacement center. His particular job, or perhaps we should say jobs, is morale officer, recreation officer and athletic officer, all rolled into one. Cox is in charge of the athletics, recreation and morale of about 1500 men, and he says that it is just the job that he has always wanted. He has been instrumental in forming boxing, baseball, softball, volleyball, horseshoe and swimming teams.

Before going to Camp Croft Cox was located at one of the eastern camps where he was instructor in "pioneering." Pioneering, he says, is very much like commando training and includes instruction in barbed wire entanglements, demolition of bridges, construction of field fortifications, etc.

Cox says that he is very grateful for the training he received in athletics and engineering at the University of Maryland. He points out that this experience has greatly assisted him in coaching the various teams that now come under his supervision.

•

Doug Steinberg Makes Good Record In Army

Douglas Steinberg, '40, a graduate of the College of Commerce, has been making a splendid record since leaving the University, and only recently was commissioned a second lieutenant at the graduation exercises of the Chemical Warfare Service Officer Candidate School at Edgewood Arsenal, Maryland.

Prior to enlisting in the Army as a Private in 1941, Doug was assistant traffic manager for the Newport News Shipbuilding and Drydock Company. Following enlistment he rose through every enlisted grade to the highest, that of Master Sergeant, all in sixteen months.

Doug took an active part in his college life and was president of Sigma Phi Sigma, now Sigma Chi fraternity. He was also business manager of the *Diamondback* and a member of Omicron Delta Kappa and Phi Delta Epsilon, as well as a member of the Yearbook staff.

Doug is the son of Dean S. S. Steinberg of the University College of Engineering.

•

CORRECTION

Correction, please. In the August issue of the News we stated that L. C. Galbreath, '42; W. H. Schoenhaar, '42 and J. C. Bray, '41 are second lieutenants in the Marine Corps and are located in Quantico, Virginia. This should have read lieutenants in the Quartermaster Corps, Fort Warren, Wyoming. Our faces are still pink.

WITH MARINES—Charles Cogswell, '36, is a major in the Marine Corps and is stationed somewhere in the Solomons.

o o o

PARATROOPER—Thomas M. Fields, '42, is now a full-fledged Marine paratrooper with headquarters at New River, North Carolina.

o o o

NAVY PILOT—Samuel L. Silber, '34, is a lieutenant and pilot in the Navy and is located in the vicinity of Virginia Beach.

o o o

QUANTICO—Vernon "Whitey" Miller, '42, entered officer's training school at Quantico, Virginia, late in August.

o o o

IN ENGLAND—John R. Mitchell, '33, and Colonel Willis, '31, are located with the American forces somewhere in England.

o o o

PROMOTED—Glenn M. Sturgis, '17, of Hyattsville, was recently promoted from lieutenant-colonel to the rank of colonel in the Marine Corps.

o o o

IN OKLAHOMA—Marguerite Stevenson Vorkoeper, '39, recently moved to Bartlesville, Oklahoma, where her husband is an engineer with Phillips' Petroleum Company.

BIRTH—Congratulations to Mr. and Mrs. Charles Roeder Grant on the arrival of a son, Charles Ridgely Grant. Mrs. Grant is the former Tempe Curry, '40, a Maryland beauty queen of 1938.

o o o

GREAT LAKES—John W. Chaney, Jr., '41, who recently enlisted in the United States Naval Reserve as a hospital apprentice, first class, is now undergoing a period of recruit training at the U. S. Naval Training Station at Great Lakes, Illinois.

o o o

MARRIED—Second Lieutenant A. Howard Valentine, '42, was married on August 22 to Miss Margaret Ann Robinson of Dundalk, Maryland. The couple are residing temporarily at Macon, Georgia, where Lieutenant Valentine is attached to the 38th Adjutant General's Department at Camp Wellston. Lieutenant Valentine recently returned from Middletown, Pennsylvania, where he completed specialized training.

o o o

DRAFTSMAN—Herman P. Reiss, '28, is located in Washington, D. C., and is in business for himself as a draftsman and estimator. His address is 1819 Q Street N.W.

o o o

MARRIED—Lieutenant Neal Dow, Jr., who was a student in the College of Engineering of the University for two years and a lieutenant in the R. O. T. C., was married recently to Miss Elizabeth Elkins of Washington, D. C. The couple were married in the post chapel at Fort Benning, Ga., where the bridegroom is now stationed.

o o o

ENGAGED—Mr. and Mrs. George W. Bryan, of Chevy Chase, Md., announce the engagement of their daughter, Helen May Bryan, to Lieutenant Turner G. Timberlake, '41, of Magnolia, Md. Miss Bryan attended the University for several years and then studied art at the Stuart School of Costume Design and Illustration. Timberlake, in addition to belonging to a number of honorary groups, was editor of the *M Book* and sports editor of the *Diamondback*.

o o o

OSTEOPATH—Dr. Lawrence Ray Bower, '35, is an osteopathic physician with offices in Washington, D. C. Bower graduated from the University with a B.S. degree in the College of Agriculture and took his osteopathic training in the Philadelphia School of Osteopathy. He has one daughter, Linda Gail, born last May 31. His address is 1246 Monroe Street, N.E.

o o o

CAMP POLK—Second Lieutenant William P. Cole, '40, has been promoted to the rank of first lieutenant according to a recent announcement from the Seventh Armored Division. Lieutenant Cole was assigned to Train Headquarters Company in June after he received his commission from Fort Knox, Kentucky. He served with a field artillery unit at Fort Meade before attending the Armored Force Officer Candidate School.

o o o

AT CAMP CHAFFEE—Second Lieutenant H. W. Berger, Jr., '37, says that quite a number of Maryland graduates are stationed with him in the Sixth Armored Division, Camp Chaffee, Arkansas. These men are Lieutenant-Colonel Raymond Stone, Jr., '19; Captain G. Graham Dennis, '35; First Lieutenant Emanuel Sprei, '34; First Lieutenant Raymond G. Graeves, Jr., '37; First Lieutenant Hugh H. Johnson, '38 and Private George Powell, Jr., '33.

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Old Liners Face Hurdle After Three Victories

Maryland's football, which took its first three games in impressive fashion, was about to plunge into its first big test of the season when this was written.

This tremendous hurdle was V. M. I., which was to be met in the first Southern Conference game under Clark Shaughnessy, and the Cadets rated about even favorites with Duke to carry off the loop title.

It was a crucial game in more ways than one, as the teams in their long series, which was begun back in 1906, stand all even. Each has won nine times with a pair being deadlocks.

Mont Good General

Maryland, with Tommy Mont doing ace work as a general and passer, got one scare in its first three games. Connecticut and Lakehurst Naval Air Station were taken handily, 34-0 and 14-0, respectively in tilts at College Park, but Rutgers proved a stubborn foe for the first half in a clash decided in the Baltimore Stadium.

In fact, Rutgers, through a brilliant run-back of the opening kick-off for 97 yards by Hal Connors, got seven points that kept the Maryland rooters jittery for a time.

However, Shaughnessy got hold of his boys between the halves, got them straightened out of some technical matters and helped them regain their poise, and they went to town right after the start of the second half, scoring three touchdowns in the third period and finally winning, 27-7.

Short Of Reserves

Despite the fine start, Shaughnessy is having trouble finding the needed line reserves and this may cause trouble when some team with superior second-string strength is battled. This appeared to be the case in the game with V. M. I.

Maryland has three more games in which the "home" fans can take a peek at the flashy "T" stuff. Western Maryland will be met in Baltimore on October 24 in a game in which the Terrors are hosts, Florida will be played in Griffith Stadium in Washington the following week, and homecoming will be celebrated when Washington and Lee is engaged in the season's final at College Park on November 28.

Leading Performers

Maryland has been starting its first team as follows:

Bob James, left end; Jack Dittmar, left tackle; Eddie Chovanes, left guard; Paul Flick, center; George Jarmoska, right guard; Luther Conrad, right tackle; Jack Gilmore, right end; Tommy Mont, quarter; Jack Mier, left half; Hubey Werner, right half; Jack Wright, fullback.

All are lettermen except Flick and Werner, who are sophs.

Elmer Rigney, Joe Hoopengardner, George Barnes, Bill Helbock and Andrew Schnebley, backs; Bill Byrd, center; Tony Nardo, guard; Reggy Vincent and Oscar DuBois, tackles; Jack Hufman and Danny Boothe, ends, are the leading reserves.

Rigby, Hoopengardner and Vincent are lettermen. The others are sophs or leftovers from 1941.

•

Home State Grid Stars Shine In Baltimore

Home State gridmen shone brightly as Maryland licked Rutgers in Baltimore on October 10th, 27-13.

Quarterback Tommy Mont of Cumberland and Fullback Jack Wright, Halfback Elmer Rigby, Tackle Jack Dittmar and Guard Tony Nardo, all of Baltimore, gave the homefolks a treat.

Mont and Wright were the big guns but the others played standout football.

Nardo, incidentally, started his first game and, although scaling 175 pounds, fully held his own.

Terrors Oldest Rivals Of Old Line Eleven

Maryland will be playing the oldest rival still on its schedule when it meets Western Maryland in the Baltimore Stadium on October 24.

The Terrors were first met in 1893. This was a year after football relations were begun with Johns Hopkins and St. John's, but the Old Liners do not meet the Blue Jays now and the Johnnies are completely out of athletics.

The Terrors and Old Liners have faced 31 times, with Maryland holding an 18-to-12 edge in victories with one tie, a 6-to-6 game last Fall.

Here are the past scores:

1893—M. A. C...	18;	Western Maryland..	10
1894—M. A. C...	52;	Western Maryland .	0
1896—M. A. C.	16;	Western Maryland..	6
1898—Western Maryland .	32;	M. A. C...	0
1899—Western Maryland..	21;	M. A. C...	0
1901—Western Maryland .	36;	M. A. C...	0
1902—Western Maryland	26;	M. A. C...	0
1903—M. A. C...	6;	Western Maryland .	0
1904—M. A. C..	6;	Western Maryland..	0
1905—Western Maryland .	10;	M. A. C...	0
1910—Western Maryland .	17;	M. A. C...	3
1911—M. A. C...	6;	Western Maryland .	0
1912—M. A. C...	17;	Western Maryland .	7
1913—M. A. C.	46;	Western Maryland .	0
1914—Western Maryland .	20;	M. A. C. .	13
1915—M. A. C...	51;	Western Maryland .	0
1918—Md. State	19;	Western Maryland..	0
1919—Md. State	20;	Western Maryland .	0
1928—U. of M.	13;	Western Maryland..	6
1929—Western Maryland .	12;	U. of M...	0
1930—Western Maryland	7;	U. of M...	0
1931—U. of M.	41;	Western Maryland .	6
1932—Western Maryland .	39;	U. of M...	7
1933—Western Maryland .	13;	U. of M. .	7
1935—U. of M.	22;	Western Maryland .	7
1936—Western Maryland	12;	U. of M. .	0
1937—U. of M...	6;	Western Maryland .	0
1938—U. of M...	14;	Western Maryland .	8
1939—U. of M...	12;	Western Maryland..	0
1940—U. of M...	6;	Western Maryland .	0
1941—U. of M...	6;	Western Maryland..	6

•

Frosh Squad Promising; Has Veteran Mentor

Maryland's freshman squad, which is being coached by Walter Halas, who was head mentor at Drexel Institute for 16 years, appears to be better than the average at College Park.

More will be known after October 16 when the rookies play their first game of the season against the V. M. I. yearlings at College Park.

Max Hunt, varsity lineman last year, is helping Halas.

Mont, Wright Are Among Nations Top Gainers

Quarterback Tommy Mont and Fullback Jack Wright were among the leading ground gainers in the country for the first three Maryland games, the former in passing and the latter in running.

Mont was a little short of his previous two contests in the Rutgers game in Baltimore on October 10 but did well enough.

Mont tried to connect through the air on 22 occasions and made good on just half of them for 135 yards against Rutgers. This brought his record to 23 completions in 45 attempts for a total of 460 yards.

While Mont was holding up the aerial barrage against Rutgers, Jack Wright, 206-pound fullback, was setting a fast pace on the ground. Wright carried the ball 21 times against Rutgers and got a net aggregate of 138 yards. He had made a total of 89 yards in 15 plays in the defeats of Connecticut and Lakehurst Naval Air Station, so his total for three tilts is 227, an average of 6.3 per try.

•

Summer Lacrosse Outfit Shows Great Power

Maryland's lacrosse team, which swept a four-game Summer card when it beat Navy at Annapolis, 9-2, doubtless was the best balanced combination that has been at College Park in years. Hopkins was beaten twice, 8-1 and 8-0, and Penn State walloped, 13-0.

An array of regular season vets was bolstered by five outstanding sophs, Howard Smedley, John Ruppersberger, and Lloyd Mallonee on defense, and Otts Lundvall and Snuffy Smith on attack. All are Baltimoreans.

Milt VandenBerg, with 11 goals, and Ray Grelecki, with 10, led the Summer scoring.

•

HELBOCK IS JUNIOR PREXY

Bill Helbock, football fullback and hurdler on the track team, has been elected president of the Junior Class at Maryland. He succeeds Barnett Broughton, lacrosse goalie, who left Maryland to enter West Point.

Nine Gains Even Break In Summer League

Herb Gunther, football back and light-heavy boxer, proved the sparkplug of Maryland's last five games in the Summer Baseball League. His catching and throwing were exceptional and he hit about .300.

Maryland tied with Navy and George Washington for second place with an even break in eight games.

Georgetown swept its schedule to take the title.

•

KINSMAN IS GOOD TIMBER

Jimmy Kinsman, who came to Maryland from nearby Bethesda-Chevy Chase High, appears to be the shortstop in the making for Coach Burton Shipley. He has developed into a clever fielder and thrower and is hitting fairly well. He didn't try for the Frosh nine in 1941 but during the regular 1942 season he won his letter as a utility infielder.

•

AVIATION CADET — Lawrence J. Hodgins, Jr., '41, recently became an Army Aviation Cadet and will undergo a preflight training course at the Santa Anna Army Base in California. Cadet Hodgins, who is the son of Professor Lawrence J. Hodgins of the University, was graduated with honors from the College of Engineering last year. He is a member of Tau Beta Pi, Honorary Engineering Fraternity, Phi Delta Theta, and was Captain of Company A during his senior year. Following graduation Cadet Hodgins was a junior engineer with the U. S. Engineer's Office in Pittsburgh.

•

Engagement Announced

Announcement has just been made of the engagement of Miss Lucile Laws, '37, to Lieutenant Bob Smith, '42. Since graduation Lucile has been the popular and efficient secretary for the Athletic Office and dean of men, and at present she is also Acting Secretary of the Alumni Association. Lucile is a member of Alpha Omicron Pi sorority.

The lucky man in the picture was stationed at Fort Benning, Georgia, during the summer months, but recently was moved to Camp A. P. Hill, Virginia. No date has been set for the wedding.

TWINS—Charles C. Heaton, '38, and Jane Wilson, '39, are the proud parents of 26 month old twins — boys. He is a captain in the Army in the Internal Security Division, Fort Sam Houston, Texas.

o

CAMP SWIFT—First Lieutenant Robert Walton, '38, is stationed at Camp Swift, Texas, with an anti-tank company. First Lieutenant Frank De Armey, '38, is also located at Camp Swift with a signal company.

o

MIAMI BEACH—Charles Yaeger, '37, is in the Officer Candidate School at Miami Beach and received his bars the latter part of October.

o

VISITOR—Mrs. George Kalee, formerly Gertrude Chestnut, '27, was a recent visitor to the University with her six-month old baby girl, Nancy Marian. She and her husband and daughter are living in Douglas, Georgia, where he is the civilian trainer for the Air Corps.

o

ARRIVES SAFELY—Through a letter from his wife we have been informed that Robert W. Russell, '42, has just arrived safely in England with the American Expeditionary Forces. With him is Reeves Tilley, also of the class of '42. Both men say the English people have been very friendly and are doing everything possible to make the American soldiers feel at home.

o

TANK DESTROYER—Captain H. John Badenhoop, '40, is located at Camp Hood, Temple, Texas, in a tank-destroyer battalion. He and his wife are living in Temple and he says that he would certainly be glad to see or hear from any Maryland Alumni.

o

MARRIED — Eurith Maynard, '42, daughter of Mr. and Mrs. G. Foster Maynard of Washington, D. C., was married on August 6 to Lieutenant (J. G.) Burton Howell Andrews. The marriage took place in the U. S. Naval Academy Chapel at Annapolis, from which institution Lieutenent Howell graduated in 1941. Mrs. Maynard is a member of Alpha Omicron Pi sorority.

o

JOINS ARMY—John William Firor, '08, formerly head of the Department of Agricultural Economics and Rural Sociology at the University of Georgia, is a major in the Field Artillery Reserves with the Army Air Force. Major Firor is married, has four children, and had been living in Georgia for thirty years. His oldest son, David Leonard, is a candidate for a commission in the Cavalry with the Advanced Military Unit at University of Georgia.

COVER PICTURE

A view of the new section of the Men's Dormitory group which was completed a few years ago. This new group of buildings extends to the eastward and at right angles to Silvester Hall, which is more familiar to old grads. The new buildings provide modern and attractive accommodations for several hundred more men.

•

Students And Faculty Support Blood Drive

Making use of the first mobile blood donation unit to be used on a college campus, 460 students and faculty of the University of Maryland gave one pint of blood each in a Blood Donor Drive, held at College Park from November 2 to 11.

The project was under the direct supervision of the Student Victory Council of the University and was directed by the Baltimore Unit of the Army and Navy Blood Donor Service of the American Red Cross. William Krahnbrink, of Baltimore, and Dr. Roger B. Corbett, Director of the University Experiment Station, are student and faculty chairmen, respectively, of the Victory Council. Five hundred and fifty students offered blood but 90 were turned down for various physical reasons.

Dr. Ward Briggs, of Baltimore, who was in charge of the technical aspects of the drive, praised the fine, cooperative spirit of the faculty and students. Those who gave blood were served with sandwiches and milk by the Canteen Service of the American Red Cross.

At the close of each day of the drive the blood was removed to the Baltimore Red Cross Center and then shipped to the Sharp and Dohme Laboratories at Glenolden, Pa. Within twenty four hours the plasma was separated from the blood. This plasma is then frozen by dry ice and alcohol and, by means of a vacuum, made into a powder. Supervision of the transformation of the blood into powdered plasma is under the direction of the Army.

Annual Homecoming Day Program Scheduled For November 21 At College Park

What may well prove the last Homecoming Day for the duration of the war has been announced by officials of the Alumni Association and the University for November 21 at College Park. Homecoming had originally been scheduled for November 28 but it was found necessary to change this at the last minute because of certain conflicts. A letter, giving full details of the day's program, has been sent to all Alumni and it is hoped that everyone who can possibly do so will make a special effort to come back and make the day a real success.

Football Game Is Highlight

One of the highlights of the day's schedule will be the football game between Maryland's Old Liners and Washington and Lee University. This promises to be a bang-up good game and will give many Maryland Alumni their first opportunity to see the new Shaughnessy-coached team in action. In spite of two set-backs this season the Maryland team has shown great improvement over the last few years and can always be counted upon to provide plenty of thrills and action for the onlooker. Tommy Mont, in the backfield, is one of the best passers in the country and several times has been mentioned as of All-American caliber.

The program for the day starts with a luncheon in the University Dining Hall at 12:30 with a short business meeting following. R. M. (Bunt) Watkins, new president of the Alumni Association, will preside at this meeting which, among other matters, will have to replace vacancies in the office of secretary and treasurer.

Student Body Enthusiastic

The entire student body is solidly behind the Homecoming Day program and activities will begin with a gigantic pep rally on Friday evening. During the halves of the football game the students will present the traditional parade of floats which will depict the activities of the student body in relation to the war effort during the past year. The parade will be led by a group representing the Spirit of 1776, which will be followed by a color guard and special precision drill formations by the Pershing Rifles, crack military company.

Attitude of the student body can best be expressed in the words of Paul [illegible], Chairman of student activities for Homecoming Day. Winert stated "This year the spirit and meaning of Homecoming will take on a deeper significance than ever before — many who return this time may not come back again until the year of victory."

Queen To Be Crowned

It is understood that a Homecoming Queen will be crowned during intermission time at the game. Alumni will remember that last year's Homecoming Queen was Miss Elaina Pearson, of Chevy Chase, Maryland.

Immediately following the football game the "M" Club will hold a meeting in the auditorium of the Administration Building and a tea for wives of "M" Club members will be held in the lounge of the Home Economics Building.

The traditional Homecoming Day Ball is being planned for the Gym-Armory for the evening.

Dr. E. Paul Knotts Named Board of Regents Member

Dr. E. Paul Knotts, of Denton, a past president of the Caroline County Medical Society, was recently named by Governor O'Conor as a member of the Board of Regents of the University to fill the unexpired term of Dr. W. W. Skinner, who served as Chairman of the Board for a number of years.

In announcing the appointment on October 20th, Governor O'Conor stated that Dr. Knotts was "eminently qualified" for the position on the Board.

A member of the State Board of Medical Examiners, Dr. Knotts also is chairman of the section of obstetrics and gynecology, of the medical and chirurgical faculty of Maryland. He is associate on the staff of the Easton Hospital, Talbot County.

After graduation from the University's Medical School, he took post-graduate courses at Harvard and McGill Universities. His interneship was at the University Hospital.

Dr. Knotts, with two other Maryland physicians, represents this State on the National Physicians Committee.

Outstanding Educators Join Faculty Ranks For Coming School Year

With the beginning of the Fall semester at the University, President H. C. Byrd announced the appointment of a score of new faculty members for the 1942-43 term. Included among these are a number of outstanding educators from all sections of the country.

Replacing Charles G. Eichlin, popular head of the Physics Department who died last summer, is Dr. Raymond Morgan, of the U. S. Bureau of Standards. Dr. Morgan, who held the position of senior physicist in the Bureau of Standards, completed his undergraduate work at the University of Indiana and his gradnate work at the University of Pennsylvania. Collaborating Professor with Dr. Morgan will be Dr. Ferdinand G. Brickwedde, Chief of the Low Temperature Laboratories of the Bureau of Standards.

Author And Poet

Norman Macleod, well-known author and poet, has been appointed an Assistant Professor of English at the University. He will instruct in creative writing. Mr. Macleod's latest and best known novel is "The Bitter Roots," which was published last year. Mr. Macleod also is a poet of ability.

Other appointments in the College of Arts and Sciences are Dr. Richard I. Hofstadter, Assistant Professor of History; Dr. John L. Vanderslice, Assistant Professor of Mathematics and Dr. Albert B. Frankel, Associate Professor of Modern Languages. New instructors in the college include Dr. Kenneth E. Hamlin, Chemistry Department; Dr. Kenneth M. Stumpp, History Department; Dr. Margaret S. Mackie, Mathematics Department; Dr. R. A. Littleford, Zoology Department and Miss Beulah G. Inman, Edward Fisher and John R. Sites, of the Physics Department.

Join New College

Eight new appointments to the College of Business and Public Administration, formerly the College of Commerce, were also announced by President Byrd. The college also has a new dean, Dr. J. Freeman Pyle, former head of the College of Business Administration at Marquette University. Dr. Pyle took office at the University on September 1. (A story on Dr. Pyle appeared in the September issue of the ALUMNI NEWS.)

(Continued on page 7)

With Alumni At Home And Abroad

ENGINEER—Charles P. McFadden, '26, is serving as a first lieutenant in the Engineer Corps and is stationed at the New Castle Army Air Base near Wilmington, Delaware.

o o o

BIRTH—Herbert Eby, '32, sent us the good news that he is now the proud daddy of a young son, John Andrew, who was born August 17. Bert says that his present job is with the War Department as a labor relations consultant and that he is the author of a new book on labor law which will make its appearance in December.

o o o

IN ENGLAND—We were very pleased to receive a word from Walter P. Plumley, '29, who is a chaplain with the American Air Force in England. Walter, in his letter, said, "I have been in England several months with the Air Force and am most happy at being able to play a small part in the ultimate crushing of the evil tyranny dominating the world today."

o o o

LIEUTENANT—Lieutenant Henry W. Moore, Jr., '42, is located at Fort Monmouth, Red Bank, New Jersey, and is anxious for news of his classmates. He sends along the information that Bob Westfall, '42 and Don Wick, '42, are now located at Fort Meade, Maryland.

o o o

IN TEXAS—Robert W. Stuart, Jr., who was a student at the University in 1941, is now located with the U. S. Army Air Force and is stationed at Amarillo, Texas.

o o o

COMMISSIONED—Robert E. Ashman, '41, was recently commissioned a lieutenant in Aviation Communications at Scott Field, Illinois. Robert received his A.B. degree from the University and had completed his first year at the University of Maryland Law School when he enlisted for foreign service. He is the son of Louis S. Ashman, who graduated from the Maryland Law School in 1908.

o o o

IN MICHIGAN—H. S. Ford, '14, is now living in Birmingham, Michigan. His address is 840 Rivenoak Street.

o o o

MARINE CORPS—C. T. Bailey, '23, when last heard from, was a lieutenant-colonel in the U. S. Marine Corps and was located at the Air Station, Saint Thomas, Virgin Islands.

o o o

ENGINEER—Thomas E. McGoury, '38, is a chemical engineer and is located at 412 Fayette Street, Cumberland, Md.

o o o

ON LONG ISLAND—Patricia W. Casselman, '26, is now living at Long Island City, New York. She lists her address as 3820 52nd Street.

o o o

TOPOGRAPHICAL—Guy T. Harden, Jr., '35, is at present a supervising engineer for Michael Baker, Jr., a young firm of civil engineers located near Rochester, Pa. For the past several months Harden has been on topographical surveys of air fields in Florida.

o o o

PROMOTED—Charles Lamburn Cogswell, '36, was recently promoted to Major in the U. S. Marine Corps. He is serving in the Solomon Islands.

MANAGER—R. Calvert Williams, '14, is manager of the automatic division of the DuPont Company Plant at Detroit.

o o o

ABROAD—John Umbarger, '30, is a member of the American Expeditionary Force "somewhere in England." John's home town is Bel Air.

o o o

CHEMIST—Carroll E. Palmer, '40, is employed as a research chemist with the plastics division of the E. I. DuPont Company at Arlington, New Jersey.

o o o

IN ALABAMA—J. David Schaffer, '41, is a second lieutenant in the Medical Administrative Corps and is attached to the Veterinary School in Auburn, Alabama.

o o o

DIRECTOR—Theresa Dunne, '32, is an assistant personnel director in charge of women for the Bartlett Hayward Company, a subsidiary of the Koppers Company, of Baltimore.

o o o

AT BOLLING FIELD—Captain Samuel Crosthwait, '27, has been appointed secretary-treasurer of the Bolling Field Officers' Mess and will supervise social activities of the officer personnel at the Army air base. Crosthwait was one of the University's outstanding lacrosse players and was named All-American in 1927.

o o o

NEW COMMANDER—Captain A. Kirk Besley, '23, has been named the new commander of Company E Machine Gun Unit of Hyattsville, according to a recent announcement by the Commander of the Ninth Battalion of the Maryland State Guard. Captain Besley, a bacteriologist at the Beltsville Research Center, lives in University Park, Md. At one time he was a track star at the University.

o o o

MARRIED—Bryant Alden Long, '34, of Hyattsville, was married recently to Miss Dorothy Jane Lyons, daughter of Mr. and Mrs. Arthur E. Lyons of North Caldwell, New Jersey. The ceremony was performed at the home of the bride by Rev. George LeRoy Willets, pastor of the Caldwell Presbyterian Church. Mr. Long is a writer of boys' books and is a regular contributor to the *Saturday Review* and other publications. The couple are living in Upper Darby, Pa.

o o o

BIRTH—Mr. and Mrs. Frank Stevenson announced the arrival of a son, Vernon Frederick, on September 20. Young Stevenson's weight was given at 5 pounds, 19 ounces — considerably less than that of his daddy. Vernon's dad graduated from the University in 1929.

o o o

IN TEXAS—Earl Over, '36, when last heard from, was located in Boston where he had been transferred from Texas to complete officer's training.

o o o

MARRIED—Betty Harcum, '35, was married last April to Albert W. Morris, '39, who is now a captain in the Army and stationed at Camp Pickett, Virginia. Captain Morris is a graduate of the Dental School of the University.

o o o

IN THE NAVY—Howard Tippett, '28, is located with the Navy "somewhere on the west coast."

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Sports Reduced To Four For Duration Of War

Maryland will get along with four sports — football, basket ball, boxing and lacrosse — for the duration and if it is able to continue all these it will be fortunate. There will be varsity and freshman teams in these pastimes.

This decision was reached by the Athletic Board and announced by Clark Shaughnessy, Athletic Director and head of the Physical Education Department. Football virtually will be an all-year proposition. The gridders will see action as long as the weather permits.

While increasing transportation difficulties figured strongly in the decision, the determining factor was to concentrate on pastimes best fitting the military setup.

Six Sports Suspended

Gone by the board are varsity and freshman combinations in baseball, track, wrestling, tennis, cross country, soccer and golf. They will be suspended until it is practical to resume.

There now are more than 200 players in football uniforms at the University, including the varsity, junior varsity, freshman and commando squads. Basket ball and boxing are about to get under way.

Football equipment being used by the regular teams is to be turned over to other players just as soon as schedules are completed.

Among the events planned is a football round robin among the companies of the R. O. T. C. Regiment, which includes about 1,500 men. After they have finished, it won't be long before Spring drills begin again.

Boxing Coach Needed

Burton Shipley will be at the helm again in basket ball, but no coach has been obtained to replace Bobby Goldstein, boxing mentor, who now is a lieutenant in the Army.

Shaughnessy regards lacrosse as one of the finest means of physical development and said the military and physical education units also would participate in this sport and in boxing and basket ball.

Jack Faber, head lacrosse mentor, now is a captain in the U. S. Sanitary Corps, but Al Heagy, his aide for many years, is available. Heagy is an assistant varsity football coach.

Maryland has good facilities now for its basket ball and boxing programs in Ritchie Coliseum and the Gym-Armory and a huge new armory is due to be finished next February 1.

Old Liners and W. and L. Provide Hot Struggles

Old grads should witness a spicy homecoming game on November 21 if the Old Liners and Washington and Lee are in the same mood as they have been during the past two years.

Probably no other game has been staged at College Park that produced the finishing thrills as that of 1940 when Maryland marched 98 yards to a score in the last four minutes to get a 7-7 tie.

Then again last Fall, in the Baltimore Stadium, the teams put on a hot duel in which the Old Liners gained the upper hand, 6 to 0.

In fact, most of the past 16 games have been close with only two really big scores being rolled up. Maryland holds a good edge in the series, begun in 1924, and has won nine games against five defeats and two ties.

Here are the past scores:

1924—W. and L.	19;	U. of M.	7
1925—W. and L.	7;	U. of M.	3
1926—W. and L.	3;	U. of M.	0
1927—W. and L.	13;	U. of M.	6
1928—U. of M.	6;	W. and L.	0
1930—U. of M.	41;	W. and L.	6
1931—U. of M.	13;	W. and L.	7
1932—U. of M.	6;	W. and L.	0
1933—U. of M.	33;	W. and L.	13
1934—W. and L.	7;	U. of M.	0
1935—U. of M.	0;	W. and L.	0
1936—U. of M.	19;	W. and L.	0
1937—U. of M.	8;	W. and L.	0
1938—U. of M.	19;	W. and L.	13
1939—Shift in Thanksgiving Day forced cancellation			
1940—U. of M.	7;	W. and L.	7
1941—U. of M.	6;	W. and L.	0

Mont Doing Great Work As Passer and Kicker

When Tommy Mont, Maryland quarterback, completed 5 of 11 passes for 79 yards, two of them for touchdowns, against Florida October 31, he ran his total yardage for six games to 702. He tossed 88 times and 37 of them hit the mark.

Mont's kicking also has had a lot to do with the Old Line victories. He has averaged over 41 yards from the line of scrimmage in his last three games.

Jack Wright, big fullback, continued to set the rushing pace, having gained 391 yards in 72 attempts for a 5.43 average. His average, though, slumped in the Florida game, as he traveled only 62 yards in 17 tries.

Elmer Rigby, fleet halfback, led the rushing against the Gators, toting the ball eight times for 66 yards.

All are Maryland lads, Mont being from Cumberland and the other two from Baltimore.

Frosh, J. V.'s, Commandos Playing Much Football

There has been much football played by Old Line gridders other than the varsity squad with the Frosh, Jayvees and Commandos doing well enough.

The Freshmen won two of their first three games, the Jayvees also took a pair in a like manner of tilts and the Commandos dropped a couple hot ones.

The yearlings defeated V. M. I. and Western Maryland and lost to a Delaware team they outplayed, 13-14, and lost to Temple and the Navy Plebes coming.

The J. V.'s downed the Montgomery Boys' Club and the Navy Yard Marines and lost to a powerful Navy Junior Varsity. They still had the Quantico Marines to meet.

The Commandos put up good battles against George Washington High of Alexandria and Montgomery County Boys' Club but dropped both contests by 6 to 0 scores.

However, the purpose of Clark Shaughnessy, head of the physical education setup, is being attained in giving the boys the toughening-up competition he feels they need.

Football will be continued indefinitely, with the R. O. T. C. companies taking over for a round-robin series.

•

Gridmen Are Doing O. K. With Two Games Left

The varsity footballers had won 5 of 7 games and were priming for the final two, the Virginia tilt at Charlottesville on November 14 and the Washington and Lee Homecoming affair at College Park a week later, when this was written.

Washington and Lee originally was slated for November 28 but the game was put forward a week when both had an open date. The Cavaliers appeared to be a big hurdle with the chances about even, but the Old Liners were rated heavy favorites over the Generals.

Maryland's record to date, an excellent one considering the Old Line material and the class of the opposition, was

Maryland, 34; Connecticut, 0
Maryland, 14; Lakehurst N. A. S., 0
Maryland, 27; Rutgers, 13
Maryland, 0; V. M. I., 29
Maryland, 51; Western Maryland, 0
Maryland, 13; Florida, 0
Maryland, 0; Duke, 42.

A killing trip of 15 hours during the flood in October ruined the Old Liners on their trip to V. M. I. and they simply played poor football against Duke. Their victory over Florida was an upset while the defeats of Rutgers and Western Maryland were reversals from 1941. Last year Rutgers beat Maryland, 20 to 0, and Western Maryland surprised with a 6 6 tie.

Even if Maryland should only break even in its last two games it will have been a good season with twice as many victories as last year with not as good material as in 1941.

Join Faculty Ranks

(Continued from page 4)

Professor Emmes C. Rayson, who is a nationally known authority in the fields of cost accounting, income tax and auditing, has been appointed head of the Department of Accounting. He is a certified public accountant and has practiced his profession in Chicago for a number of years. Dr. Joseph F. Foth, formerly a member of the field economics staff of the Office of Price Administration, was appointed as Professor of Economics and Labor. Dr. Foth carried on his graduate work at the University of Chicago.

Dr. John F. Markey, of the Institute of Applied Econmetrics of New York City, has been appointed Associate Professor of Economics and Marketing.

Secretarial Training

A number of new courses in secretarial training will be directed by Arthur S. Patrick, newly appointed Assistant Professor of Secretarial Training. Instruction will be given in typing, shorthand, office practice and bookkeeping.

Other new appointments in the College of Public and Business Administration are Dr. Dudley Dillard, formerly of the U. S. Board of Investigation and Research, who will be Professor of Economics; Dr. James C. Dockeray, appointed Professor of Business Finance and Ralph M. Van Metre, who will be Instructor in Transportation and Dr. E. W. Clemens, of Southwestern Louisiana Institute, who will be an Associate Professor of Economics.

In the College of Education, Dr. Douglas E. Lawson has been appointed Associate Professor of Education. He will teach elementary education and several graduate courses. Miss Alice R. Zerbola, a recent graduate of the University of Maryland, has been appointed an instructor in both the Colleges of Education and Business and Public Administration.

Miss Elizabeth Genger has been appointed as Assistant Professor of Textiles in the College of Home Economics. She is a graduate of Pennsylvania State College.

Two appointments were announced for the College of Agriculture — William Griggs and Julian C. Crane, both as Assistants in the Department of Horticulture.

•

SERVICE GETS TWO FROSH

What may happen to football in 1943 already has had some indication at Maryland with two of the leading freshman players being lost to the service. They were Hank Nary, a 195-pound guard and probably the best lineman on the squad, and Harry Walton, capable 165-pound back. Both left school early this month.

Rev. Robert C. Simmons, '29, Passes Away Suddenly

His many friends and classmates were greatly shocked to learn of the recent death of the Reverend Robert Cook Simmons, '29, who died suddenly on October 11th at Plattsburg, New York, after delivering the first sermon in his new church, the First Presbyterian Church of Plattsburg.

"Bob," as he was known to scores of friends and classmates, was born in Columbus, Ohio, but moved to Takoma Park, Maryland, with his parents, Mr. and Mrs. Wynn T. Simmons of 518 Aspen Street, when he was six years old. He was a graduate of McKinley High School in Washington in 1925 and graduated from the University four years later. He prepared for the ministry at the Union Theological Seminary in New York in 1932.

Before entering the Seminary the Reverend Mr. Simmons was an active worker in the Takoma Park Presbyterian Church, where he was ordained by the Presbytery of Washington. After ordination he served two and one-half years as supply minister at the Northminster Presbyterian Church in Washington.

On January 1st, 1937, he became pastor of the Richmond Hill Presbyterian Church, Long Island, New York, which post he held until early in October when he was called to be pastor of the Plattsburg Church.

Besides his parents, the Reverend Mr. Simmons leaves his wife, the former Kathryn Wilkenson of Washington, and a daughter, Marjorie Ann Simmons.

•

Memorial Rifle Match To Be Held By University

In memory of their son, George E. Meeks, former Maryland student and an All-American rifleman, who was killed in a plane crash in Iceland last summer, Captain and Mrs. George Meeks, of Edgewater, Maryland, have presented the University with a large silver-plated trophy cup which will be awarded annually to the winner of a memorial rifle match.

In receiving the trophy for the University, Dean of Men James H. Reid spoke of the former Army Air Corps pilot as "one of the University's outstanding riflemen of the past quarter century." Meeks was a graduate of Central High School, Washington, D. C., and later attended the U. S. Naval Academy.

A member of the Maryland varsity rifle team, he was named on the 1939 All-American Rifle Team by the National Rifle Association. That summer, after a CAA course, he entered the Army Air Corps.

COVER PICTURE

The College Park campus is never more beautiful than when Jack Frost goes to work on the many familiar trees, shrubs and buildings. This long vista, with the stadium in the background, has already been decorated with two light snows in December.

Captain Ralph I. Williams Leaves For Foreign Service

The University of Maryland bid farewell recently to one of its most popular and outstanding Alumni and officials. This was Captain Ralph I. Williams, of the University Military Department, who left for foreign service with the U. S. Army Air Corps.

Captain Williams has been an especially active and ardent worker on the campus and his presence will be missed by many. Although only 31 years of age he had at various times held the positions of dramatic coach, instructor in speech, head of the department of publications, assistant dean of men, and acting dean of men. Except for the one year, 1934-35, when he was associated with the Dupont Rayon Company, of Richmond, Va., he served continuously on the faculty since he graduated in 1933.

As an undergraduate at Maryland Ralph was president of the Student Government Association, president of Footlight Club, vice-president of Omicron Delta Kappa, and treasurer of Theta Chi. After receiving his bachelor's degree in economics he took graduate work at Maryland and Columbia. Later he attended Georgetown University Law School.

Class Of 1910 To Establish Alcove Of History Books

The members of the Class of 1910 have started a project to establish an alcove on Maryland history which will be placed in the University library. A committee, headed by S. S. Stabler, has been appointed by Judge William P. Cole, president of the class, to work on the project. Other mem-

Homecoming Brings Large Group of Alumni Back To Alma Mater For Day

In spite of the war and the many difficulties of travel, a surprisingly large and enthusiastic group of Alumni came back to the University for what may have been the last Homecoming Day at College Park for the duration of the war. More than a hundred Alumni registered in the main lobby of the Administration Building before luncheon and this number had doubled by the time the whistle blew for the kick-off of the Maryland-Washington and Lee football game.

The day was a perfect one for a Homecoming gathering and the Alumni spent most of the morning roaming around the campus, renewing old friendships and watching a lively soccer game between the coeds and Alumni. The game was played on the field back of the girls' Field House and was won by the Alumni by a score of 2 to 1.

Luncheon In Dining Hall

Immediately following the soccer game a very enjoyable luncheon was held in the University Dining Hall. This was presided over by Bunt Watkins, '21, new president of the Alumni Association, who proved a most genial host for the occasion. Brief addresses were made during the luncheon by President H. C. Byrd, '08, and Clark Shaughnessy, new football coach at the University and head of the department of physical education. Among other things Dr. Byrd pointed out the need for reorganizing the work of the Alumni Association and stated that he hoped to present some constructive suggestions for such a reorganization in the near future.

Cobey Is Secretary

The only important business taken up at the meeting, held at the close of the luncheon, was to elect William W. Cobey, '30, as the new secretary of the Alumni Association. Mr. Cobey is a member of the financial department of the University and lives at University Park.

The football game with Washington and Lee provided all of the color, thrills and suspense that any grad could desire. In spite of the fact that the Generals entered the game very much the underdog they showed amazing power, especially in the second half, and it was only after one of the hardest battles of the season that the Old Liners were able to end the game with a score of 32-28. Maryland closed its most successful season in five years, having lost only two games out of nine.

Pageant Is Impressive

A colorful and impressive pageant was put on by the students at halftime. This included music by the University Band and Glee Club and a parade of floats depicting war-time theme, which was followed by a stirring address on Maryland's war activities by Ray Grelecki, president of the Student Government Association, and a prayer for the men in the service by the Reverend Nathaniel C. Acton, of St. Andrew's Episcopal Church, College Park.

The Homecoming Queen this year was Miss Betty Bond, of Chevy Chase, who also was selected as "Miss Maryland" by last year's yearbook staff. Miss Bond led the parade of floats, riding in a specially decorated carriage and surrounded by her court of eleven beautiful Maryland coeds, who represented various sorority houses and dormitories. At the close of the parade the Queen was crowned by President Byrd.

War Is Theme

The theme of Homecoming this year was "Welcome for the Doughboy" and the winning float depicted two defeated Axis soldiers with an American soldier waving Old Glory in triumph. The float was escorted by uniformed members of Delta Delta Delta Sorority, who prepared the float with Kappa Alpha Fraternity. Second prize went to a float prepared by Gamma Phi Beta Sorority and carried the slogan "Praise the Lord and Pass the Nutrition." Third honors went to Alpha Lambda Tau Fraternity.

Honors for the best decorated house went to Sigma Chi Fraternity, second place was won by Kappa Delta Sorority, and third honors were wone by Phi Delta Theta Fraternity.

"M" Club Meets

Members of the "M" Club met in the auditorium of the Administration Building following the game and elected E. E. Powell, '13, the new president; H. E. Semler, '22, was named vice-president; Dr. Ernest E. Cory, '09, is secretary-treasurer and Talbot T. Speer, '17, is historian.

Throughout the day fraternities and sororities kept "open house" for their Alumni and many served a buffet supper in the evening. The day closed with a real Homecoming Dance in the Gym-Armory which was well attended by Alumni and members of the student body.

Following are some of the registrants for Homecoming Day:

H. B. McDonnell, '88; F. B. Bomberger, '94; C. W. Cairnes, '94; Clifton E. Fuller, '96; J. Hanson Mitchell, '98; J. J. Betton, '99; H. C. Whiteford, '01; E. W. Walls, '03; Edgar B. Friedenwald, '03; S. B. Shaw, '04; Wellstood White, '05; C. D. Richards, '07; Louis S. Ashman, H. C. Byrd, Reuben Brigham, L. B. Broughton, E. M. Paradis, E. I. Oswald, G. C. Day, Charles W. Sylvester, C. A. Warthen, Urah W. Long, Roger A. Wilson, H. B. Hoshall, W. H. Thamas, all of '08.

W. Maslin, '09; J. Holloway, '09; H. Miller, '11; R. Truitt, '14; L. Duker, '14; R. Brown, '15; Louis Diences, '15; Franklin B. Hill, '16; Walter D. Bromly, '25; R. F. McHenry, '16; Kercheval E. Smith, '16; Rev. H. M. Wilson, '17; Geary Eppley, '18; Franklin D. Day, '18; James W. Stevens, '19; R. R. Lewis, Jr., '19; Elizabeth H. Day, '20; H. M. Carroll, '20; F. J. Hamill, '20; Peter W. Chichester, '20; W. Paul Walker, '21; Leonard I. Davis, '21; Mildred S. Jones, '22; W. W. Kirby, '22; Clayton Reynolds, '22; Charles E. White, '23; Alma Premkert, '23; L. Burns, '23; R. Watkins, '23; C. England, '23; Mrs. J. E. Zulick, '23; J. E. Zulick, '28; W. Prim, '24; Geo. D. Ducy, '24; Lillian Earnest

With Alumni At Home And Abroad

1921

CONRAD—Karl M. Conrad, who received his Bachelor's Degree in 1921 and Doctor of Philosophy Degree in 1925, is located with the Southern Regional Research Laboratory of the U. S. Department of Agriculture at New Orleans, Louisiana. His home address is 2100 Robert E. Lee Boulevard, New Orleans.

1922

KOHNER—Bertha Ezekiel Kohner is an examiner in the agriculture unit of the U. S. Civil Service Commission. She has two daughters, one a high school junior and the other in eighth grade. She says that she was a freshman at the University during World War I, and scenes of that day are vivid to her. She speaks of the old S. A. T. C., which preceded the present R. O. T. C., and says she was the only girl among sixty soldiers who took chemistry in the old Chemistry Building, which now houses the College of Education. She also sends in her 1942-43 Alumni dues for which we say, thank you.

DARKIS — F. R. Darkis is a research associate in charge of chemical and agronomic research on tobacco at Duke University.

1924

BARTON—J. Frank Barton is chief chemist of the Federal Portland Cement Company, Inc., Buffalo, New York. His home address is 217 Maple Avenue, Hamburg, New York.

1926

HUBBARD—Born: a daughter, Harriet Sue Hubbard, to Mr. and Mrs. Harry S. Hubbard at the Kent General Hospital, Dover, Delaware, November 13. Hubbard is assistant manager of the Pet Milk Plant at Greensboro, Maryland. Speaking of lucky days, father Hubbard points out that he was married on August 13, has been married 13 years and his daughter was born on November 13. He asks if you can beat that. We can't.

1928

CURRIER—Lieutenant R. P. Currier is located at Miami Beach, Florida, where he is instructor in the Army Air Intelligence School. According to a report by his mother, Lieutenant Currier was made instructor after he had received six weeks' training from the school.

1929

COOKE—Giles B. Cooke, who received his Doctor of Philosophy Degree at the University in 1929, is associated with the Crown, Cork and Seal Company, Baltimore, Maryland.

1930

UNKLES—Born: a daughter, Sally Alice Unkles, born to Mr. and Mrs. John A. Unkles of Essex Falls, New Jersey, November 13. Mrs. Unkles was the former Alice Taylor, who received her B.A. Degree in 1930 and her M.A. in 1937. Mr. Unkles is a graduate of Lehigh University and a member of Phi Delta Theta fraternity.

HARRISON—Estelle Eames Harrison is serving overseas as a dietitian for Medical Unit 142 from the University of Maryland Hospital. Her address is Unit 142, A. P. O. 37, c/o Postmaster, San Francisco, California.

1934

LAWRIE—Birth: a daughter, Helen Jane Lawrie, born to Mr. and Mrs. Andrew Lawrie of East Orange, New Jersey, last October. Andy is associated with the Bell Telephone Company of New Jersey, and is a member of Phi Delta Theta fraternity. The Lawries have another daughter, Carol Ann.

1938

MILLER—William I. Miller is "somewhere in Africa" helping the Army build an air field. He says he would be very happy to have a word from some of the Alumni. Mail may be addressed to him as follows: A. P. O. 606, c/o Post Master, Miami, Florida.

1939

ALPERSTEIN—Lieutenant Ben Alperstein is a special service officer with headquarters at the Basic Training Center for the Army Air Forces Technical Training Command, at Atlantic City, New Jersey.

HARVEY—Captain Cecil L. Harvey of the 227th Field Artillery, 29th Division, is serving "somewhere in England". Following graduation from the University, he became an electrical engineer for the Duquesne Light and Power Company of Pittsburgh. He went to Fort Meade the early part of 1941 and later attended Officers' Training School at Fort Sill, Oklahoma. Last September he was married to Miss Betty Anne Robinson of Sewickley, Pennsylvania.

1940

HARLAN—Lieutenant Edwin Freeland Harlan of Riverdale, Md., has received his permanent appointment in the Regular Army. Lieutenant Harlan received his commission in the R. O. T. C. at the University in 1940, and since graduation from the Camp Lee Quartermaster School in February has been serving as training officer at that camp.

BROWN—Lieutenant Robert S. Brown, former football star at the University is recreational officer with the Army at Camp Pendleton, Georgia.

1941

LANAHAN—Married: Rita M. Lanahan was married last Spring to Lieutenant George W. McCauley, Jr., a graduate of Catholic University in the class of 1942. Lieutenant McCauley is an instructor in the Army Flying School at Columbus, Mississippi, where the couple are now living. Rita says army life is lots of fun, but she misses Maryland very much.

McFADDEN—Janet McFadden is now Ensign McFadden of the WAVES and is located at Northampton, Massachusetts, where she is an instructor.

MUELLER—John L. Mueller, 3rd, is with the U. S. Marines "somewhere in the South Pacific."

1942

SMITH—Married: Lieutenant Robert Smith and Lucile Laws, '37, were married on Sunday, November 8, in Silver Spring, Maryland. The newlyweds are living at Camp Rodman, Massachusetts, where Lieutenant Smith is stationed. Until her marriage, Lucile was employed as a secretary in the athletic department of the University. Among her recent duties was that of temporary secretary of the Alumni Association.

ALPERSTEIN—Lieutenant Isadore "Hotsy" Alperstein is understood to be with the American Air Force in Africa, having arrived there just about the time the big drive began against Rommel.

BELL—Married: Judson H. Bell, who is Second Lieutenant in the U. S. Marine Corps, was married recently to Miss Lola Mangum of Silver Spring, Maryland. The marriage took place at the home of the bride. The couple are making their home at the Naval Air Station, Pensacola, Florida, where Judson is completing his air training.

Old Line Athletic Contributions

By W. H. ("Bill") HOTTEL

Shaughnessy Does Great Job With Football Team

Maryland's football team responded to the masterful coaching of Clark Shaughnessy and his "T" set up in his first year at College Park to put on a great offensive show and to win seven of nine games, for its best record in the past five seasons. It was a remarkable showing, all things considered.

With material that, as a whole, was 20 percent below the usual Maryland standard, particularly as to linemen, Shaughnessy built up a powerful attacking combination.

In compiling their notable record, the Old Liners beat two teams over which they were given a good pre-season edge — Connecticut and Western Maryland; whipped five in which they were rated on a 50-50 basis — Lakehurst Naval Air Station, Rutgers, Florida, Virginia and Washington and Lee — and lost to two that were admitted to have a big margin on them — V. M. I. and Duke.

Scores of the games were:

Maryland, 34; Connecticut, 0.
Maryland, 14; Lakehurst, 0.
Maryland, 27; Rutgers, 13.
Maryland, 0; V. M. I., 29.
Maryland, 51; Western Maryland, 0.
Maryland, 13; Florida, 0.
Maryland, 0; Duke, 42.
Maryland, 27; Virginia, 12.
Maryland, 32; Washington and Lee, 28.

Shaughnessy not only is a great football coach and handler of boys, but he's the right man to direct Maryland's athletic and physical education program. He knows how to cooperate, never grumbles about material or conditions but just goes ahead and does a 100 percent job with what he has at hand.

•

1942 BOXING CARD

(Bout at College Park unless otherwise stated)

January 9—U. S. Coast Guard Academy.
January 12—Western Maryland at Westminster.
January 23—Virginia Tech at Blacksburg.
January 30—Virginia at Charlottesville.
February 6—Army at West Point.
February 13—Catholic U.
February 20—North Carolina.

Old Line Eleven 11th In Nation In Total Offense; Mont Is 5th Among Passers With 1,076 Yards

Maryland's football team and Quarterback Tommy Mont were high up among the Nation's leaders on offense during the past season, figures from the American Football Statistical Bureau show.

The Old Line eleven was eleventh in total offense with 2,758 yards, about equally divided between running and passing, for an average of 308.3 yards per game. This put Maryland ahead of such notable outfits as Tennesse, Vanderbilt and Great Lakes.

Mont was eighth among the passers in average completions with a percentage of .520, connecting on 66 shots out of 127. However, he was fifth in total yardage with 1,076, only Governali of Columbia, Sinkwich of Georgia, Evans of Kansas and Graham of Northwestern leading him in the latter respect. Graham topped him by just 16 yards and Mont was only 10 in front of Dobbs of Tulsa.

Maryland's team averaged 151.8 yards per game in aerials and trailed only Tulsa, Georgia, Columbia and Creighton. Maryland's running average was 155.3 yards per game and none of the first 15 averaged below 200.

Many Stars To Be Lost

Whether Mont will play any football next Fall is problematical. He is a junior but under the stepped-up program of three semesters a year instead of two, he will be graduated about next October 10 with an R. O. T. C. reserve commission rating. This would allow him, as well as the other juniors on the football squad, to be on hand for only three games.

Included in this category are Bob James, end; Jack Dittmar, tackle; Tony Nardo, guard; Jack Wright, Bill Helbock, George Barnes, and Jack Brenner, backs.

Seniors who finish at the end of the present semester in February are: Jack Gilmore, end; Luther Conrad and Reggy Vincent, tackles; George Jarmoska, guard; and Elmer Rigby, Jack Mier, Joe Hoopengardner and Lou Chacos, backs.

Conrad is colonel of the R. O. T. C. regiment and Gilmore and Vincent are lieutenant colonels.

Mont's Value Exemplified

Mont's value to the Maryland team, and what might have happened to it during the season without him, was exemplified in the 32-28 triumph over Washington and Lee in the Old Liners finale. With Mont running the machine, Maryland scored three times in nine minutes, marching to touchdowns each time it got its hands on the ball.

When he went out late in the first quarter, Washington and Lee soon got a touchdown, although Maryland was in possession of the ball on its own 30-yard line when he was relieved. Maryland then proceeded to lose about 10 yards on three plays and to have a kick blocked to give the Generals their first marker. Mont came back in the second quarter and tossed for a touchdown to make the score 26-7, at the half, and also engineered Maryland's final score.

A pop-up fumble that set up a 70-yard run and two long passes gave Washington and Lee its other three scores in the last half to make the game close and exciting, but fans are wondering just what the count might have been had Mont stayed at the helm constantly in the first half and kept the Old Liners rolling instead of back-firing.

•

Ennis is Marine Major

Lou Ennis, former Maryland athlete, who was all State and all-D. C. area football end in 1935 and all-America defense player in lacrosse in 1936, is a major in the Marine Corps on duty in Guadalcanal.

He was graduated from Maryland in the class of '36.

Quigley, In Double Role, Has Boxing Problems

George D. Quigley, associate professor of poultry husbandry and professor of boxing at Maryland, is worrying more about the Old Line ring team than whether his hens will lay the eggs expected of them. Quigley has the fowl situation pretty well under control but he is dubious about the ability of his scrappers to lay on enough gloves to make a respectable record in the seven matches during the 1943 season.

Quigley, while hunting for a coach, is both faculty advisor of the fistic pastime and mentor, and is carrying a crying towel on each arm. He may toss these away and consider his prospects much brighter once he finds a regular tutor.

Stars Go In February

Maryland should be fairly well off for the first four bouts, which come in the present semester ending early in February, but after that the sledding appears extremely rough. Judson Lincoln, 127; Tom Jones, 135; Jack Gilmore, 165, and Herb Gunther, 175, form the nucleus of the team. All except Jones, who won six bouts and drew one in the regular season, were finalists in the Eastern Intercollegiate tourney which the Old Liners won at Charlottesville last March.

Jones, though, is the only fighter who will be available for the full season, as the other three will go out with the February class and into the service of Uncle Sam. All are officers in the R. O. T. C. regiment, with Gilmore being a lieutenant colonel.

Cicala In Dental School

Filling the other classes — 120, 145, 155 and heavy — offer plenty of problems now and the job will be herculean after Lincoln, Gilmore, and Gunther go.

Joe Cicala, who fought at 120 last year, now is in the Dental School in Baltimore and lost to competition and Heavyweight Len Rodman, who commuted from the Pharmacy School in the Monumental City in 1942, doesn't intend to box this season.

Quigley has more than 20 working out but most of them are rookies.

BASKET BALL LIST

(All games at College Park unless otherwise stated)

December 13—Richmond U.
January 1—North Carolina.
January 9—Virginia.
January 13—Pennsylvania at Philadelphia.
January 15—Washington and Lee at Lexington.
January 16—V. M. I. at Lexington.
January 23—George Washington at Washington (Eastern High Gym).
January 30—Navy at Annapolis.
February 4—Virginia at Charlottesville.
February 6—Army at West Point.
February 12—Duke.
February 13—Washington and Lee.
February 16—North Carolina at Chapel Hill.
February 17—Duke at Durham.
February 20—Georgetown.
February 23—William and Mary.
February 25—V. M. I.

•

Seven Basketers Provide Basis Of Varsity Quint

Maryland's hopes for a successful basket ball season rest mainly on seven players, it has been pretty well established. Here is how matters shaped up as Coach Burton Shipley settled down to perfecting team play:

Tom Mont and Jim Kinsman and Jim Horn, forwards; Paul Flick and Bob James, centers; Ernie Travis and Jack Hufman, guards. Kinsman and Horn and Flick and James likely will divide the duties in their positions.

Next in line comes Eddie Baitz, forward, and Don Schuerholz, guards, with the other five on the squad having to battle for recognition.

Mont, James, Travis, Baitz and Schuerholz are 1941-42 lettermen, Flick and Hufman are sophs and Kinsman and Horn have figured in a few varsity games.

These nine will average nearly 6 feet 1 inch in height, Travis and Flick standing 6 feet 3, and 178 pounds in weight. Schuerholz is the shorty at 5 feet 10 and Horn is the lightest at 155.

Travis, who scales 195 pounds, set a scoring record for the District of Columbia area last season with 327 points in 22 games, and Mont, a 6-foot, 186-pounder, rang up 180. Their total of 507 was 63 percent of the points gathered by the Old Liners, as only 297 were registered by a dozen other players who figured in the counting. As a result, Maryland won only 7 of 22 games.

Class Of 1910 To Establish Alcove Of History Books

(Continued from page 2)

bers of the committee are Dr. John L. Donaldson, of George Washington University, and T. Ray Stanton, U. S. Department of Agriculture.

Mr. Stabler reports that a good start has already been made on the alcove, as several members of the Class of 1910 who were present on Homecoming Day brought a number of volumes with them. He urges all members of the Class of 1910 to support this worthy project and send to the University any books on the history of Maryland that they would like to have included in this collection.

Other members of the Class of 1910 include Colonel Oswald Sutler Saunders of the 8th Service Command, Fort Sam Houston, Texas, secretary of the class; Senator Millard E. Tydings; F. J. MacWell, of Towson; H. H. Allan, Baltimore, and C. W. Strickland, Snowhill.

o

PRICE—Lieutenant Edward H. Price is in the Chemical Warfare Service and is attached to the bomber command in England, where he has been stationed since early August. Ed spent some time in a base hospital with bronchial pneumonia, but is now back on duty. He says the British people have been most hospitable to the American soldiers.

Silvester Making Name With "Lucky Seventh"

Major General Lindsey Silvester, who graduated from Maryland Agricultural College in 1911, is making a name for himself as commander of the Seventh Armored Division.

Since the "Lucky Seventh" was activated under his leadership last March, it has enrolled 663 men in officer candidate schools throughout the country. At present, it is aiding in the training of the Eleventh Armored Division, which obtained many of its officers from within the "Seventh."

General Silvester was commissioned a second lieutenant in the infantry in 1911, upon graduation; and since then he has had a distinguished background in the service. He served on the European front during the first World War, and was given the Distinguished Service Cross and the Silver Star for extraordinary heroism in action. Since then, he has also served in Hawaii.

In 1916, he participated in the Mexican Expedition under General John Pershing. A graduate of the Army War College, he served for two years on the Infantry Board at Fort Benning, Georgia.

o

Austin C. Diggs Joins Life Insurance Company

Austin C. Diggs, '21, vice-president of the Alumni Association, is now associated with the estate planning and tax division of the Connecticut General Life Insurance Company with offices in the Calvert Building in Baltimore. For some years he has been associated with a number of New York Stock Exchange houses.

His new work is of a highly technical nature and thus far has been instituted in only a few of the sixty offices of the Company. Estate planning is the answer to a need for constructive analysis of individual and corporate holdings which effect tax savings, estate conservation and management. The work involves a rearrangement and coordination of estate assets, life insurance, etc., in conformity with present tax laws.

J. A. Butts, '22, Awarded Westinghouse Order of Merit For Part in War Effort

RECEIVES CITATION AND MEDAL WITH THREE OTHER EMPLOYEES OF COMPANY AT CEREMONY AT PITTSBURGH

John A. Butts, '22, manager of the Small De-ion Breaker Department of the Westinghouse Company was one of four Westinghouse employees who received the Order of Merit of that company at a ceremony held recently at the company's East Pittsburgh Works.

Given Medal

The men were presented with a citation of honor and a bronze medal bearing a silver "W" and the inscription "whom his fellow men delight to honor." The award was made by A. W. Robertson, chairman of the Board of Westinghouse Electric and Manufacturing Company.

The awards were made in recognition of ability to keep electric equipment moving to war plants. All four men have been concerned with supplying the United States Navy with circuit breakers, switchboards and other apparatus for controlling the flow of electricity aboard naval vessels and at shore establishments. In addition, they help in getting similar equipment to new war plants and to industries which expanded or converted their electrical systems to war production.

Mr. Butts was given the Order of Merit Medal "for his vision in foreseeing the demand for planning and carrying through the development of superior small de-ion circuit breakers and panel boards; and for his thorough knowledge of the market for that product."

Since graduation from the University with the Degree of Bachelor of Science in Electrical Engineering, Mr. Butts has been with Westinghouse with the exception of 18 months which he spent installing an underground low-voltage network system in Havana, Cuba, for an American utility firm. He was born in Altoona, where he attended elementary and high schools. He is now living at 18 Holland Road, Wilkensburg, Pa.

Dr. W. W. Skinner Named Agriculture Bureau Chief

Dr. W. W. Skinner, '95, of Kensington, Md., has been appointed chief of the Bureau of Agricultural Chemistry and Engineering of the U. S. Department of Agriculture, to fill the vacancy caused by the death of Dr. Henry G. Knight last July.

Dr. Skinner, well known to hundreds of Maryland Alumni, was chairman of the University Board of Regents for many years.

Bernard Robb, '99, Writes Book On The Old South

Publishers E. P. Dutton Company in New York recently announced the printing of a new book entitled "Welcum Hinges" which was written by Bernard Robb, '99, who was known to his classmates of the old Maryland Agricultural College as "Bunny."

According to the publishing house, "Welcum Hinges" is a book which it is believed will take its place as a classic of Southern writing. It forms a remarkable picture of plantation life, and records with

(Continued on page 7)

D. C. Military Area Absorbs Maryland ROTC

Officers of the campus Military Department are no longer wearing the traditional three pointed, blue and white shoulder patch, signifying the Third Service Command, on the left sleeve of their uniforms.

Instead they are now displaying an oval, red, white and blue insignia which, in the words of one of the officers, "looks like a Christmas tree." On it, against a background of deep blue, stands a replica of the Washington Monument, crossed by a flaming red sword, all of which forms the official symbol of the Washington Military District.

The Washington District was enlarged about a month ago to include Prince Georges and Montgomery counties in Maryland and Alexandria in Virginia. Hence the change, which removes Maryland's ROTC headquarters from the supervision of Major General Milton Reckord and places it, instead, under Brigadier General John Lewis.

Maryland Students Soon To Broadcast Programs From Own Station On Campus

If present plans materialize students at the University of Maryland will soon be listening to radio programs which will be sent out from their own broadcasting station, located on the campus at College Park. Broadcasting will begin sometime during the month of January, it was announced by Gilbert Cullins of Baltimore, a senior in the College of Arts and Sciences, who is president of the Old Line Network.

Meets Approval

Having met with final approval by authorities of the University present plans of the network call for one-hour programs, both in the afternoon and evening, five days a week. Programs for week-day mornings have not been established definitely, but there will probably be a Sunday morning broadcast. The station will be within the range of any standard radio on the college campus.

George F. Corcoran, head of the Electrical Engineering Department of the University, supervised installation of the equipment. The work of erecting the technical equipment was performed by the students who will also assume the task of producing the programs. The programs will be under the direct supervision of the Speech Department of the University.

Work was held up on the project because of priority difficulties and it was only through the donations of student "ham operators" that the work was completed.

Receive Aid

The students were aided in establishing the network by George Abraham, a 1940 graduate of Brown University and the head of the Intercollegiate Broadcasting System, who donated enough equipment to get the Old Line Network on a working basis. It was through Mr. Abraham's work that most of the technical difficulties of the station were solved.

Since the Federal Communications Commission prohibits broadcasting over the air without a license, the Old Line Network will transmit its programs through the wires of the campus lighting system. Another FCC rule which limits stations broadcasting by wire to within three hundred feet of their own property, makes it doubtful whether off-campus fraternity and sorority houses will be able to receive the broadcasts.

Joins System

The University radio system will be a member of the Intercollegiate Broadcasting System, central agency of all college stations. Once a week, the network sponsors an hour program, emanating in turn from each of its college member stations, and featuring prominent national figures.

With Alumni At Home And Abroad

1927

WHITEFORD—Captain Roger S. Whiteford, who is serving "somewhere in England," was recently promoted to the rank of Major, according to a recent report. He becomes the executive officer of an infantry battalion.

1934

LEVIN—Manuel Levin of the University School of Medicine is a member of the United States Army Medical Corps. Recently he reported for duty at the Army Air Forces flexible gunnery school at Tyndall Field, Florida. Lieutenant Levin carried on his undergraduate work at Johns Hopkins University and is a member of Phi Alpha Tau Fraternity.

MATHEKE—Captain Otto Matheke, who received his Bachelor's Degree in 1934 and Medical School Degree in 1938, is now with the U. S. Army Medical Corps and is stationed at Camp Claiborne, Louisiana. Otto practiced medicine at Newark, New Jersey, before entering the service. He is married and has one daughter, Marion.

GANBRILL—Corporal Arthur P. Ganbrill has been transferred from Camp Holabird, Maryland, to Officers' Training School at Miami, Florida. Art was a member of Phi Delta Theta Fraternity while at College Park and had a position with the United States Government before being called to the colors.

LANG—Dr. William Lang, '34, Medical School, '38, is with the University Unit now stationed in Australia. Bill was studying in Boston when he joined the unit. He is married and has one child.

1935

NEEDHAM—William C. Needham recently left his position with the Washington Bureau of the Associated Press and joined the Army under Major General Alvin C. Gillam, a former member of the University of Maryland Military Department.

1936

NELSON—Dr. O. A. Nelson, formerly research chemist with the U. S. Department of Agriculture, has geen appointed to the technical staff of the Battelle Memorial Institute at Columbus, Ohio. Dr. Nelson received the Doctor of Philosophy Degree from the University in 1936. His undergraduate work was carried on at the North Dakota Agricultural College, and he holds a Master of Science Degree from Princeton University. He has won an outstanding reputation in the scientific world for his work in physical and scientific chemistry, and he is the author and co-author of many publications.

SHANK—Karl Shank is office manager for Bohman Warne, Inc., of Hagerstown. After graduating from the University of Maryland he took a course in accounting at La Salle University in Chicago. Shank was married to Jean Carpentier, '40, and they have two children — a boy and a girl.

1937

JOHNSON—William "Bing" Johnson may soon be on his way to Hollywood. Bing, whose voice has been carrying him to real success, graduated from a sustaining program on one of the larger networks and recently he had a part in Eddie Cantor's "Banjo Eyes." Until a few months ago he was "wowing them" in the glass hat room of the Belmont-Plaza Hotel in New York City with his rendition of Pagliacci. His "three-week engagement" lasted twelve weeks.

1938

WEJTCZUK—John A. Wejtczuk is enrolled in the U. S. Naval Pre-Flight School at Athens, Georgia. He was a member of the German Club and Kappa Alpha Fraternity at the University, where he also completed his C. A. A. primary training and received his Bachelor of Science Degree.

MORGAN—Lee Morgan has enlisted in the Naval Air Corps and is now in training at Washburn University, Topeka, Kansas.

WILSON—Margaret Wilson, who graduated from the University Nursing School in 1939, is supervisor of the Red Cross Aides at the same hospital.

BOWIE—William Bowie, a member of Theta Chi Fraternity, is married and living in Brooklyn, New York.

DANFORTH—Dorothy Danforth, '38, Nursing, '39, is married to Dr. Daniel Hope and followed her husband to California, where he is stationed with the Medical Corps. Dotty writes that she is amazed with the size and beauty of the California flowers.

1939

PEASLEE—Joseph Peaslee and Dorothy Daniels La Roe, daughter of Mr. and Mrs. William La Roe, Jr., of Washington, D. C., were married on September 26, at the Chevy Chase Presbyterian Church. Joe is a member of Phi Delta Theta Fraternity.

ADKINS—Katheryn, daughter of Mrs. Laurence F. Adkins and the late Laurence F. Adkins, of Salisbury, was married to H. G. Morrison, Jr., son of Mr. and Mrs. H. G. Morrison, of Peterson, Iowa. Mr. Morrison is an alumnus of Morningside College, Sioux City, Iowa, and of American University, Washington, D. C. He is associated with the OPA in Washington, D. C.

1940

VAIDEN—Sally Anne Vaiden, daughter of Mrs. Osborne T. Biddle and Mr. George A. Vaiden, was married recently to John Dana Muncks of Washington, D. C., in the Cathedral of the Incarnation. The Reverend Harold N. Arrowsmith, canon of the Cathedral, officiated.

BROWN—Robert S. Brown, a former football star of the University, is recreation officer with the Army at Camp Pendleton, Georgia.

PREBLE—Captain Merle Preble is married to Louise Mercer. He is stationed at Fort Benning, Georgia, with the 29th Infantry. Merle reports that he is the proud daddy of an eight-pound son born on October 20. The name — Merle, Jr.

BRICE—Mary Elizabeth Brice and Ensign John Morton, '40, were married on November 3 at the Kappa Delta Sorority house in College Park. Kitty was president of Kappa Delta and Bob was treasurer of Sigma Nu while they were students. Bob received his commission from Northwestern Naval Training School, and the couple are living in Miami, Florida.

Serving as matron of honor at the wedding was Nancy Brice, '38 (Mrs. Denzel P. Davis) and Lieutenant Frank Dwyer, '40, was best man. Kitty is the daughter of Norman E. Brice, '08.

TENNY—Captain Morgan L. Tenny, son of Mr. and Mrs. Collin M. Tenny of Garrett Park, Maryland, was married to Miss Anne Thomas, daughter of Mr. and Mrs. J. L. Thomas, of Garrett Park. Miss Thomas was graduated from George Washington University, where she was a member of Alpha Delta Phi Sorority and Phi Beta Kappa, honorary scholastic fraternity. Captain Tenny was a member of Theta Chi Fraternity.

OWNGS—Noble L. Owings, Jr., son of Mr. and Mrs. Noble L. Owings of Riverdale, Maryland, was married to Miss Ruth Elizabeth Knapp of Los Angeles, California. The bride was graduated from the University of California in 1941. The bridegroom is a senior student of the Church Divinity School of the Pacific.

1941

MILLER—Lieutenant Norman A. Miller, U. S. Marine Corps, can be contacted by using the following address: Unit 300, c/o Postmaster, San Francisco, California.

GREY—Carolyn Grey has become a member of the WAVES and reported for duty this month.

ROYSTER—Patricia Ann Royster was married recently to Lieutenant Frank Paul Lozupone, '40, U. S. Army. The bride is the daughter of Mr. and Mrs. Percy H. Royster of Bethesda, Maryland, and is a member of Kappa Kappa Gamma Sorority. Lieutenant Lozupone is the son of Mr. and Mrs. V. Stephano Lozupone of Chevy Chase and took his degree in Engineering at the University. The couple will make their home in Alexandria, Virginia, while Lieutenant Lozupone continues as a member of the staff at Fort Belvoir, Virginia.

MUELLER—John L. Mueller reports that he is with the Marines, and that he has "landed" somewhere in the South Pacific.

BELL—Judson Bell was recently awarded third prize in the 1942 All-American editorial competition sponsored by Pi Delta Epsilon, National Honorary Collegiate Journalistic Fraternity. Bell, who is now serving with the armed forces, competed with more than one hundred writers representing every section of the nation. His editorial, which ran in the November 18, 1941, edition of the *Diamondback*, of which he was editor-in-chief, was called "Thanksgiving or Giving Thanks?" In the editorial he compared America with the European nations at Thanksgiving time and emphasized the idea that the Americans have much for which to be thankful.

WOODWARD—First Lieutenant Charles W. Woodward, Jr., since last July has been stationed with the 93rd Armored Field Artillery Battalion, Camp Chaffee, Arkansas. He received his basic training at Fort Bragg, North Carolina, and was sent to Officers' Training School at Fort Sill, Oklahoma. He became a first lieutenant in September. Lieutenant Woodward received his Bachelor of Arts Degree after having completed his first year in the University Law School in Baltimore. He is a member of Phi Delta Theta Fraternity.

BLACK—Helen Black was married last June to Arthur W. Warner, Jr., who received his Master of Arts Degree from the University last year. The couple are living at 426 East Broad Street, Westfield, New Jersey. Mr. Warner is employed as a research physicist for the Western Electric Company, and Mrs. Warner is head dietitian in the Westfield Public Schools.

1942

McNEIL—Paul McNeil, who was graduated from the University last June, was married on October 10 to Virginia Ditzel of Halethorpe, Maryland. He is an instructor of the Officers' Candidate School, U. S. Marine Corps, Quantico, Virginia, where he received his commission as Second Lieutenant in August.

STELL—Lieutenant Theodore J. Stell is stationed with the anti-tank company, 109th Infantry, Camp Livingstone, La.

SMITH—Ernest E. Smith was married last November to Myra Ireen Cox, daughter of Mr. and Mrs. Alvin Cox of Baltimore. The marriage took place in the Christ Methodist Church of Federalsburg, Maryland, where the bridegroom is an instructor in the local high school.

ABSHIER—George S. Abshier, who received his Master's Degree from the University last June, was recently graduated as honor man of his company at the U. S. Naval Training Station, Great Lakes, Illinois. Following graduation from the University, Abshier became assistant county agent for the Indiana Extension Service. Several months ago he left his job to enlist as a seaman, first class. Through a series of aptitude tests, he was selected to attend one of the Navy's service schools. At Purdue University, where Abshier took his undergraduate work, he was a member of Alpha Zeta, Sigma Delta Chi, and Ceres Fraternities, and was rated as an honor student.

BALDWIN—W. H. Baldwin, who received his Doctor of Philosophy Degree from the University last June, is located in the rayon division of the E. I. duPont Company, Buffalo, New York.

PRICE—Edward Price, who has been stationed with the Eighth Bomber Command in England, was recently promoted to the rank of First Lieutenant. Ed landed in England early in August and so far as is known is still located there.

BOSWELL—Lieutenant Harry A. Boswell of the Army Air Corps is stationed at Duncan Field, San Antonio, Texas. Harry, who is a member of Sigma Chi Fraternity, is in the administrative division of the Air Corps.

EYLER—John D. Eyler, Jr., a graduate last June from the College of Business Administration of the University, has been advanced to the grade of First Lieutenant it was announced by the War Department. Upon graduation from the University Eyler entered the service as a Second Lieutenant in the Army Air Corps and was assigned to Warren Robins Field, Wellston Air Depot, at Macon, Georgia.

Old Line Athletic Contributions

Campagna Is Signed As University Boxing Coach

Thomas Campagna, Chicago Boys' Club instructor, has been signed to serve as boxing coach at Maryland, and will become the first full-time boxing instructor in the history of the school. He succeeds Bobby Goldstein, now serving in the armed forces.

Campagna, 30 years old, won fame in Chicago in the Golden Gloves ranks for five years where he finished in the semi-finals twice. For the past several years he has directed the boxing teams at Lawson YMCA, largest in Chicago, and the Union League Boys' Club there.

The new coach comes to Maryland with experience in handling large numbers of boys. In collaboration with Captain Bohler of the Military Department, Campagna is going to instruct the fundamentals of boxing every evening. This instruction will be given to those who have never boxed before. A different group will be taken each evening in order to instruct as many as possible. This plan will soon be announced in full detail, and it will be only on a voluntary basis.

The class will be divided into three distinct groups for the puropses of boxing. The boxers will be put in one of these, according to their ability; the groups are beginners, novices and seniors. This plan will take care of some of the boys not able to compete in the physical fitness program because of inadequate facilities.

Herb Gunther, battler in the 175-pound class, who handled the squad before a coach was secured will help instruct the freshman class.

•

Wright Leads Maryland Scorers With 48 Points

Jack Wright, husky junior fullback from Baltimore, led the Old Line gridders in scoring for the season with 48 points, but 14 in all figured in rolling up the 198-point total, ten backs and four ends.

Hubey Werner, a fine sophomore back, was second with 42 points; and Jack Mier, a senior ball toter, third, with 24.

Quarterback Tommy Mont booted 16 extra points in 26 attempts after Maryland's 30 touchdowns and Jack Hufman, a soph end, kicked a pair. Jack Mier, a back, missed the other two.

Bill Hottel Retires From Sports Publicity Post

As some of you turn to the sports page in this issue of the News you will notice that the name of William H. (Bill) Hottel no longer appears under the title of Old Line Athletic Contributions. We are sorry to admit this is not an error but is caused by the fact that Bill, familiar to Maryland graduates and Old Line sports fans for nearly a quarter of a century, has retired as athletic publicity director for the University.

Bill's loss to the University is a real one. Outside of President Byrd himself there is probably no one who has worked harder, more unstintingly, or more loyally for the Old Line institution. We think the editor of the *Diamondback* expressed himself very well when he said in the December 31 issue of that paper: "The University owes Bill Hottel a tremendous debt of gratitude for the wonderful job of publicity that he has done. He first came to Maryland at the request of President Byrd, who was coaching football then. The special event was 'Farmers Day' and publicity was in order. Bill did such a good job that he was retained on a full-time basis.

"Since that time his influence on publications and publicity has been inestimable. Many famous Terrapin teams received their notices from the publicity that he gave. Many famous Maryland athletes

(Continued on page 7)

Fuller, '96, and Mont, '44, Meet on Homecoming Day. Both were quarterbacks of Maryland teams and both graduated from Allegany High School, Cumberland, 50 years apart.

Mont's Great Record Receives High Praise

Tommy Mont, mainspring in Clark Shaughnessy's "T" formation, was chosen by the *Diamondback*, Maryland student newspaper, as the outstanding athlete of the year to coincide with the selection of the Touchdown Club of Washington in awarding him the Arch McDonald trophy as the outstanding college player in the Metropolitan Washington area. In the voting at the University he was trailed by John Gilmore, the only four-letter athlete in school.

Will Place High

Although no all-star teams have as yet been announced for the District, Tommy is virtually a certainty to occupy the quarterback position. The high rating that his passing and kicking, as well as his generalship, brought him guarantees this selection.

A versatile athlete, Mont is outstanding at basketball. On a squad that was overshadowed by the high scoring of Ernie Travis, Tom came up with better than 170 points for the season, an excellent average. An aggressive floorman, Mont never lets up, and is always hawking the ball.

From Cumberland

Tommy began his career in Cumberland, Maryland, where he went to Allegany High to earn seven letters. He starred in football, basketball and baseball. He was good enough in the first two to win berths on several all-star teams.

The freshman grid squad that Mont quarterbacked failed to live up to early season prospects, but Tommy established himself as a coming star with his good work. The basketball squad was one of the best frosh teams Maryland ever had. Mont was considered one of the best of a sterling group of prospects.

Named All-State

Although he was kept out of three games by injuries, Mont lived up to his advance notices in sharing the quarterbacking duties with Senior Merle DuVall. He was named to the All-State All-Sophomore team. In this year he continued to shine with the basketball squad. In the Spring, Mont started out playing lacrosse, and was heading for a fine season when Clark Shaughnessy arrived at Maryland.

It was on the gridiron that Tommy really shone. His passing was the highlight

(Continued on page 7)

Fuller, '96, Recalls First Football Team At Maryland

One of the first and most enthusiastic of the old grads to be seen on the campus on Homecoming Day was Clifton E. Fuller, '96, who came all the way from Cumberland to help celebrate the culmination of fifty years of football at Maryland.

Mr. Fuller was a member of the first football team which was organized in 1892 at the old Maryland Agricultural College, now the College Park branch of the University of Maryland. In addition to Mr. Fuller, four other members of this team are still living. They are Dr. W. W. Skinner, '96, of the U. S. Department of Agriculture, who was a member for many years of the board of regents of the University; W. T. S. Rollins, '96, an official of the Post Office Department with offices in Washington, D. C.; Parker Mitchell, '94, who is running a packing business in Perryman, Md., and Sothoron Key, '94, a practicing physician in the District of Columbia.

Mr. Fuller thoroughly enjoyed renewing many old friendships and proudly displayed the colors of the first football team, maroon and pearl. In this connection he laughingly pointed out to Coach Shaughnessy that the new Maryland colors of red and white are not so new after all. Mr. Fuller was President Byrd's guest of honor during the football game and later was photographed with Tommy Mont, of Cumberland, this year's dynamic quarterback at the University who, by an odd coincidence, was graduated from the same high school in Cumberland that Mr. Fuller had attended fifty years earlier.

o

University Has Biggest Percentage In R.O.T.C.

Out of the nineteen colleges in its service area, Maryland has the greatest percentage of male students enrolled in the ROTC, according to figures just received from headquarters of the Third Service Command.

Of its present enrollment of 2,000 men, 1,639 are engaged in military training. Ranging only fifth highest in total number of men, the University is second only to Penn State in the number enlisted in ROTC.

According to these figures, there are 1,355 enrolled in the local infantry unit, of which 328 are in the Advanced Course. 254 are signed up in the Signal Corps, including 59 Advanced students.

Bernard Robb, '99, Writes

(Continued from page 3)

loving care the character and philosophy of its central character, Uncle Woodson. This negro was born a slave and until his death at a very old age in 1920, served the Robb family which has lived for over a hundred and fifty years at Gay Mont, a beautiful and famous old house in Tidewater, Virginia.

Bernard Robb, as a boy, spent many hours with Uncle Woodson, listening to stories the old man loved to tell of Civil War days — of the capture and death of the assassin Boothe, whose decision at the crossroads to go straight on, probably kept him from seeking refuge at Gay Mont, that fateful night — and of the life on a typical Virginia plantation, before the war and the following years.

"Our do's hang on welcum hinges," Uncle Woodson always said to visitors as he received them at the door, or bade them farewell. He was the embodiment of his white folks' hospitality, the very spirit of the Old South. And this book is a beautiful tribute to him — the old man who "on de edge of dark," used to talk to his white children about so many old, far-off things. . . .

"Since childhood," says the author, "I have been intensely interested in the colored race — in their life and their philosophy. There was something instilled into my being by those early experiences which has impelled me to set down the sayings and philosophy of Uncle Woodson and the other Gay Mont negroes."

Mr. Robb is at the present time living in Richmond, Va., and his home address is 13 River Road.

•

Dean S. S. Steinberg Named To War Rationing Board

Dean S. S. Steinberg of the University of Maryland College of Engineering has been appointed chairman of the Tranpsortation Committee of the Prince Georges County War Price and Rationing Board, it has been announced by Leo H. McCormack, director of the Office of Price Administration of Maryland. This committee will operate under Leonard H. Burch, chairman of the Prince Georges War Price and Rationing Board.

Dean Steinberg's committee will make a study of the larger industrial plants and other organizations in Prince Georges County in order to determine the gasoline and tire needs of these plants and their employees.

Bill Hottel Retires From

(Continued from page 6)

filled their scrapbooks with the notices that Hottel wrote.

"One of the most valuable achievements of Mr. Hottel's career has been the compiling of a complete set of records on Maryland athletics from the very first game to the present. These records cover every game in which a Maryland team has competed.

"It is one of the most faithful servants of the University that we are losing when Bill Hottel leaves. Under his limelight, Maryland sports have grown from extramural standing to our present position."

The *Diamondback* editor might also have added that for many years Bill Hottel served as a most successful and understanding faculty advisor for all student publications and did much to bring them to the high position they now occupy. To those of us who served under him as student editors it can be said that we owe him much we can never repay.

We want to take this opportunity to express our appreciation for his long years of service and to wish him and Mrs. Hottel every happiness in the years to come.

— O. R. C.

Lieutenant Gilbert Gorsuch Reported Killed in Action

Lieutenant Gilbert F. Gorsuch, '40, of the University Dental School, is reported to have been "killed in action in tropical waters in the Atlantic," according to the Navy Department.

Gorsuch was a resident of Sparrows Point before he graduated from the University of Maryland. Following graduation he practiced dentistry in Rockville and Pocomoke City. He enlisted in the Navy in October, 1941, and was stationed in Norfolk, Va., before leaving for sea duty.

He is survived by his wife, Mrs. Grace Gorsuch of Sparrows Point, and by his mother, Mrs. Ernest Fisher, of Dundalk.

•

Mont's Great Record

(Continued from page 6)

of Shaughnessy's first team. From his post behind center, Tommy directed all the goalward drives, and dropped back to do most of the passing. His kicking was an additional asset averaging a .600 average place-kicking.

Tommy is a member of Advanced ROTC and the chances are that he will see another year of action at Maryland. If so, there is one bright star that is sure of continuing to shine.

U

Dr. Henry B. McDonnell,
College Park, Md.

FEBRUARY, 1943

IT was back at Jack Higgins'

YES, it's Jack's first—a boy. And after Jack had got over the shock of being a father, he began to plan, as all of them do.

"What d'you think, Doc," he said, "suppose he'll make a doctor?"

"Could be," I said. "Though I'd wait till he got some hair and teeth before I decided for sure."

But shucks! Jack wasn't listening. By the time I left he'd had the kid governor—he's probably president by now!

President? Maybe. No telling what little Johnnie'll be when he grows up. But whatever it is, we're sure going to be needing men like him! There'll be jobs to do, designing and building things for the future. Things like television, and air conditioning, and plastics, and what'll come after them.

This war is changing lots of things. We're just beginning to realize how big a job we've got ahead. But if the war's already showed us anything, it's that we couldn't begin to win if there hadn't been men with courage and vision to build factories and organizations big enough to make the weapons and equipment our boys in the Army and Navy need.

And it's showed us that if the factories can pour out war stuff the way they're doing today, afterwards they can turn out just as much to make peacetime living better.

So it's up to us to see that Johnnie has *his* chance, too. The chance to use all his initiative and gumption to produce something worth while. To give to the world as much as he gets. There's some *satisfaction* in a job like that! And that's the kind of a future I wish for little Johnnie Higgins! *General Electric Co., Schenectady, N. Y.*

★ ★ ★

THE VOLUME *of General Electric war production is so high and the degree of secrecy required is so great that we can tell you little about it now. When it can be told completely, we believe that the story of industry's developments during the war years will make one of the most fascinating chapters in the history of industrial progress.*

Marylanders Prove Heroes in Battle of South Seas

According to a recent article in the *Baltimore Evening Sun*, three University of Maryland medical graduates recently proved themselves heroes in the South Seas.

The article states: "During the battle for Buna Mission in December, three University of Maryland medical graduates helped to care for the wounded in a portable hospital near the front line.

"Serving under Major William L. Garlick, who was resident in surgery at Mercy Hospital before going overseas, were Captain Edwin Muller, Captain William Long and Lieutenant James R. Karns. Weller said: 'these medical aide men were heroes and took casualties with courage.'

"The hospital in which they served was shelled and bombed by the Japs but the wounded were cared for quickly. Several Japs received treatment at one of the American hospitals.

"Lieutenant Karns, who was born in Cumberland, was the gold-medal man when he was graduated from the University of Maryland School of Medicine. He sailed in June with the group from the University of Maryland as a member of Colonel Maurice Pinchoff's staff.

"Captain Muller, a graduate of Loyola College, served a two-year interneship at Mercy Hospital after being graduated from the University, and was also visiting physician at Mercy.

"Captain Long is a native of the Eastern Shore."

•

Major Cooke, '37, Killed in Recent Plane Crash

While on official duty Major Charles Harvey Cooke, '37, was killed in a plane crash on February 5. He had been stationed at Indiantown Gap, Pennsylvania.

Major Cooke was married to Dorothy Millar, '37, a Kappa Kappa Gamma. Cooke was a lacrosse player and manager of football. He was also a member of Omicron Delta Kappa and Sigma Phi Sigma fraternities.

Sumner Welles Addresses Graduates At First Mid-Winter Commencement Program

In spite of the difficulties of travel and an extremely threatening sky more than 5,000 students, friends and parents saw 309 graduates receive their diplomas at the first mid-winter graduation ever held by the University of Maryland.

Held In Coliseum

The exercises were held in Ritchie Coliseum and the main address was delivered by the distinguished Under-Secretary of State Sumner Welles, who was later presented for the honorary degree of doctor of laws by Henry Holzapfel, Jr., chairman of the board of regents of the University. In presenting the Under-Secretary, Mr. Holzapfel pointed out that "more than any other man Mr. Welles had contributed to the solidarity of the South American Republics."

Commencement week for the graduating class began the preceding Sunday when the baccalaureate sermon was delivered by the Reverend Nathaniel Acton, rector of the St. Andrews Episcopal Church of College Park, who told the class members "not to fear the future but to have faith in our national character which can make you better men and women."

Special Awards Assembly

In addition to Mr. Welles, others who spoke at the commencement exercises included President H. C. Byrd, who also presented the diplomas; Mr. Holzapfel; Brigadier General Edward W. Smith, Jr., Executive for Reserves and R.O.T.C. affairs; Brigadier General John T. Lewis, Commanding General of the Washington Military District; and Colonel C. E. McCarthy, Chief of the Reserve Branch of the Washington Military District.

General Smith presented certificates and diplomas to 84 members of the graduating class who were about to enter the United States army as second lieutenants. In addition, Mrs. John L. Whitehurst, only woman member of the board of regents, presented the diplomas to the graduates of the College of Home Economics.

Other Features

Other features of the program included presentation of honorary certificates in Agriculture to R. W. Shermantine, of the Maryland Milk Producer Cooperative, and D. B. McDowell, outstanding Cecil County dairyman; the singing of the Star Spangled Banner by Harlan Randall, head of the University's Music Department; and the Lord's Prayer by Justine Lawrie, of the Foundry Methodist Church, of Washington, D. C.

In his address to the graduates Mr. Welles stated: "We sometimes hear it said, all too frequently I think, that the cause for which we are fighting has not been made sufficiently plain. I feel you will agree with me that the issues of this conflict in which our people have been forced to engage are everlastingly clear. We, the people of the United States, are fighting to preserve our own liberties and our own independence. We are fighting in order to defeat a group of tyrannies, personifying all that which is most brutish and most evil in mankind, who have thought that they could dominate by force and treachery the whole world. And we are fighting, I hope and believe, in order to create a world of the future in which the smallest nation, as well as the largest nation, may find itself safe, and in which men and women can live out their lives in peace, in individual liberty, and in security

"I wonder if you realize what the United States means to the rest of the world, particularly to the peoples who today are living in the slavery imposed by Hitler. I wonder if you appreciate fully what the prestige of this country of yours actually is, and how great is the hope which has been kindled in the hearts and minds of men and women throughout the world because of the fact that your country is joined to the other members of the United Nations in this battle for freedom.

Covet No Property

"That hope rests, of course, in part upon the knowledge that the power of this nation is so great, now that the miracle of our initial war effort has been accomplished, as to make it clear beyond the shadow of any doubt that we shall achieve the victory which is our objective. But that hope rests also upon something else. It rests upon the moral character of the United States. The peoples of the earth know that the United States had no selfish ends in view when it engaged in this battle. They know that we desire no inch of territory outside of our own possessions. They know that we covet the property of no other people and that we have no desire to dominate any other race. They know that we have already granted freedom to the people for whom for a time we we served as trustees. They know and they hope that if this country is willing to exercise its moral strength to the same extent as it is now prepared to make felt its physical strength, the ideals for which the American people stand and in which they believe can be realized.

Dunnington, '14 Sends In Interesting Alumni Items

The following letter by an old grad, now stationed in South Dakota contained so much of interest about various alumni that we thought we would print it in full. The letter was sent by Frank "Dunny" Dunnington, who is a Major in the Army Air Corps and Commander of the 99th Bomb Group, Watertown, South Dakota. The letter reads as follows:

"As news of the whereabouts of alumni of the University of Maryland seems to be of interest in your columns, I thought a Father and Son act might not be out of order.

"I am a member of the class of 1914 and am at present the Commanding Officer of the ground eschelon of the 99th Bomb Group stationed at Watertown, South Dakota, awaiting orders for overseas service. My son Donald (Duck) Dunning-

(Continued on page 7)

Maryland Professor Is Co-Author of New Book On History of Historical Writing

Dr. Bernard J. Holm, assistant professor in the history department of the University, is the co-author of a new contribution to the field of historical writing which appeared recently under the title "A history of Historical Writing." Dr. Holm collaborated with the late Professor James C. Westfall Thompson, internationally known historian who worked for many years on the two volumes.

First Book of Kind

The book is the first in any language to give a general and sustained account of the history of historical writing from the earliest times to the present. The work fits each author into the general intellectual background of his age and assigns to him his place in the development of modern historigraphy. A recent review in the *Baltimore Evening Sun* called the work a "grand scale synthesis, filling a place which at the present time no other single work of historical scholarship can even pretend to occupy."

While Dr. Holm was Professor Thompson's research assistant at the University of California from 1936 to 1941, the two historians collaborated on the book, which was completed after six years of labor.

Phi Beta Kappa

Dr. Holm came to the University of Maryland after being trained in both history and theology at Capitol Seminary, Columbus, Ohio. He is a member of Phi Beta Kappa and an associate editor of "The Historian," journal of the national fraternity, Phi Alpha Theta.

With Alumni At Home And Abroad

1904

BURNSIDE—Harold W. Burnside is assistant cashier and manager of the northwest branch of the Riggs National Bank, Washington, D. C. Mr. Burnside is certainly a loyal alumnus, for all three of his children have either attended or are in attendance at the University. His oldest son, James, is now a Lieutenant in the active Reserves and graduated from the University in 1941; Bruce is a Junior in the College of Engineering and was recently elected to the Honorary Engineering Fraternity, Tau Beta Pi; while his youngest child, Jean, was enrolled as a Freshman last Fall.

1907

HARPER—Charles H. Harper is in the towing and lighterage business. His business address is 104 Marine Bank Building, Baltimore.

1918

EYRE—Roy S. Eyre is living at 4216 28th Street, Mount Rainer, Maryland, and lists his occupation as construction engineer.

1924

GAMBRILL—Charles M. Gambrill is in charge of the Analytical Department, Chemical Research Division, Ethyl Corporation, Detroit, Michigan. His address is 1600 West Eight Mile Road, Detroit.

GRAFFLIN—Mildred W. Grafflin, who received her Master's Degree from the University in 1924, is now technical assistant to the Director of Research, Hercules Powder Company. Her address is 1016 Washington Street, Wilmington, Delaware.

1926

SUPPLEE—Captain William C. Supplee is located at the Station Hospital, Camp San Luis Obespo, California. Bill wrote just before Christmas, and at that time had nothing but praise for the California climate.

1927

DITTMAR—Gordon F. Dittmar, B.S., '27, Ph.D., '42, is located at Northwestern University, Evanston, Illinois.

1928

FAITH—W. L. Faith is head of the Department of Chemical Engineering at Kansas State College. Faith secured his Masters and Doctor's degrees from the University of Illinois in 1929 and 1931 respectively. His home address is 1624 Osage Street, Manhattan, Kansas.

1932

KING—J. Richard King, M.S., '32, Ph.D., '35, is a Second Lieutenant in the U. S. Army Infantry, and is stationed at Camp Butner, North Carolina.

1934

HORNE—William A. Horne, B.S., '34, M.S., '35, Ph.D., '38, is associated with the Gulf Research and Development Company of Pittsburgh. His home address is 317 Allegany Avenue, Oakmont, Pa.

HOWARD—Frank L. Howard, B.S., '34, Ph.D., '38, is now living in Washington where he is associated with the National Bureau of Standards. His home is located at 9702 Lawndale Drive, Silver Springs, Maryland.

1935

OCKERSHAUSEN—R. W. Ockershausen, according to latest reports, is a member of the Engineering Service Division of the General Chemical Company of New York City. Ockershausen lives at 765 Anderson Avenue, Cliff Side Park, New Jersey.

SHRADER—S. A. Shrader, who received his Doctor of Philosophy Degree from Maryland in 1925, is now a member of the Dow Chemical Company of Midland, Michigan. His address is 101 Vainer Court, Midland.

CASKEY—Kenneth L. Caskey recently received his commission as a Second Lieutenant in the U. S. Marine Corps and is stationed at Quantico, Virginia.

1936

PARKER—Ruth E. Parker reports that she is associated with the Western Electric Company in Baltimore, and that her home address is 3600 Alameda Boulevard of that city.

JOHNSON—The Johnson brothers, Otis and Dick, are making a real success of their restaurant in Baltimore. It is a "mecca" for Old Line graduates and particularly for Baltimore Phi Delta Thetas, who hold their alumni meetings there every month.

ALLARD—Howard F. Allard, B.S., '36, M.S., '38, when last heard from was representing the U. S. Department of Agriculture in the Dominican Republic.

HASKIN—Reverend Frederick Haskin is now a Chaplain in the U. S. Army. Prior to joining the armed forces, he was an assistant at the Church of St. Mary the Virgin in New York City. Fred was well known on campus for his many extra-curricular activities and was a member of Footlight Club and Phi Delta Theta Fraternity.

1937

PADDLEFORD—Captain Justine D. Paddleford is property officer for the Niagara Falls plant in the Chemical Warfare Service. His present home address is 1634 Eighth Street, Niagara Falls, New York.

BIRMINGHAM—His many friends will be sorry to learn that Tom Birmingham, who was president of the Student Government Association in his senior year, and who is now a Lieutenant in the 3rd Armored Division, was injured while on maneuvers in California. His foot was severely mangled in a tank sprocket.

BELLOWS—John M. Bellows, M.S., '37, Ph.D., '40, is a U. S. Army Engineer with the airport camouflage division in Jacksonville, Florida.

1939

BROWN—William E. Brown, former editor of the Maryland Yearbook and prominent in campus activities, is now stationed with the American Expeditionary Force in North Africa. Bill is a Lieutenant and may be reached under the following address—0-394314 Company E-591st Engineer Boat Regiment, APO 302, Post New York City.

1940

KUHN—Helene Kuhn, a former member of Kappa Delta Sorority, is an Auxiliary with the WAACS and is in training at Des Moines, Iowa.

MATHEWS—Harry B. Mathews is a Technical Sergeant of the U. S. Army Medical Corps, and is located in Panama.

SMITH—Wilson L. Smith, M.S., '42, is doing experimental work on rubber for the U. S. Department of Agriculture at the Plant Introduction Garden, Savannah, Georgia.

1941

CHRISTENSEN—Hilde Christensen, B.S., '41, M.S., '42, is one of a number of Maryland graduates who have trained with the WAVES at the Naval Reserve Midshipmen School, Smith College, Northampton, Mass. (*Continued on page 7*)

Old Line Athletic Contributions

Basketball Team Suffers From Some Bad Breaks

Coach Burton Shipley was all set to see Maryland a sure shot for the Southern Conference finals when he struck a line of bad breaks. At present writing Maryland has about an even chance to see its team in the finals for the Southern Conference title.

Outstanding on the team thus far have been tall Ernie Travis and converted footballer, Tommy Mont. These boys, both of whom are fast and smart, have proven to be a two-pronged offense upon which the Old Liners could always depend. Travis has an average of 16 points per game while Tommy is not far behind. In addition to these outstanding point getters, Don Schuerholz, Eddie Baitz, and Bob James, have also shown up to advantage.

Start Is Good

Starting with a rush Maryland defeated Richmond University, 32-28. Don Schuerholz was the man of the evening in a game which showed that the team needed to improve its passing attack. This had definitely improved by the time North Carolina came up and the team disposed of the Tarheels handily.

Defeating the University of Virginia by the score of 53-45, in a thrilling game that required an overtime period, the team demonstrated that it was developing into a smooth, deadly court machine. Mont and Travis led the way in this one and the rest of the players easily found the basket. It was at this time that Maryland took to the road and Dame Fortune started to frown. In a closely disputed game Pennsylvania defeated the Old Liners and in quick succession they also lost to Washington and Lee and Virginia Military Institute.

Future Seems Hopeful

Coming back to school the team met its traditionally tough rival, George Washington, and in a close game, lost 48-43. Setting down to a session of hard, tough practice the team went on to defeat Navy in a thrilling game. From this showing the quint seemed to prove that it had gotten out of its losing rut and was once more on the winning road. In the coming weeks Duke, Washington and Lee, North Carolina, and Williams and Mary should provide good tests. On the basis of its last game Maryland stands a good chance of coming out ahead in most of these and securing a berth in the Southern Conference play-offs.

Clark Shaughnessy Resigns Position At University

Clark Shaughnessy, head coach of football, director of athletics and professor of physical education at the University of Maryland, handed in his resignation to President Byrd on January 25. Five days later he left College Park to become head football coach and a member of the faculty at the University of Pittsburgh.

Mr. Shaughnessy's letter of resignation to President Byrd reads as follows:

Dear Dr. Byrd:

It is with sincere regret that I tender herewith my resignation as Director of Athletics and Professor of Physical Education at the University of Maryland, to take effect on January 31, 1943.

I have deeply appreciated the fine cooperation and friendly relations of everybody here at the University, and I am exceedingly sorry that circumstances have arisen that make it necessary for me to leave the University.

I most heartily wish you personally, the University of Maryland, and all of the members of the University of Maryland family, students, faculty and alumni, the greatest of success.

Sincerely,

CLARK D. SHAUGHNESSY,
Director of Athletics.

As Mr. Shaughnessy's sudden leave-taking has already received considerable publicity by the press in general and as no plans have been made for his replacement at this writing the ALUMNI NEWS feels that nothing further need be said at this time.

Campagna Brings Boxers Along In Great Style

Maryland's boxing team, approaching the end of its first season under Tom Campagna, has responded in great style to win four bouts while losing only one, that one a tough loss to the University of Virginia. Considering the fact that Campagna came to Maryland with just a few days to get the team in shape, brings home the fact that this team is well qualified to rank as one of Maryland's best.

Freshman Are Used

Using freshman for the first time the boxing team made good use of Morris Guerrant and Ed Reider. Guerrant enenjoyed a prep school reputation that quickly brought him to the attention of the new coach. Ed Reider, the other freshman, had not fought before this year and went out for the team only after he had won the 135 weight class in a boxing tournament sponsored by the ROTC.

Len Rodman, heavyweight has proven a real addition to the team, with a powerfully developed right that has put the majority of his opponents away for the count. Jack Gilmore, at 165, and Herb Gunther, at 175, have provided a one-two punch that did much to insure Maryland's boxing season.

At this writing Maryland has defeated the Coast Guard Academy, Western Maryland, VPI, and Army and were looking toward to their traditional rival, Catholic University. The boxers face the Cardinals with the last appearance of three of their most valuable players. Gilmore, Gunther and Guerrant. Gilmore and Gunther leave school via the graduation route while Morris Guerrant goes to do some fighting for his Uncle Sam.

Campagna has expressed satisfaction with the team and the spirit of the students. He says that after the completion of this season he will stay on as boxing coach under the military-physical education program. This should insure prospects for a good team next year.

•

WILLIAMS—Captain Donald H. Williams, '38, of the United States Marine Corps, is on active duty "somewhere on the Pacific." He says, "the ALUMNI NEWS is forwarded to me out here much to my enjoyment. Many an Old Liner seems to be doing all right for himself out here in the leatherneck Corps."

Graduation

(*Continued from page 4*)

"It can never be made too clear, nor reiterated too often, that the foreign policy of the people of the United States, exactly like their domestic policies, should only be determined from the standpoint of what the American people believe is their real, their practical, self-interest. Our foreign policy must not be—and in the long run never will be—based upon emotional altruism nor sentimental aspiration. What we should all of us be asking ourselves day in and day out is, not only what policies this country should adopt after the war in order to make sure that our security and out best interests are safeguarded, but also what this country of ours could have done in the past in order to prevent, or at least to make less likely, the rise of the conditions which have permitted the outbreak of this great world struggle in which we are now engaged.

Foresook Responsibility

"I doubt that many thinking men and women today can fail to recognize the fact that if the United States had been willing a generation ago to bear its fair share of the responsibility for the maintenance of world order, the birth and the fantastic growth of those forces which crystalized into Hitlerism and Fascism and aggressive Japanese militarism would have been far less probable. From the standpoint of our selfish interest alone the cost to the American people of our assumption of such responsibilities during the twenty-five years that have now passed would have been infinitely less than the cost of the life and the treasure which we are now called upon to bear in order to achieve the total victory which is indispensable if our country and our civilization are to survive.

"In the positive sense, the free peoples of the New World share no responsibility for the outbreak of this world upheaval. What we in the Americas have wanted was to live at peace and to enjoy the liberities which the struggles of our forefathers conferred upon us. But in the negative sense, far too many of us here in the United States at least have failed to appreciate the basic fact that in the world of today, not even a hemisphere can live in peace and enjoy its liberty, much less achieve prosperity, if the rest of the world is going up in flames. For that cardinal error we cannot disclaim our full share of responsibility.

"In order to force from the enemies of mankind that unconditional surrender which is the only basis upon which this war can end, we require, and we are fortunately obtaining, the loyal and the unwavering cooperation for our armies, for our navies, and for our air power of the other members of the United Nations. We all of us recognize that this type of military and naval collaboration is essential in order to expedite the ultimate victory. Is it not equally true that the same form of cooperation is just as indispensable in the years to come, after the battle is won, in order to make certain that peace is maintained, that international prosperity is assured, and that the human rights and liberties in which we believe are made everlastingly secure?

"As I see it, that is the greatest problem which lies before you as you graduate from this University and undertake the task of helping to defend your country. You who will be doing the fighting and the working which will make it possible for us to gain this victory must equally be called upon to share in the determination of the course which your government follows at the conclusion of the war. You have before you as signals of warning the mistakes of judgment and the lack of foresight of my generation, and of the generation which preceded mine.

"The great question which lies before all of us is the question of how our people can best assure the safety of our nation in the years to come and can best safeguard the individual security of each of its citizens.

"In its solution surely the sacrifices which we are making today, and the still greater sacrifices which we will yet be called upon to make, will light the road towards the attainment of the goal for which we strive."

With Alumni At Home And Abroad

(*Continued from page 5*)

FAULKNER—Edgar F. Faulkner is now an Ensign in the U. S. Navy Air Corps and is stationed at Jacksonville, Florida.

FORBES—Ian Forbes, Jr., is a Second Lieutenant in the U. S. Army and when last heard from was with the American Forces in North Africa.

MUELLER—Second Lieutenant Jack Mueller, who had been stationed in the Solomons, recently payed a visit to his home. At this writing he is on his way back to San Diego to report for duty. His cousin Leo, also of the Class of 1941, is understood to be convalescing in Australia.

BOOZE—William Charles Booze, a graduate of the College of Engineering, is now an Ensign in the Navy. He completed the course of Reserve Ensign at the U. S. Naval Academy last May, and the same month was married to Miss Louise Oswinkle of Baltimore.

1942

OCHSENREITER—Flying Cadet Gene Ochsenreiter, is now receiving his training at New Haven, Connecticut. Prior to coming to New Haven, Gene had been stationed at Lowry Field, Colorado. Gene is a member of Phi Delta Theta Fraternity and is engaged to Mary Jane Dawson, who will graduate this year, Miss Dawson is a member of Kappa Kappa Gamma Sorority.

SKIPTON—Lieutenant Roy K. Skipton, who is stationed with the Parachute Infantry at Camp Blanding, Florida, was married recently to Miss Mary Beth Buller of Washington, D. C.

Dunning, '14 Sends In Interesting Alumni Items

(*Continued from page 4*)

ton, class of '44, is a Lieutenant of Infantry assigned to the 30th Division, stationed at Camp Blanding, Florida, also awaiting orders for overseas service.

"One of my Squadron Commanders, Lieutenant N. M. Scarborough, is the husband of Alden Tucker, a graduate nurse of the University of Maryland hospital who is at present with her husband here at Watertown. Another familar member of the College Park clan of a few years back, Lieutenant Louis Ahalt, of Middletown, Maryland, is also an officer of my outfit.

"All of the above mentioned alumni have followed the fortunes of our team on the gridiron this fall and wish to congratulate the team on it's splendid showing. Keep up the old fight at College Park and leave the Nazi and Jap to us.

"With the very kindest wishes to your President H. C. "Curly" Bryd and all the rest of our friends in the State of Maryland."

Sincerely,

FRANK DUNNINGTON.

Classmate Sees Grave of "Duke" Alexander

Mr. William H. England, of the Federal Trade Commission, received a letter recently from his son, Corporal William H. England, Jr., a former student at the University. Young England, who was in Australia more than a year ago and since that time has served in New Caledonia, two different islands of the New Hebrides, and Gaudalcanal, had a strange experience which he described to his father.

"The other day I had a strange coincidence while going through the graveyard here on the island. While passing through the rows, I ran across the grave of a friend of mine at college by the name of "Duke" Alexander, who was a Marine. The boy was one of the greatest fellows that one could ever meet and a great athlete, starring in football and track at school. His buddies had his name and a nice tribute inscribed on an A. A. shell beside his grave. One of the fellows from school wrote and told me he had been killed in action, so I thought I would see if I could find his grave here on the island."

Lt. Robert Howard Smith Reported Killed In Africa

Lieutenant Robert Howard Smith, U. S. Army Air Corps, of Silver Spring, Md., was killed in action in Africa on February 2. He enlisted in the Army in his junior year at the University and sailed for overseas duty on October 24, 1942, his 24th birthday. He had been cited for knocking down a Junkers plane in a raid on an American airport on January 15.

Besides his parents, he leaves two brothers, Paul Smith, who has just graduated from the University and who enlisted in aviation; Philip Smith, who is with the Bethlehem Shipbuilding Co., and three sisters, Mrs. Austin Kuehne and Mrs. John MacCubbin, of Baltimore, and Joan Smith, of Silver Spring.

Dr. W. T. Wootton '95, Elected President of Southern Medical Association

Dr. William Turner Wootton, who graduated from the old Maryland Agricultural College in 1895 and the University of Maryland Medical School in 1899, was recently elected president of the Southern Medical Association at the meeting of that organization in Richmond.

Recognized Leader

Dr. Wootton is one of the University's most illustrious Alumni and for many years has been a leader in the medical world, especially in the South, and is the author of many well-known publications. His home is in Hot Springs, Ark.

A fine tribute is paid Dr. Wootton in an editorial which appeared in the January issue of the Southern Medical Journal.

"The Richmond meeting, which was one of the best of the Association, shone particularly in its selection of officers for the year to come. The new President-Elect is one of the Southern Medical's best and oldest friends and a man long popular with its members. An intimate of the men who organized the Association and an active participant in its earliest activities, he served as Chairman of the Committee on Arrangements for the Hot Springs meeting in 1921, and made that meeting a memorable event in history. He has been Chairman of the Section on Medicine of the Association and has served on its Council

Born In Poolesville

"Born in Poolesville, Maryland, April 12, 1878, Dr. Wootton was the son of a physician, Dr. Edward Wootton, who rode horseback from the District of Columbia to the Blue Ridge Mountains of Virginia, covering his practice after the Civil War. His ancestors were also doctors, reaching back to Turner Wootton, physician to the London Company that settled under John Smith. Prior to that a Turner Wootton was physician to Queen Elizabeth.

"The President-Elect was educated in public schools at Poolesville, attended the Maryland Agricultural College at College Park from 1891 to '95, whence he entered the Medical Department of the University of Maryland (1895 to 1899) and graduated at the age of twenty-one. His early age of graduation betokened something of a prodigy, which his work has borne out.

"He served an interneship at the University of Maryland Hospital, and was later Assistant Physician at the Maryland State Hospital in Catonsville. He entered the Army as a contract surgeon in August, 1900, during the Spanish-American War, was sent to the Philippines and served at Santa Mesa and First Reserve Hospital in Manila. He was advanced to the rank of Captain and Assistant Surgeon, U. S. V. In the field, with headquarters at Los Banos, he served with the 21st U. S. Infantry in General Malvar's campaign. He

(Continued on page 5)

Alumni To Dine

A luncheon for University of Maryland Alumni in Chemistry will be held at the Hotel Statler in Detroit, Michigan, in connection with the meeting of the Maryland Chemical Society on April 15.

The luncheon will be held at 12:30 and the cost will be $1.50 per person. Anyone desiring to attend should notify either Norman Hobbs, '37, of 1794 Allard Road, Grosse Point Woods, Michigan, or Charles Gambrill, '24, of the Ethyl Gasoline Corporation, 7600 West Eight Mile Road, Detroit.

Interesting Letter Arrives From Ensign Vivian Bono

Here is an interesting and "newsy" letter from Vivian E. Bono, '40, that we pass on for the benefit of the Alumni. Vivian was one of the first Alumnae to join one of the war organizations for women. We wish that more of the Alumni and Alumnae would send material about themselves or other Alumni — for which we will say thank you in advance:

"There seems to be quite a lot of news coming from the old school, about people and things, according to our latest Alumni News. I see you're holding up the editorial end of the staff now. Congratulations!

"In my random travels, I have seen a number of our Alumni. Up at Northampton, Massachusetts — where the WAVES train — Betty "Tommy" St. Clair of '40, Hilde Christensen, '41, and

(Continued on page 7)

Dr. Willard S. Small Dies While Visiting Son

Maryland Alumni and particularly those of the College of Education will be sorry to learn of the death of Dr. Willard S. Small, former dean of the College of Education, who passed away recently while visiting his son in California.

Dr. Small, who was very popular with his students at the University, was seventy two years of age. He retired from the deanship at the University two years ago and since that time had been visiting friends and relatives in Massachusetts and Florida until this year, when he visited his son in Pasadena.

After serving as Superintendent of Schools in San Diego, Dr. Small came to Washington in 1906 as Principal of Eastern High School. He served in that post until 1918. From 1915 to 1918 he was connected with the United States Office of Education and from 1918 until 1922 he was specialist in school hygiene for the office. Dr. Small was also a lecturer at George Washington University for 15 years.

He became dean of the School of Education at the University of Maryland in 1923. An authority on many phases of education, Dr. Small was an author of many works on the subject. He was also a member of Delta Upsilon Fraternity and of Phi Kappa Honorary Fraternity.

Surviving him besides his son in California is another son, Lieutenant John R. Small, of the Coast Guard, and his wife, Mrs. Alice Turner Small.

Lt. George Vinton Pyles Killed In Action In China

Second Lieutenant George Vinton Pyles, a former Maryland student, was killed in action somewhere in China on January 6, according to a recent report.

Lieutenant Pyles had only recently written a letter to his parents in which he said, "What few flyers we have here are giving the Japs Hell."

At Maryland he was a member of the boxing team of 1940. He enlisted in the Army Air Force in April, 1941, after completing 200 hours of flying here. He was later sent to China where he was credited with shooting down three enemy planes.

Lieutenant Pyles' brother, Gordon, was a student in the College of Arts and Sciences until he left for the Army last month.

With Alumni At Home And Abroad

1910

COLE, William P. Cole, Jr., is now a judge in the United States Customs Court in New York City. His new home address is 34 Highland Avenue, Montclair, New Jersey.

SAUNDERS—Colonel Oswald H. Saunders is Director of the Training Division, Headquarters Second Service Command, Governor's Island, New York.

1912

IRELAND—Ritchie Alexander Ireland is a practicing physician and surgeon in Charleston, West Virginia. He is married to the former Ada Scott of Pennsboro, West Virginia, and they have one son, James Dudley. Dr. Ireland is a past president of the Kanawha Medical Society and the Mountain State Hospital.

1918

MURRELL—Archie A. Murrell is president of the Jaerrell Oil Company and is proprietor of the Lazy J Ranch, Castroville, Texas.

1923

CHAPPELL—Lieutenant-Colonel Kenneth B. Chappell is commanding officer at the Marine Barracks, Naval Air Station, San Juan, Puerto Rico.

BAILEY—Colonel C. T. Bailey, who was stationed at the Air Station, St. Thomas, Virgin Islands, has recently been transferred to San Diego, California.

1925

COMPHER—Carlton M. Compher is a First Lieutenant with the Army and is stationed in Detroit, working directly for the War Department. Compher is justly proud of the fact that he has one son, Carlton M., Jr., who has just completed his preflight training as a Naval Aviation Cadet at Little Rock, Arkansas; and his second son, Arthur, who is a Corporal in the Marine Corps, is completing advanced aviation ground work in Chicago.

HOUGH—Present address of Lieutenant-Colonel John F. Hough, of the U. S. Marine Corps, is U. S. M. C. Unit No. 705, c/o Postmaster, San Francisco, California.

1927

GORMLEY—Major and Mrs. John J. Gormley are the proud parents of a daughter, Carolyn Anne Gormley, born last December 1 in San Francisco. Mrs. Gormley is the former Harriet McCall of College Park. Major Gormley has been stationed "somewhere in the Pacific" with the U. S. Marines since last July.

1931

DUCKMAN—Dr. and Mrs. Simon Duckman announce the birth of a daughter, Linda Craige, born January 15. Linda Craige was born five months after her father was sent overseas, where he is serving as a Lieutenant in the Medical Corps somewhere in the Middle East. Dr. Duckman's home address is 904 Bushwick Avenue, Brooklyn, New York.

VEITCH—Dr. and Mrs. Fletcher Veitch, Jr., announce the birth of a son, Fletcher P. Veitch, III, born December 9 — weight six pounds eight ounces.

1932

SHURE—Ralph George Shure is practicing law in Takoma Park, Maryland. His business address is the Citizens Bank Building of that town. Shure was outstanding in track and cross-country at College Park.

1934

WALTER—Edward Walter, who has been teaching in the Cambridge High School, recently received his commission and has been sworn in as an Ensign in the U. S. Naval Reserves. He reported to Fort Schuyler, New York, on February 15, where he received his indoctrination course. From there he will go to Boston to receive final instructions. In addition to his teaching duties, Walter served as basketball, football, track, and softball coach at the Cambridge High School for several years. At Maryland he was outstanding in baseball, track and soccer.

LIVINGSTON—Captain Gordon H. Livingston of the U. S. Army Reserves may be addressed as follows: 56 Ordnance Co. (A.M.) APO 828 c/o Postmaster, New Orleans, Louisiana.

1935

SIMPSON—John G. Simpson was recently promoted to the rank of Lieutenant-Colonel. While at Maryland John played football and was a member of Scabbard and Blade and Kappa Alpha Fraternities. He is stationed at the Staff Training School at Fort Leavenworth, Kansas.

1936

PARKER—Ruth E. Parker, former Alpha Xi Delta member, is now associated with the Western Electric Company at Point Breeze, Maryland. Her home address is 3600 Alameda Boulevard, Baltimore.

1937

DALY—Edmund Thomas Daly is now living at Leland and Beech Drive, Chevy Chase, Maryland.

1938

McWILLIAMS—Major and Mrs. Jameson McWilliams recently announced a new arrival in the family — a baby boy. Mrs. McWilliams is the former Betty Law, a member of Alpha Omicron Pi Sorority, and a graduate of the Class of 1939. The proud daddy is a former Business Manager of the year book and a member of Phi Sigma Kappa Fraternity. At present he is attending the Staff Training School at Fort Leavenworth, Kansas.

1939

BISHOPP—Captain and Mrs. Fred Bishopp are the proud parents of a baby boy who was named Fred, Jr. Captain Bishopp was a Sigma Nu, member of Scabbard and Blade, and Omicron Delta Kappa. He is serving somewhere in the Pacific with the Marines. Mrs. Bishopp was the former Estelle Rawls, a member of Alpha Omicron Pi Sorority.

REMSBURG—Naval Aviation Cadet George Carlton Remsburg, Jr., recently completed his course of training at the U. S. Navy Pre-Flight School at Athens, Georgia, and has been ordered to the Naval Air Station at Grosse Ile, Michigan, for preliminary flight training.

EDGEWORTH—Clyde B. Edgeworth received his master's degree from the University and is living at 3 East 25th Street, Baltimore, Maryland. He is supervisor of commercial education for the Public Schools of Baltimore and an instructor in commercial education at the University of Maryland.

1940

SACHS—Evelyn Sachs was married last December 27 to Herbert Antin in Baltimore. Their present address is 23 Tioga Parkway, Baltimore.

LAWRENCE—Captain George Edward Lawrence is new aide-de-camp to Major General Bruce Magruder Commanding General at the Infantry Replacement Training Center, Camp Wolters, Texas. Lawrence played football and lacrosse at Maryland and was a member of Alpha Tau Omega Fraternity. Upon graduation from the College of Business Administration he was employed by the National Spinning Company of Brooklyn New York. He is married to the former Rebecca McIndoe of Danville, Va., and is living at Mineral Wells, Texas.

ASKIN—Nathan Askin was recently promoted from Fifth Grade Technician to Corporal. He received his Bachelor of Science Degree in Business Administration and at present is stationed at the Washington Recruiting and Induction Station, where he is a clerk. Askin was City Mens' Tennis Champion of Baltimore in 1939 and 1940 and for four years was a member of the boxing and tennis teams at the University. His home address is 1403 L Street, N. W., Washington, D. C.

1940

COLEMAN—Captain Thomas L. Coleman, a former president of the Student Government Association, and Lieutenant-Colonel of the R. O. T. C., is attending the Staff Training School at Fort Leavenworth, Kansas.

FLETCHER—A. W. Fletcher, Jr., is a Civil Engineer and is living at Linthicum Heights, Maryland.

COLE—William P. Cole, III, is now stationed at North Camp Polk, Louisiana, as a Lieutenant with the 7th Armored Division.

EVANS—Mr. and Mrs. Albert (Hermie) Evans report an addition to the family, a baby daughter, Karen Virginia. Hermie is a Naval flying instructor and is stationed at Anacostia, D. C. Mrs. Evans, the former Mary Helen Calendar, was a member of Alpha Omicron Pi Sorority.

HORDES—Sanford Hordes is associated with the Social Security Board as a Junior Codifier in the Bureau of Employment Security, Interpretation Service. Hordes received his law degree from the University and was a practicing attorney before joining the Federal Department. He is married to the former Frances Morewitz from Newport News, Virginia. The couple are living at 1448 Park Road, Washington, D. C.

1941

HODGINS—Aviation Cadet Lawrence J. Hodgins, Jr., son of Professor Lawrence J. Hodgins, of the College of Engineering, is at Pecos Air Field, Pecos, Texas, completing his basic flying training with the A. A. F.

DRAWBAUGH—Lieutenant David G. Drawbaugh, Jr., was married last fall to Miss Hettie Doris Hajek, daughter of Mr. and Mrs. E. J. Hajek, of New Jersey. Mrs. Drawbaugh is a graduate of the Hagerstown Business College. Lieutenant Drawbaugh was a high school instructor before entering the Army. The couple are now living at Camp Cambell, Kentucky, where Lieutenant Drawbaugh is stationed.

1942

PRICE—Edward Price wrote the editor recently that he had been in England for almost four months. He claims to be the first member of the Class of 1942 to land overseas. Ed says that the English people are really "swell", and that he is glad to be there. He says that he received his First Lieutenancy last October. The following address will reach him: H Q. 328th Service Group, 8th Bomber Command, APO 634, c/o Postmaster, New York City.

BARKER—Katherine Barker is now a Midshipman in the U. S. Naval Reserves. While at Maryland she was president of the Daydodgers' Club, and a member of Mortar Board and Kappa Delta Sorority.

SUROSKY—Ruth Sorosky was recently appointed a Midshipman in the U. S. Naval Reserves, following attendance at the Midshipmen's School at Northampton, Massachusetts. While at Maryland Ruth was a member of Alpha Sigma Sorority.

•

When Was First Maryland Football Team - '91 or '92?

There seems to be some question as to whether the University of Maryland was celebrating the culmination of fifty or fifty-one years of football at the annual Homecoming Day last fall.

P. C. Prough, '94, writes in to say that as nearly as he can remember the first football team at College Park was organized in 1891 at the old Maryland Agricultural College. At least, he says, the Alumni News was very much wrong in stating that there are only four members of this original team still living — because he makes the fifth living member. In addition to Mr. Prough, the only other members of the team known to be living are Dr. W. W. Skinner, '96; W. T. S. Rollins, '96; Parker Mitchell, '94, and Sothoron Key, '94.

The News regrets the error in omitting Mr. Prough's name, and if there are any other members of the team we shall be glad to hear from them, especially if they can clear up the question of whether Maryland's first official football team was established in 1891 or 1892.

•

Valentine '42 In Georgia

Arthur Howard Valentine, '42, was recently promoted to the rank of First Lieutenant. He is attached to the Army Air Force, stationed at Robins Field, Macon, Ga., where he has been on special duty since he was graduated from the University.

Dr. W. T. Wootton, '95

(Continued from page 2)

was transferred to the Civil Government for board of health work during the bubonic epidemic. He became an original member of the Military Order of the Carabao, a Philippine Order of importance, which has among its members the 'old timers' and the heads of the present service.

Lives In Hot Springs

"After returning to the United States early in 1903 he located in Hot Springs, Arkansas, for the practice of medicine. In 1904 he married Emma Wilson Whittington, and they have two daughters, Madge (Mrs. Euclid M. Smith), whose husband is a physician, and Martha (Mrs. Lawrence Westbrook).

"Dr. Wootton has been president in his local and State medical societies and has been active in other medical and scientific societies. He led the fight which culminated in the passage of the Gant Act which freed Hot Springs of the evils of drumming, thus elevating the standard of medical practice in his home city. At home he is a Deacon in the Presbyterian Church, and being a man of wide sympathies, has headed many charitable organizations.

Many Contributions

"He has made many outstanding contributions to medical literature and has devoted much time in recent years to the study of arthritis and the role of allergy in synovitis.

"During his early membership in the Southern Medical Association he proved himself a true friend, when friends were most needed. A distinguished internist, his winning personality and wisdom of council have made him a leader in organized medicine and in civil activities throughout his period of medical practice. His work and directive gifts will be appreciated by physicians in the South during his tenure of office."

•

Public Relations Officer

Captain Albert V. V. Ady, '27, who formerly edited a weekly paper in Rockville, Md., is now public relations officer for the Army Air Base at Muroc, California. Ady is a member of Sigma Phi Sigma, now Sigma Chi.

Ady is married to Francis Morris, Kappa Kappa Gamma, Class of '28, who is with her husband at Muroc. Recently Mrs. Ady was instrumental in organizing a Pan Hellenic dinner for the women of the area.

Old Line Athletic Contributions

Thirty Stickmen Prep For First Lacrosse Game

With the first game scheduled with Drexel Institute on Wednesday, March 24, about thirty stickmen have been prepping for the initial match under the able tutelage of Al Heagy, who was recently named head lacrosse coach at the University.

Good Season In Prospect

Prospects for the season are excellent. A nucleus of eight letter men has been bolstered by strong reserves from last year's squad and members of the freshman team who have had varsity experience during the summer schedule. At this writing the schedule had not been entirely completed but enough games had been listed to give promise of an interesting season.

Although two star attack men, Milt VandenBerg and Ray Greleki, have graduated, Coach Heagy is not carrying a crying towel for prospects for the midfield are better than in several seasons. Also the attack has a number of experienced players to build around and Captain Jack Faber, who coached many a Maryland lacrosse team to greatness, hopes to be able to find an occasional free afternoon from his duties at Walter Reed Hospital to help in this department.

Defense Is Green

The defense is one of the green spots of the team. There are only two lettermen out, Jack Dittmar and Bud Keller. The third spot is open, and the goal will probably be defended by Mel Udelowitz, a junior without varsity experience.

Bad weather had been hampering workouts as the lacrossemen prepared for the first match which came after only three weeks' preparation, an unusually short time to prepare for a sport.

Probable schedule of games will be:

March	24	Drexel	College Park
April	10	Rutgers (tent.)	College Park
April	17	Duke (tent.)	College Park
April	24	Princeton (tent.)	Princeton
April	28	Loyola	College Park
May	1	Penn State	College Park
May	8	Navy	Annapolis
May	12	Army	West Point
May	22	Johns Hopkins	College Park

Washington Senators Train At College Park

Denied the privilege of training in Florida's sunny clime by Judge Landis and the Office of Defense Transportation the Washington American League Senators will use the University of Maryland for a training site this spring.

At this writing the first contingent, consisting of pitchers, catchers, coaches and Manager Ossie Bluge, was due to arrive at College Park on March 14. The second group of players was to arrive on March 24.

The ball players will be quartered in the new Men's Dormitories and will eat their meals in the dining hall. The baseball field has been turned over to them, and their own ground's keepers will take care of the field. The diamond was originally laid out by the head ground keepers of the Senators and is one of the best available.

The Senators will play nearby service teams at Norfolk, where there is much baseball talent, as well as take trips for exhibition games with the Giants in New York. No exhibitions are slated for the local diamond, although there is one on tap with the Baltimore Orioles for Griffith Stadium on the 10th of April.

•

Boxing Team Completes Satisfactory Year

Hit more heavily by graduation and the call for reserves, the Maryland boxing team finished the season with a win despite the loss of two star heavyweights, John Gilmore and Herb Gunther. Over the seven-match campaign the line-up of heavyweights made an outstanding record as four boxers, Ed Reider, Johnny Gilmore, Herb Gunther and Len Rodman went through three matches before one of them met defeat. Gunther, Southern Conference 175-pound class champion, remained undefeated throughout the season which was his best in three years of fighting.

Only One Defeat

After the single defeat at the hands of the University of Virginia, which featured some exceedingly close decisions, the boxers finished their remaining three matches by overwhelming scores. First opponent to fall was Lock Haven Teachers. Fought in the lull between semesters, the Pennsylvanians went down to a 6½-1½ count. John Gilmore, although he scored a knockdown in the second round, could do no better than a draw in the 165-pound bout.

Catholic University provided the background for Herb Gunther's last appear-

(Continued on page 7)

Basketball Team Hit By War And Graduation

Graduation and Uncle Sam hit the Old Line cage team hard and only three first-stringers were left at the end of the season. First to go was Don Schuerholz, who left for the Air Corps after the Georgetown game. He was fifth in team scoring, but his scrappy ball-hawking pulled Maryland out of many holes during the season. Next to go was Ed Baitz, regular forward, who contributed 94 points to the total scoring. Ernie Travis, leading scorer in the State, was on deck for the last contest with V. M. I. but left for Camp Lee soon after.

Demonstrated Power

The cagers finished the season with seven wins and eight losses and in the Southern Conference the record was five and five. Although the losses outweighed the wins, the courtmen demonstrated power all through the campaign. Even highly rated rivals, such as Duke, Georgetown, and George Washington, current Southern Conference champs, failed to roll up large scores as had been predicted. One of the best games of the season was played against the Naval Academy when Ernie Travis and Tom Mont went wild to score thirty and twenty-three counters, respectively. It was the highst scoring game of th season and Maryland won, 63-54.

Duke proved to be somewhat of a disappointment. The Devils arrived in College Park with considerable advance publicity but despite a busy evening the Old Liners suffered only a 46-43 defeat. A two-day road trip to the South turned in wins against Virginia and North Carolina.

Georgetown Game Thrills

The most thrilling contest of the year was played against Georgetown. Playing their last game as a unit, the five original Old Liners took to the court and played an amazing game, moving into a first-half lead that dwindled to a tie at mid-game. The Marylanders were superb defensively as they held the Hoyas to 15 points in the first half. Bob James rocked the visitors with long set shots from midcourt while Don Schuerholz upset them more than once with his scurrying brand of ball-hawking. Although the Hoyas pulled away in the second period, it was one of the best showings that Maryland put on all year.

A weakened William and Mary team did

(Continued on page 7)

Basketball Team Hit

(Continued from page 6)

not offer much opposition as Maryland took over after a slow start to run up a 51-35 score. The final game was the deciding factor as to whether the Old Liners would go to the Southern Conference but the loss of two regulars and a strong V. M. I. team was sufficient to decide that. After a see-saw final stanza in which the lead changed hands five times, Maryland had possession of the ball, a one-point lead and a minute and a half to go. Sticking closer than a panhandler after a dime, the Keydets' Emil Sotnyk grabbed the ball from a scramble, dribbled the length of the floor and sank a snowbird to put the Virginians out in front by a single counter. As Maryland tried to put in the winning basket, a Liner was fouled and awarded two free throws, but both rolled off the hoop and so the game ended.

State High Scorers

In Ernie Travis and Tommy Mont, Maryland had the two highest scorers in the State. Travis collected 14 markers to put him in front of the scoring for the second consecutive year. He hooped 216 points while Mont made an even 200. Mont put in 58 baskets from the floor to lead that department while Travis made good 47 free throws.

•

Satisfactory Ring Year

(Continued from page 6)

ance. Gilmore was also scheduled to make his last showing at this time before reporting to Fort Benning with Gunther, but he was counted out by a combination of grippe and pneumonia.

Gunther's Record Great

The thrill of the evening was provided by Bill Kambouris' thirty second knockout in the 127-pound bout. Tom Jones, reappearing after being held out by a jaw operation, returned to gain a victory. Ed Reider added to the knockout list as he finished his opponent at the close of the second round. Gunther came through to take his bout and finish one of the greatest boxing careers in Maryland history.

By juggling the weight classes and introducing a newcomer, Benson Schwartz, a still formidable Liner squad outclassed a well-rated Tar Heel team. One of the most surprising bouts of the evening was Schwartz's performance in the 155-pound scrap. Against a wildly rushing opponent, Schwartz boxed cannily, employing only a strong left jab to win the nod. Another

(Continued top next column)

rapid knockout came in the 175 pound fighty with chunky freshman Ray Ciccone moved up to take Herb Gunther's place. Moving in behind a series of vicious round house swings the Carolinian went down in thirty three seconds of the initial stanza. Again two Maryland fighters went through their paces for the last time as Ed Reider and Ray Ciccone won their last bouts. Both were freshmen and had promised much in the ring and on the gridiron. Ciccone was a star halfback while Reider shone in the line of one of Maryland's strongest freshman football teams in years. Ciccone went with the Enlisted Reserve Corps while Reider was called by the draft.

Lose At Syracuse

Maryland answered the invitation to the Eastern Intercollegiate Boxing Tournament at Syracuse with only five men: Bill Kambouris, Tom Jones, Alex Bobenko, Benson Schwartz and Len Rodman. Although the Liners were conceded only an outside chance to retain the crown they won last year, two men placed in the finals. Tom Jones dropped a close one in one of the most thrilling battles in the tournament. He floored his opponent in the second round but succumbed to a late flurry to lose the nod. Len Rodman, heavyweight, also made the finals to lose a close decision to Salvatore Marabito, three-time champion. Although Rodman had the Syracuse boy backing up and shaking his head, he received more leather than he could land and lost the title.

The excellent showing made by the squad this year is a direct tribute to the skill of Coach Tom Campagna. Despite a late start and crippling losses, Campagna turned out a team that rates with the best in Maryland's history.

•

Frederick White '34 Dies In Baltimore Hospital

The many friends of Frederick White, '34, will be shocked to learn of his death at the Union Memorial Hospital, Baltimore, on January 10. Mr. White was thirty years of age and had been associated with the U. S. Soil Conservation Service as an agricultural engineer. He is survived by his wife, the former Margaret Smith, of Hyattsville; his parents, Mr. and Mrs. William White, and a sister, Mrs. Charles Morgan, of Washington, D. C.

Mr. White was a member of Phi Sigma Kappa, Gamma Phi Gamma, and Pi Delta Epsilon Fraternities.

Interesting Letter Arrives

(Continued from page 3)

I were in the same Company, and I were commissioned Ensigns the same day. Hilde and I came back to Washington, but Tommy went to New York. We all had supper at the home of Ensign Jack Brown of '39, who is a member of the Staff in Northampton. We also saw Janet McFadden of '41 occasionally. She is a member of the Staff, too.

"The best news I've read in the papers recently is that Ed Lloyd, Second Lieutenant in the Army, is a captive in the Philippines. Previous reports circulated the word that he had been a casualty. Incidentally, I received a letter from James E. Bryan, Jr., who was just commissioned an Ensign out at Notre Dame, Indiana. Also, Pershing Mondorff, '41, is now at Officers' Candidate School at Biloxi, Miss.

"Last year there was a wonderful list in some issue of the Alumni News which showed what services the various Alumni were in, their rank, station — if known — and so forth. That was such a good idea, I wish it might be possible to publish a sort of revised account sometime.

"So long for now, and best wishes to you and all the Alumni.

Sincerely,
Vivian E. Bono, '40,
Ensign, U.S.N.R."

Editor's Note — In reply to Miss Bono's request for a new list of Alumni in service we should like to say that we hope to include such a list in an early issue of the News.

Lt. L. G. Griffith Married To Miss Marjorie Rainwater

Lieutenant Leland Griffith Worthington, Jr., son of Mr. and Mrs. Leland Griffith Worthington, Sr., of Berwyn, Maryland, was married in February to Miss Majorie Rainwater, daughter of Mr. and Mrs. Cloud Night Rainwater of Little Rock, Arkansas. The wedding took place at the Rainwater home, 4716 Crest Wood Drive, Little Rock, with the Reverend Marion A. Boggs, pastor of the Second Presbyterian Church officiating at the double ring ceremony.

The bridegroom is stationed at Camp Robinson, Arkansas, where he is in command of a newly formed Cannon Company of the 37 1st Infantry. He and Mrs. Worthington are living at 4605 I Street, Little Rock.

Former Maryland Students Meet Again In England

Two former University of Maryland students recently renewed acquaintance in England. These students were Bay Lussier, of Rock Hall, the first Maryland girl to win her wings in England as a ferry pilot for the British Air Transport Auxiliary, and Lieutenant Kenneth Reecher, of Hagerstown.

Bay's arrival in London on three days' leave to keep a date with Kenny, who received a forty-eight hour pass after returning from a bombing mission, solved the problem of finding a name for the fourth engine of a new Flying Fortress which he expects to pilot and call "Maryland My Maryland."

Having named the other three engines of the fortress "Lord Baltimore," "Lord Calvert," and "Johnny Hager," Kenny decided to name the fourth engine "Bay" after his Maryland classmate.

At the University of Maryland both Bay and Kenny were enrolled in a Civilian Pilot Training Course.

Lieutenant Reecher entered the College of Commerce at the University in 1940. He was chairman of the freshman class and played lacrosse, but his real interest was a two-year course preparatory to entering the Army Air Forces.

* *

Pennington, '15, Located In Washington With F. B. I.

Lee R. Pennington, '15, is an Administrative Assistant to J. Edgar Hoover, Director of the Federal Bureau of Investigation. He has served with the F. B. I. since 1929.

Pennington was graduated from the University with a B.S. degree in mechanical engineering, and subsequently received B.C.S. and M.C.S. degrees from Southeastern University in the years 1928 and 1935 respectively. He is a member of Sigma Chi fraternity and the "M" Club.

Pennington entered the Army in 1917 as a Second Lieutenant and was assigned to the 60th Infantry, 5th Division of the Regular Army. He was later promoted to First Lieutenant and was decorated with a silver star and purple heart.

Woods Leaves University For Marine Corp Post

Albert W. Woods, '32, who has served the University of Maryland in various capacities in the Departments of Agronomy, Physical Edueation, and on the football field as player and coach, will leave College Park shortly to join the U. S. Marines as a First Lieutenant.

Serving in the Marines is nothing new to Al Woods, as he eame to the University in the fall of 1929 direct from the Marine Corps, where he had made a great record as fighter, player and coach.

Fought Sandino

Al was stationed in San Diego with the Marines in 1925 when the coaches there discovered his ability and shipped him to Quantico where he became the mainstay of the football team. However, the transfer did not last long, as Al was sent to Niearagua where he saw some real fighting. With a detachment of thirty-five Marines, Woods was isolated by the bandit Sandino, and he fought seventeen hours to hold the bandit leader off until a friendly scouting plane brought reinforeements to the Americans. For his part in this engagement, Woods, who then held the rank of Sergeant, reeeived the Niearaguan medal of honor.

Returning to the United States after his

(Continued on page 7)

Many Maryland Graduates Receive Recognition For Valor In Battle

Many Maryland alumni have received citations and medals in the present war for bravery and efficiency. The Alumni News herewith prints the names of some of those alumni who have been honored. We hope that information on any other alumni in the present war will be sent in to the magazine so it may be included in future issues.

Navy Cross To Thies

Lieutenant William H. Thies, '38, was recently decorated with the Navy Cross for heroism in fighting the Japanese in the Aleutian Islands. In announcing the citation the Navy stated that as a flyer in the Aleutians Thies "songht out and engaged the enemy, inspiring other members of the squadron to supreme efforts by his example of aggressiveness."

Thies was said to have participated in numerous patrols and once seored a direct hit on a Japanese transport in Kiska Harbor. He is also credited with sinking a Japanese submarine with one of his bombs. He was firing so elose to the ship, the report stated, that when his bomb exploded the blast knocked a hole in his plane, puncturing his fuel lines and setting fire to a motor.

Lieutenant Thies is a native of Washington. Upon leaving the University he entered the Navy and received his training at Pensacola. In 1940 he was married to Miss Vivian Thompson, of Washington. The couple have one daughter, Linda Lay ton.

Silver Star To Rooney

Another medal winner is Major Thomas O. Rooney, '33, who received the silver star medal for gallantry on the field of battle. According to the official citation "On February 22 and 23 in the vicinity of Kasserine Pass in Tunisia, Major Rooney repeatedly exposed himself to enemy fire and on numerous occasions passed through enemy mine fields with total disregard to his own safety. The tenacity, courage, and coolness of Major Rooney were in the highest military tradition."

Pat Rooney, as he was known to every one on the Maryland campus, was one of the University's football and basketball stars. He played forward in basketball and guard and tackle on the football team and was considered one of the most versatile and colorful athletes in the Washington area.

Following gradnation from the College of Arts and Sciences, Pat joined the editorial staff off the *Times-Herald* in Washington where he was gaining recognition as a newspaperman and writer of short stories prior to entering the Army.

Major Rooney is the son of Mr. and Mrs. George Lee Roney of Bethesda. At Maryland Pat was a member of Delta Sigma Phi fraternity.

Lambert Gets Medal

Captain John L. Lambert, of Arlington, Virginia, also a former University of Maryland student, now on duty in England, has been awarded the Oak Leaf Cluster, it was reeently announced by the Eighth United States Air Force. This is the second decoration that Lambert has received sinee he began flying in the European theatre of the war.

In a recent letter to his wife, Lambert told of what good ships the Flying Fortresses are and asked about his three-month-old son whom he has never seen. He did not mention the decoration.

At Maryland Lambert majored in Aeronautics under the CAA, entered the Air Force in 1940 and was commissioned in 1941.

Silver Star To Cogswell

Major Charles L. Cogswell, '36, U. S. Marine Corps, has been awarded the silver

(Continued on page 7)

Cator Woolford '89 Is One Of University's Most Outstanding Alumni

One of the University of Maryland's oldest and most illustrious alumni is Cator Woolford, '89, who is the founder of the Retail Credit Company which has its home office in Atlanta. In the April issue of the *Inspection News*, official publication of the Company, a very fine article appeared on the life history of Mr. Woolford. The article provided such interesting reading about a man who has brought great honor to himself and to his Alma Mater we are reprinting part of it for our readers.

Established Company

"Inasmuch as March is known in the Retail Credit Company as 'Founder's Month', this would seem to be an appropriate time to present a current report on the founder himself. Although retired, Mr. Cator Woolford might easily be referred to as 'Exhibit A' of his frequent advice, 'Keep going, keep going.'

"The first seventeen years of his life were spent on a farm in Maryland and in returning to 'farm life' at Altama, his home in the Georgia coastal section, 'Mr. Cator' has become active in numerous activities. He is privately engaged in timber operations with Lighter Wood as a sideline (the latter being the seasoned hearts of pine trees cut in uniform size splinters for kindling fires). In this day of rationing and food shortages, 'Mr. Cator' is doing his part in the general war program at home by having vegetable gardens, rice fields, poultry brooders, Jersey cows and beef cattle.

A Horticulturist

"While concentrating on more practical aspects, the aesthetic development of Altama has by no means been neglected, as one who knows 'Mr. Cator's' fondness for flowers can well imagine. He has found time to plant a number of the flowering trees, among them 'Gordonia Altamaha,' known in horticultural circles as the 'Lost Gordonia.' The unusual plants were first discovered growing wild on the rim of

With Alumni At Home And Abroad

1894

BOMBERGER—Dr. Frank B. Bomberger is associated with the University of Maryland Extension Service as professor of marketing.

1899

BETTON—J. J. Betton is an insurance broker in Washington. His business address is 1710 14th Street, N.W.

1908

ASHMAN—Louis S. Ashman is practicing law in Baltimore. His address is 211 E. Fayette Street.

1909

BISHOP—Crawford Bishop's present address is care of Sera Gougaley, 69 Calle Sena, Mexico, D. F.

1914

DUKES—L. R. Dukes, a graduate of the School of Pharmacy, has an insurance business in Baltimore. His home address is 4207 Roland Avenue.

1919

STEVENS—James W. Stevens' address is 226 S. Charles Street, Baltimore.

1922

KOHNER—Mrs. Bertha Ezekial Kohner is living at 3212 North Hampton Street, N.W., Washington, D. C.

1926

BROMLEY—Catherine Baker Bromley lists her occupation as "housewife." She is a graduate of the College of Home Economics and lives at Smithsburg, Md.

1927

BRIENSFIELD—C. S. Briensfield, graduate of the College of Agriculture, is a sanitary inspector and lives at 504 Brown Avenue, Hagerstown.

1929

WELSH—R. R. Welsh has been transferred to the Engineering Staff of the RCA Victor Division, Radio Corporation of America, Camden, New Jersey.

1930

FRESEMAN—Dorothea Sophia Freseman is in training for the U. S. Marine Corps Reserves at the Reserve Midshipman's School, South Hadley, Mass. Her home address is 235 E. 22nd Street, New York City.

WILSON—Dr. and Mrs. Harry Wilson, of Easton, Md., now have a second addition to the family, Harry, Jr., born Nov. 13.

1932

ACKERMAN—W. B. Ackerman, a graduate of the College of Arts and Sciences, is an economist with the Federal Government and is living at 1333 C Street, N.E., Washington, D. C.

FOUTS—Charles W. Fouts is a private in First Batallion, F.R.T.C., Fort Harrison, Indiana.

1934

HANIGSBERG—Lieutenant Murray J. Hanigsberg of the Medical Corps recently reported to Selfridge Field for duty. He received his undergraduate degree from the College of the City of New York in 1930 and his M.D. from the University of Maryland Medical School four years later. Before attending the school for aviation medicine at Randolph Field, Texas, Hanigsberg was stationed at Hunter Field, Georgia.

1936

MULLINIX—Mr. and Mrs. Paul Mullinix announce the arrival of a new daughter, Patricia Jeanne, on April 3. Mrs. Mullinix was the former Carolyn Young, who graduated from the College of Home Economics in 1937. She is a member of Alpha Xi Delta Sorority. Paul graduated from the College of Agriculture and is a member of Alpha Gamma Rho fraternity. The Mullinix's live in Elkton, Md.

1937

MELCHIOR—Donald F. Melchior is in the U. S. Naval Reserves. Mail should be sent to the Receiving Station of the Armed Guard Center, South Brooklyn, New York. After graduating from College Park Melchior took his degree from the Maryland Law School in 1943.

PIERCE—Mr and Mrs Carlton Pierce announce the birth of a daughter, Camela Janet, on January 11 at Georgetown Hospital, Washington, D. C. Carlton is a senior statistician in the Army Air Corps in Washington.

1938

HALLISTER—Curtiss Hallister is supervising engineer for the Defense Plant Corporation in Dayton, Ohio. His address is 431 E. 3rd Street, of that city.

LEHMANN—Theodore Lehmann is now a Captain in the Army Air Force and is training as a pilot at Shaw Field, Sumter, South Carolina. His wife is the former Elizabeth Foster of Baltimore.

1939

WISE—Paul S. Wise is a private in the Army. He can be addressed at the Chesapeake Bay Sector, Fort Monroe, Virginia.

REMSBERG—Aviation Cadet George C. Remsberg is now taking his primary flight training at the U. S. Naval Reserve Aviation Base, Grosse Isle, Michigan. Upon completion of his training at Grosse Isle, he will be transferred to Pensacola or Corpus Christi for advanced flight training.

SCHNEIDER—Howard Schneider has enrolled at Middlesex University, Walthon, Mass., as a member of the junior class in the School of Medicine. He plans to apply for a commission in the Army Medical Corps as soon as he completes his medical training.

McFARLANE—Samuel McFarlane is a chemist and is located at Lonaconing, Md.

BOHLIN—Mary H. Bohlin is in training with the U. S. Marine Corps Reserves at South Hadley, Mass. She is a member of Delta Delta Delta sorority, and her home address is 1717 Columbia Road, N.W., Washington, D. C.

1940

OTTEN—Captain L. J. Otten, Jr., is now located with the tenth A. A. F. F. T. D., at Blythe, California.

COLLINS—James Edward Collins is associated with the General Electric Company in the Navy and Marine Sales Section of the Switchgear Division. His address is 5600-1A Harley Drive, Philadelphia, Pa.

HARRIS—Pauline E. Harris is now living at 1208 Delaware Avenue, Wilmington, Delaware.

MILLER—Lee A. Miller is living at Sargeant Road, Hyattsville, Maryland.

1941

WAGNER—Ernest G. Wagner has been promoted to the rank of Captain at an Army Air Field in San Angelo, Texas, where he is assistant commandant of the cadets.

ISAACS—Captain Bill Isaacs is located at Camp Howze, Texas, where he is with the 334th Infantry.

With Alumni At Home

(Continued from page 4)

1942

LUNTZ—John D. Luntz, a graduate of the College of Commerce, is now attached to the 10th Quartermaster Training Regiment, Company K, at Camp Lee, Virginia. He hopes to enter the Quartermaster Officer Candidate School after further technical training. The ALUMNI NEWS wishes him the best of good luck.

HODDINOTT—R. Kenning Hoddinott, Jr., a former student in the College of Engineering, recently graduated from the Air Corps Technical School at Chanute Field, Illinois, where he was commissioned a Second Lieutenant. He is now Assistant Engineering Officer of the 16th Photo Squadron, First Mapping Group, Bowling Field, D. C.

BADENHOOP — William H. Badenhoop, who completed the combined Arts and Law course at the University, is now with the Army at the Air Base, Salt Lake City, Utah. Bill took his C. A. A. course at College Park and has been accepted by his Air Cadet Board and is awaiting orders to go to an Air Cadet Pre-Flight Training School.

VOGEL—Albert E. Vogel is an Ensign in the United States Naval Reserve and can be reached by the following address: U. S. Y. N.—g-4, c/o Fleet Post Office, Naval Operating Base, Norfolk, Va.

BENNETT—John M. Bennett is living in Baltimore, Md., where he is associated with the Navy Inspection Service. His address is 3117 Guilford Avenue.

BOYER—W. W. Boyer, who graduated from the College of Agriculture, is running a farm near Perryman, Md.

SHIREY—Orville Shirey, former *Diamondback* Editor and copy writer on the *Terrapin*, is serving as Batallion Plans and Training Officer with the Third Battalion of the 442nd Infantry at Camp Shelby, Mississippi.

GROVES—Doris E. Groves is in training with the U. S. Women's Reserve Corps at the Naval Training Station at Cedar Falls, Iowa.

LUSBY—Edward Warren Lusby, '43, and Miss Alice Jean Luckett, daughter of Mr. and Mrs. S. E. Luckett of Washington, D. C., were married on March 30 at the Clarendon Baptist Church in Arlington, Va. The Rev. F. L. Snyder officiated.

Mrs. Lusby is now a student at George Washington University. Mr. Lusby is a graduate of the College of Engineering and is a member of Tau Beta Pi, Engineering fraternity. He is employed by the Bureau of Ships at the Navy Yard. The couple are living at 5721 Eleventh Street North, Arlington, Virginia.

Cator Woolford '89

(Continued from page 3)

Altama by William Bartram, botanist, in the 1760's. Bartram, in a published account of his discovery, stated that in all of his world travels this particular place was the only one where the species was found. He gathered a few seed which he later planted in the famed Bartram Garden in Philadelphia. It is from these seed that all extant Gordonias of this variety have come, and 'Mr. Cator' took great pride in bringing some of the descendants of the original trees back home.

Encourages Responsibility

"Business associates of 'Mr. Cator' who know how much importance he attaches to well-organized procedure need not be told that Altama is conducted on a methodical basis. As a matter of fact, the 'Put-up System' and the 'Suggestion System' which he originated and put into effect in the Retail Credit Company many years ago are very much in evidence at Altama.

"The expression, 'put-up,' far from referring to a put-up job or the proverbial 'buck-passing,' is a term applied to a system which was a result of 'Mr. Cator's' plan for placing upon Retail Credit Company employees a full measure of responsibility, giving each individual the opportunity to be a thinking, responsible administrator of the business. This system provides for a complete analysis of a proposition and a recommendation of the action to be taken, supported by sound reasons for the suggested action.

At Work Early

"A unique phase of the system is that a specified period is set aside each day for 'put-ups.' At Altama this specified period is early in the morning. 'Mr. Cator' arrives at his desk before seven each morning and maps his schedule for the day. Shortly after breakfast the manager of the timber operations and the foreman of Altama come in to go over the day's 'line-up' and to present their 'put-ups.' Immediately afterwards, 'Mr. Cator' makes the rounds of the various scenes of activity, often stopping to lend a hand or stage a demonstration. His personal activity is not limited to merely inspection and supervision of the various projects under way, but includes actual work as he spends at least two or three hours each morning and usually one or two hours in the late afternoon working in the woods — burning undergrowth, etc."

Rewards Progressiveness

The article goes on to say that under Mr. Woolford's plan "suggestions are submitted on formal blanks, together with specific reasons for the suggestion being made. Unbiased consideration is given to each one. The merit of the suggestion is based on a saving over the existing situation measured in service, time, money or morale sufficient to justify the change. The Company's check for one dollar is sent in recognition of each suggestion adopted. In addition, two sets of prizes are awarded at the end of each year for the three best suggestions from the Home Office and similar awards to the branch office group. Departmental heads and division heads in the Home Office, and branch office managers and assistant managers in the field receive no monetary awards for their suggestions, but bronze replicas of the Rodin 'Thinker' are presented each year to members of these groups making outstanding suggestions. Approximately one thousand suggestions are submitted annually throughout the organization.

"'Mr. Cator' has found the 'Suggestion System' just as effective at Altama as in the Retail Credit Company. The workers there are encouraged to submit suggestions that will improve the general operations. One dollar is paid for each suggestion adopted and five dollars is paid for the most valuable suggestion made during the month.

"At Altama 'pay day' comes on Saturday, and at the weekly 'pay-off', 'Mr. Cator' conducts a one-man War Savings Stamp campaign. To make it convenient, he keeps a supply on hand and handles sales on the 'spot.' (This practice is the result of a suggestion made by one of the workers who received one dollar for his suggestion and, incidentally, five dollars for the best suggestion of that month.)

"Since Pearl Harbor, 'Mr. Cator' has extended the hospitality of his home to United States service men on a more or less systematic basis. On holidays he has 'open house' to a limited number, and between holidays entertains smaller groups, usually on Sundays. Colonel Van Dyke Ochs, Commander of the Post at Camp Stewart, Georgia, and an old friend, declares the visits to Altama have meant more to the boys than any single thing that has been provided for their pleasure. To all of Uncle Sam's men who visit 'Mr. Cator' he is affectionately known as 'Colonel' Woolford.

"As a parting gesture, the 'Colonel' asks each man to furnish the name and address of his mother, wife or best girl and to the chosen one he sends a gift box of Lighter Wood.

"When 'Mr. Cator' celebrated his seventy-fourth birthday on February [illegible], he was remembered by President Roosevelt, who had just returned from his epochal trip to Casablanca and who was not too preoccupied with matters of state to wire

(Continued on page [illegible])

Old Line Athletic Contributions

Stickmen Seem Headed For Successful Season

With the Drexel and Rutgers games tucked safely under their belts, Maryland's strong lacrosse team was all set for the Princeton tigers as this issue of the ALUMNI NEWS went to press. While Princeton promised to be the toughest opponent played thus far, there was every indication that Maryland was on its way to one of the best lacrosse seasons in its history.

Seven Lettermen

Seven lettermen are represented on the team this spring and there are also a large number of others who gained valuable experience on the outstanding team that played at College Park last summer. Among the lettermen who are back this spring are Bud Keller, Jack Dittmar, John Rabai and Warren Eierman. These men form the bulwark of a clever defense which has helped the Old Liners tremendously thus far.

The goalie position was quite a problem at first but was finally solved by Coach Heagy by moving Bill Taylor from midfield to that position. Taylor played the goalie position in high school and has apparently clinched that position now at Maryland.

Midfield Safe

The midfield positions are well taken care of by such good players as Otts Lundvall, Bill Tarbert, Lloyd Mallonee and a number of capable reserves. Jack Hoyert started the season in the midfield but was shifted to close attack after the Drexel game showed him to be a good dodger on the attack. Hoyert has already been tagged by some sports writers as possible All-American material.

Bob Stockbridge, Carroll Rowny and Doc Looper are showing up well in the attack positions and a real rivalry has developed between Rowny and Looper for the starting berth that was left vacant by Hoyert.

Drexel Is Tough

The score of the Drexel game was no indication of how hard fought it actually was. Drexel threatened all the way and it was largely because of the sterling play of the Maryland defense that the Philadelphia team was held from scoring. In addition, the loss of Marshall Austin, Drexel's star midfielder, hampered the visitors considerably.

After a two-week layoff the Old Liners showed definite improvement in the Rut-

(Continued on page 7)

Dr. Clarence W. Spears Named Football Coach At Maryland

Of wide interest to Maryland alumni, was the recent appointment of Dr. Clarence W. Spears as head football coach and director of the Student Health Program at the University of Maryland. The new coach comes from the University of Toledo where he served for seven years as director of athletics and head football coach. His appointment at Maryland became effective on April 1.

Dartmouth Graduate

The Maryland coaching job is the seventh held by Dr. Spears since he began his career in 1917. He was graduated from Dartmouth College where he was one of the outstanding linesmen of that institution. He later studied medicine at the Rush Medical School and served with the Army Medical Corps in the last war.

After the war "Doc" Spears abandoned the medical profession as a career and went back to Dartmouth to coach football. In his first season as coach of the Indians his team earned five wins against three defeats.

At West Virginia

In 1921 he moved to the University of West Virginia where he compiled an enviable record of 29 wins against 6 losses during his four years' stay. Some of the greatest teams in the history of the school were turned out during "Doc" Spears' stay at West Virginia. From 1925 to 1929 Spears continued his excellent record at the University of Minnesota, winning 29 games and losing only 9. At Minnesota he produced such outstanding football players as Bronko Nagurski and Clarence Munn.

After Minnesota the new Maryland coach moved to the University of Oregon, then to the University of Wisconsin, and finally to the University of Toledo.

Dr. Spears spent a week at the University of Maryland during the early part of April during which time he made a thorough inspection of athletic facilities and equipment at College Park. At the present time he is in the Middle West where he will pursue courses in preventive medicine at the University of Minnesota, the Rush Medical College Hospital in Chicago, and the Mayo Clinic at Rochester. He will return to the University of Maryland in the summer to lay plans for fall football practice and for carrying on the physical education program at College Park. There will be no spring football practice at the University this year.

Maryland Baseball Team Gets Off To Late Start

Although starting late, the University is represented this spring by a baseball team which made its debut on April 10 against the Fort Meyer baseball team. Maryland took an early lead but finally succumbed, 8 to 12, in the closing minutes of the game. Incidentally, Bozie Berger, '32, is the coach of the service team.

In spite of this loss, the Maryland team has the material to be a good one. The pitching staff consists of Bill Fulton, Tom Adkins, and Hartley Christ, who also doubles in right field. The outfield boasts a collection of sluggers led by Danny Boothe, Stuffy Evans, and Christ. The infield has Clark Hudak, Jimmy Kinsman, Leib McDonald, and Johnny Flynn, while Al Meade and Smoke Brenner are catchers.

While originally it had been intended

McCaw, '35, Now A Major In Quartermaster Corps

Frederick S. McCaw, '35, has been promoted from Captain to Major in the Quartermaster Corps, according to a recent announcement. He is special service officer for the Ninth Regiment Quartermaster Replacement Training Center, Camp Lee, Virginia.

McCaw received his B.S. degree in Education from the University of Maryland, where he was the Southern Conference light heavyweight boxing champion in 1934 and 1935. He has completed Master's degree courses at George Washington University and New York University.

McCaw was commissioned through the University of Maryland ROTC in 1935, and reported at Camp Lee for active duty in 1941. Prior to Army duty he was instructor in Physical Education with the

(Continued on page 7)

Dr. Bellows, '36, Addresses Jacksonville AAUW

Dr. Elise Bellows, formerly of Washington, D. C., was the guest speaker at a recent meeting of the Jacksonville Chapter of the American Association of University Women. At present she is an instructor in Hygiene at the Orlando Junior College in Florida.

Dr. Bellows earned all of her three degrees at the University of Maryland. She received her Bachelor of Science degree in 1936, her Masters degree in 1937, and the Degree of Doctor of Philosophy in 1941. She attended graduate school on a teaching fellowship and interrupted her studies for a year to investigate influenza and related viruses in a Rockefeller Foundation Laboratory on the University of Minnesota campus.

After receiving her Doctorate, Dr. Bellows took a position in the U. S. Public Health Service in the laboratory of Dr. Alice C. Evans, where she studied the various streptococci and their bacteriophages, agents which infect and kill bacteria.

Coeds At University Have Crack Marching Group

Under the leadership of Lieutenant Davis and Cadet Major Ted Beuerman, of Washington, D. C., military training is being offered to coeds at the University.

Last semester the coed marching group participated in Cadet Colonel Day and executed an exhibition drill. This semester the coeds have formed a company with their own officers in command.

If the coed representation is large enough this semester, Lieutenant Davis is planning to devote a part of each hour to lectures on war gases, army tactics, first aid, and war maneuvers.

* *

Baseball Gets Late Start

(Continued from page 6)

to drop baseball for the duration, there was so much demand from the student body that it was finally decided by the athletic board to continue the sport on a limited basis. This season marks Coach Shipley's twentieth year as baseball mentor at College Park.

Stickmen Seem Headed For Successful Season

(Continued from page 6)

gers game, although again it was the outstanding play of the defense that shown as Keller, Dittmar and Rabai held the Crimson attack helpless. The attack and midfield showed considerable improvement over the Drexel game and Carroll Rowny led the scoring with five goals, four of which were chalked up in the second half. In the closing minutes of the game Maryland used most of the second- and third string players.

* *

Recognition For Valor

(Continued from page 3)

star for distinguished service on Guadalcanal on August 29 and September 2 of last year.

According to the official report "Major Cogswell displayed heroism in fighting ammunition fires started by Japanese bombers. On one occasion he organized a fire-fighting unit and advanced into an area to help subdue the flames and hold the damage to a minimum. Again an enemy attack started fires and Major Cogswell collected all the men available and fought the fire, despite explosions. He worked at the head of his detachment until he was wounded by a shell fragment."

Major Cogswell is the son of Mrs. Alice T. Cogswell of Washington and the late Dr. Frank B. Cogswell. Before entering the University of Maryland, he attended Staunton Military Academy. Enlisting as a private, he was honor graduate of the Platoon Leader School at Quantico, Virginia, in 1936, and the following July was commissioned a Second Lieutenant. Before being called to active duty he was an accountant for the Washington Star.

Timberlake Is Cited

Lieutenant Turner G. Timberlake, '42, was recently cited for efficiency in his work with the Engineering Corps in Alaska, where he has been assigned to the gigantic military road construction job. The citation read as follows: "For exceptionally meritorious performance of his duties as regimental transportation officer during the period August 11, 1942, to October 16, 1942, while the —— was engaged in the construction of the Alcan Highway, near —— ——. Under adverse conditions of weather and rain and with limited facilities, First Lieutenant Timberlake, through his devotion to duty, energy, and resourcefulness, prevented delay in the accomplishment of a mission by prompt and skillful repairs to important equipment and machinery."

Woods Leaves University

(Continued from page 3)

part in the Sandino incident, Al once more took up football for the Marines and did so well as a signal caller that he was named All Time All Marine quarterback, a distinct honor in view of the great Marine teams that played during the twenties.

Great Player

At Maryland Al carried on the same outstanding brand of football that made him a star in high school and the Marines, and he won honor in all three years on the Maryland Varsity. In his sophomore year he was selected to the All-Maryland team. Subsequently he received the card of merit from the All-American Board, was selected as the outstanding player in this area by the Associated Press, was named All-District, All-Time, All-Maryland player, and in his senior year he received an award for being the outstanding athlete of the University. Those who saw Al play still talk about his outstanding tackling and blocking.

After graduating he served as assistant football coach for a season, after which he was an educational advisor in the CCC for a term. Al returned to the University later to take graduate work in Agronomy and served as laboratory instructor and assistant football coach.

* *

Strobel, '36, Is Captain In Coast Artillery Corp

Word has just been received by his parents that Henry C. Strobel, '36, of the Coast Guard Artillery Corps, was recently promoted to the rank of Captain.

Captain Strobel was detailed to overseas duty in September, 1941. Prior to that he was employed by the Potomac Electric Power Company as an Engineer in the Overhead Construction Department.

While at Maryland Strobel was an advanced member of the Reserve Officer's Training Corps. Following graduation he became a member of the Washington Board of Trade and was active in a number of young people's organizations.

Alumni Association—University of Maryland

Founded in 1892

OFFICERS FOR 1942 - 43

ROBERT M. WATKINS, '23, *President*
College Park, Md.

AUSTIN C. DIGGS, '21, *First Vice-President*.....Baltimore, Md.
TALBOT T. SPEER, '18, *Second Vice-President*.....Baltimore, Md.
WILLIAM W. COREY, '30, *Secretary*.....College Park, Md.

ALUMNI BOARD

(*Note* — The officers named above are also members of the Alumni Board)

CHARLES V. KOON, '29, *Chairman*

EDWIN SEMLER, '23; MRS. EDITH BURNSIDE WHITEFORD, '29..... *Arts and Sciences*
J. A. BROMLEY, '17; J. P. SHAEFER, '28.....*Engineering*
M. B. STEVENS, '28; J. C. LONGRIDGE, '29.....*Education*
J. M. LESCURE, '23; K. E. SMITH, '16.....*Agriculture*
MRS. GERTRUDE C. KALEC, '26; MISS MARTHA ROSS TEMPLE, '31.....*Home Economics*
ELWOOD ARMISTRONG, '26; JEROME HARDY, '39.....*Commerce*

MEMBERS AT LARGE

OMAR CROTHERS, JR., '29; C. V. KOONS, '29.....*Men's Representatives*
MRS. AGNES MCNUTT KRICKER, '32; MISS MAY LOUISE WOOD, '28.... *Women's Representatives*
DR. A. A. PARKER, '05.....*Immediate Past President*

O. R. CARRINGTON, '23, Editor

MARYLAND ALUMNI NEWS, issued monthly by the University of Maryland Alumni Association at College Park, Md., as second-class matter under the Act of Congress, March 3, 1879.
Annual Alumni Association dues are $2.00. One year's subscription to ALUMNI NEWS, 50 cents.

GROUP LEADERS

ALLEGANY COUNTY: E. Brooke Whiting, '98, President; Dr. Joseph Franklin, '21, Secretary, Cumberland, Md.
BALTIMORE COUNTY: C. Walter Cole, '21, President; H. B. Derrick, '17, Secretary, Towson, Maryland.
BALTIMORE CITY: Chester Tawney, '31, President, 4022 Roland Avenue; E. Gordon Hammond, '34, Secretary, 1023 W. Barre Street, Baltimore, Md.
CAROLINE COUNTY: George W. Clendaniel, '20, President; Dr. Maurice A. Brackett, '21, Treasurer; Mrs. George W. Clendaniel, '27, Secretary, all of Denton, Md.
DORCHESTER COUNTY: James E. Andrews, Jr., '31, President; Charles E. Edmondson, '36, Secretary, Cambridge, Md.
HARFORD COUNTY: W. B. Mumnikhuysen, '14, President; H. M. Carroll, '20, Secretary, Bel Air, Md.
FREDERICK COUNTY: Ransom R. Lewis, '19, President; Richard E. Zimmerman, '37, '40, Secretary, Frederick, Md.
GARRETT COUNTY: Dr. E. I. Baumgartner, '27, President; Mrs. Katherine Stevenson Helbig, '32, Secretary, Oakland, Md.
MONTGOMERY COUNTY: Mary Fisher, '36, Secretary, Rockville, Md.
NEW YORK CITY: Mr. James E. Dingman, '21, President, 32 Sixth Avenue; Sarah Morris, '25, Secretary, 310 East 44th Street, New York City.
PHILADELPHIA: A. Moulton McNutt, '06, President, 413 Cooper Street, Camden, N. J.; J. P. Mudd, '07, Secretary, 174 Manheim Street, Philadelphia, Pa.
PITTSBURGH: E. Minor Wenner, '27, President, 1111 Gladys Avenue; Dr. A. A. Krieger, '32, Secretary, Highland Building, Pittsburgh, Pa.
WASHINGTON, D. C.: J. Douglas Wallop, '19, President, 6139 N. Dakota Avenue N.W.; Charles V. Koons, '29, Secretary, 419 Fourth Street N.E., Washington.
WASHINGTON COUNTY: Hon. Henry Holzapfel, Jr., '93, President, Hagerstown, Md.; L. G. Mathias, '23, Secretary, Hagerstown, Md.
WICOMICO COUNTY: Mr. Charles E. Hearne, '30, President; Miss Bettie Harcum, '38, Secretary, Salisbury, Md.

Alumni Invited To Attend Graduation Day Exercises

All alumni are extended a cordial invitation by President Byrd and R. M. (Bunt) Watkins, president of the Alumni Association, to attend the Commencement Day exercises, which will be held at College Park on Saturday, May 29, at 11 a. m. in the Coliseum.

Present plans call for a combined graduation ceremony for both the Baltimore and College Park Schools and it is expected that more than 400 students will receive their diplomas. Those alumni who have never seen a graduation in the Coliseum have missed a very colorful and impressive occasion.

President Watkins says that a meeting of all alumni will be held on the campus after the graduation exercises are over — the exact time and place will be announced during the ceremony.

★

MANY THANKS

Don't forget to pay your alumni dues — they are very much needed to carry on the NEWS and the work of the Association for the "duration." Here is a list of those who have sent in their dues during the last few months and for which we say thank you: Barbara Caminita, Clyde B. Edgeworth, A. W. Fletcher, James E. Collins, Owen H. Fowler, Aaron Freidenwald, Kenneth Grace, Walter K. Grigg, Gordon H. Livingston, Ruthe E. Parker, Ralph C. Shure, Orville Shirey, M. S. Sutton, J. F. Hough and Donald H. Williams

★

COVER PICTURE

With the spirit of graduation once more in the air, this picture of the Under Secretary of State Sumner H. Welles receiving the honorary degree of Doctor of Law from President Byrd seems quite fitting. Mr. Welles delivered the main address at the graduation exercises last February and impressed all with his perception and forthright analysis of world conditions.

Students Honor Memory Of Late Charles E. Eichlin

Unveil Plaque At O. D. K. Tapping Ceremonies, April 28

A handsome wine-colored plaque, in honor of the late Charles E. Eichlin, head of the Physics Department at the University of Maryland, who passed away last summer, was unveiled on April 28 at the annual spring tapping ceremony of Omicron Delta Kappa, honorary leadership fraternity. The plaque was presented to the University on behalf of eight student organizations by Professor Russell B. Allen, of the College of Engineering, and was received by Dr. H. C. Byrd, President of the University. The plaque was unveiled by Charles Eichlin, son of Profesor Eichlin. Also present were Mrs. Eichlin and his two daughters.

Faculty Member Tapped

At the tapping ceremonies Dean S. S. Steinberg, of the College of Engineering, and Dr. Ray Ehrensberger, Head of the Department of Speech, were inducted into membership. Dean Steinberg has long been prominent as an authority on highway construction. He is president of the planning division of the American Road Association, regional representative of the War Manpower Commission, and Head of the Engineers' War Training Program in five States. Dr. Ehrensberger's interest in radio has been largely responsible for the University obtaining a CBS type studio for the department, where a radio technique course is directed. Only recently Dr. Ehrensberger was a great assistance in the establishment of a student radio network on the campus.

A plaque in honor of the late Charles E. Eichlin, Head of the Department of physics at the University, was unveiled during the spring tapping ceremony of Omicron Delta Kappa, leadership fraternity. *Left to right:* Dr. H. C. Byrd, President of the University of Maryland, who accepted the plaque on behalf of the University; Professor Russell B. Allen, of the College of Engineering, who made the presentation; Howard L. Keller, of Baltimore, President of the fraternity; Mrs. Eichlin, and Charles Eichlin, son of Professor Eichlin, who unveiled the plaque.

Students inducted into membership were Robert Esher, of Washington, and Carson Moyer, of Baltimore, for scholarship; John E. Watson, of St. Mary's County, and John Dobler, of Baltimore, for social leadership; Thomas Mont, of Cumberland, and Sam-

Dr. Samuel G. Davis, '93 Passes Away In Baltimore

Dr. Samuel Griffith Davis, '93, most widely known anesthetist in Maryland and Professor of Anesthetics at the University of Maryland for thirty years, died suddenly at his home in Baltimore in April. If Dr. Davis had lived until May 2 he would have been 76 years old.

He had devoted the greater part of his life to administering anesthetics to those about to undergo operations, and one newspaper stated that "No man in Maryland had performed that service to so many people."

In addition to the University of Maryland Hospital Dr. Davis served as anesthetist for Mercy Hospital, Union Memorial, Bon Secours, South Baltimore General, and Church Home and Infirmary. He was also consulting anesthetist at St. Joseph's, the West Baltimore General, and Hebrew Hospital, and was a member of the Staff of the Hospital for the Women of Maryland.

(Continued on page 7)

First Student Musical Festival Makes Big Hit At University

A Musical Festival, under the leadership of the Student Music Activities Committee of the University of Maryland, was held on the College Park campus on April 29 and 30. The project was under the direction of Harland Randall, Head of the Music Department at the University and was participated in by members of the Men's Glee Club, Women's Chorus, Student Orchestra, R. O. T. C. Band, and Clef and Key Club, dramatic and musical organization. The program included both classical and modern swing music and proved extremely popular with both the students and members of the faculty.

Opens With Recital

The program opened Thursday afternoon with a recital by Mr. Randall, Byron Bird, pianist of Chevy Chase, Md., and Mrs. Jesse Blaisdell, of Riverdale, accompanist, in the Maryland Room of the Home Economics Building. These selections were offered especially for those students and faculty members who had requested light classical music. The same evening a concert was given by the R. O. T. C. Band under the direction of Sergeant Otto Siebeneichen, on the steps of the Administration Building, and later a giant Community Sing was held in the auditorium of the Agricultural Building, following which a show was given by the members of Clef and Key.

Students who participated in the Thursday evening show were Freddy Ehrlich, trumpet soloist, and Wanda Pelczar, vocalist, of Baltimore; Lucy Jane Stewart, vocalist, and Ruth Buchanan, accordionist, Silver Spring; Benjamin Silver, guitar, Havre de Grace; comedians Gordon Shalowitz, Harry McGuirk, and Irving Cushner, Baltimore, and a quartet composed of Athur Jehle, of Hyattsville, and James

With Alumni At Home And Abroad

1894

CAIRNES—C. W. Cairnes is a retired Army officer and is living in the Ontario Apartments, Washington, D. C.

1896

FULLER—Clifton E. Fuller, who starred as a football player at old M. A. C., is a foreman for the Baltimore and Ohio Railroad in Cumberland, Maryland.

1903

FRIEDENWALD—Edgar B. Friedenwald is a practicing physician in Baltimore. His address is 1616 Linden Avenue.

1908

BRIGHAM—Ruehan Brigham, who is an assistant director of the Extension Service, U. S. Department of Agriculture, lives at Ashton, Montgomery County, Maryland.

DAY—G. C. Day, a graduate of the College of Engineering and a practicing engineer, is living at 3707 Edmondson Avenue, Baltimore, Maryland.

1909

HOLLOWAY—J. A. Holloway lists his occupation as engineering. He is living at 46 Hudson Road, Bellrose, New York.

1915

BROWN—R. S. Brown is County Agent for the Maryland Extension Service and is located in Talbot County, with headquarters at Easton.

DIENER—Louis Diener is practicing medicine in Baltimore. His address is 2449 Eutaw Place.

1918

EPPLEY—Geary Eppley, formerly Dean of Men and Coach of Track at the University, is a Lieutenant Colonel in the U. S. Army and is located in Washington, D. C. His home address is 4603 Beachwood Road, Calvert Hills, College Park, Maryland.

1920

BURNS—L. C. Burns is County Agent in Carroll County, Maryland. His address is Westminster.

CARROLL—H. M. Caroll is County Agent, with headquarters in Bel Air, Harford County, Maryland.

CHICHESTER—Peter W. Chichester, at one time Assistant 4-H Club leader in Maryland, is now in the grain and feed business in Frederick, Maryland.

HAMILL—F. J. Hamill is a contractor and is located at St. Dunstan's Garth, Baltimore.

1921

DAVIS—Leonard L. Davis, a graduate of the University Dental School is practicing in the Medical Arts Building, Baltimore, Maryland.

1922

JONES—Mildred S. Jones, graduate of the College of Home Economics, is located with the U. S. Government and is living at 2037 Second Street, N.E., Washington, D. C.

1924

DARCY—George E. Darcy, graduate of the College of Arts and Sciences, lists his occupation as farmer. His address is 4801 Calvert Road, College Park, Maryland.

1925

BROMLEY—Walter D. Bromley is with the Farm Credit Administration and is located at Smithsburg, Maryland.

1928

COLLINS—M. S. Collins is President of the American Publishing Company of Washington, D. C. His home address is 8600 Bradley Boulevard, Bethesda, Maryland.

1932

EBY—J. Walter Eby is Assistant County Agent for the Extension Service, headquarters at Centreville, Queen Anne's County.

MARSHALL—Lieutenant Colonel Frederick H. Marshall, formerly Manager of the Department Store of the Bolling Field Army Air Base, has been ordered to Staff and Command School at Fort Leavenworth, Kansas. Colonel Marshall is married and has one son, Frederick, Jr., aged four.

1933

ENSOR—J. Wheeler Ensor is living at Belloma Avenue, Longeville, Maryland. He is a graduate of the College of Agriculture and is Assistant County Agent for Baltimore County.

1934

COTTON—John Cotton is associated with the Maryland Extension Service with headquarters at College Park. His home address is 811 Greenwood Avenue, Takoma Park, Maryland.

1936

CROFT—Charles C. Croft is a Lieutenant in the Sanitary Corps and is located with the General Hospital at Santa Barbara, California.

1937

CUCKEYSON—Lieutenant and Mrs. John William Cuckeyson, who were married in Virginia on April 5, are living at the Sevilla Hotel of that city, where the bridegroom is on duty at the Army Air Base.

Before her marriage the bride was Miss Mary Helen Petticrew, daughter of Mr. and Mrs. Charles Bishop Petticrew of Pine Bluff, Arkansas. Lieutenant Cuckeyson, who was prominent in football at Maryland in the middle thirties, is the son of William Cuckeyson of Baldwin Park, California, and of Mrs. William Lynch of Jersey City, New Jersey. The ceremony was held in the chapel of the Army Air Base in Richmond.

The bride attended Texas State College of Women and was graduated from Perdue University. Lieutenant Cuckeyson attended the United States Military Academy after he graduated from Maryland.

HAZARD—Edith Hazard is a student pilot in the Women's Ferry Command and is taking a five months' training course in Texas. She is a member of Kappa Delta Sorority.

GRAHAM—William J. Graham is associated with the Federal Bureau of Investigation and is located at San Francisco. Mrs. Graham is the former Jeanette Chatam of Salisbury and a graduate of the University in the Class of 1937. She was a member of Kappa Delta Sorority and Mr. Graham is a member of Alpha Tau Omega. Although loyal Marylanders, both Mr. and Mrs. Graham agree that there is no place quite like California. Their home address is Box 2123 Salinis, California.

1938

BAKER—Lieutenant Herbert W. Baker of Waynesboro, Pa., was married on April 26 to Miss Adelia R. Gift, daughter of Mr. and Mrs. Charles W. Gift, also of Waynesboro. Lieutenant Baker is stationed at Johnson Field, North Carolina, with the Army Air Force Technical Command.

1939

ROSENSTEEN — Louis Nathan Rosensteen has legally changed his name to Nathaniel Cromwell Rosston. He received his Medical Degree at the University of Maryland and is interning in the Kings County Hospital, Brooklyn, New York.

With Alumni At Home

(Continued from page 4)

1942

DRUZ—William Druz is teaching and lives at 6503 Queens Chapel Road, Hyattsville, Maryland.

DiBLASI—Francis P. DiBlasi is located at Camp Lee, Virginia, and was recently promoted from Private to Technician Fifth Grade. He is with the enlisted personnel division and is assigned to Headquarters Detachment, Sixth Quartermaster Training Regiment. He was formerly a clerk for the Perpetual Building Association of Washington, D. C.

BAUGHER—Henry G. Baugher is stationed at the Armed Forces Induction Station in Baltimore. He was recently promoted from the rank of Corporal to that of Sergeant. Baugher was an outstanding tennis player and was captain of the University Tennis Team last year.

JENKINS—Richard Jenkins writes in to say that although he is located a good many miles from home on one of the war fronts he still receives and enjoys reading the ALUMNI NEWS. Dick says that although he can not tell where he is, he has seen a lot of new and strange country with plenty of mountains and plains. He says the natives are very friendly, but that the farming is not the equal of that to be found in Maryland. However, he seems to be enjoying the berries, bananas and other fruits that he has found there. He states that another alumnus, William T. McCune, '25, is located near him. His address is Box 204, Navy 121 c/o F. P. O., New York, N. Y.

Dorothy Coseboom, of Takoma Park, Md., who is in charge of the student drive to raise funds for the purchase of training plane for the Army.

Students Strive To Raise Funds For Training Plane

Under the direction of Dottie Coseboom, of Takoma Park, the Student Victory Council at the University is carrying on a drive among students and faculty to raise sufficient money to purchase a Fairchild training airplane to be turned over to the Army. The drive will last until May 21, and it will be necessary to raise between ten and fifteen thousand dollars through the purchase of War Bonds and Stamps.

Progress in the drive will be recorded on a poster to be hung in the Administra-

(Continued on page 7)

Student "tappees" of Omicron Delta Kappa, honorary leadership fraternity, who were taken into membership this spring. *Left to right, front row* — Edward Rider, Baltimore; John Watson, St. Mary's County; Samuel Burch, Mechanicsville; Robert Esher, Washington, D. C.; and *(back row)* — Thomas Mont, Cumberland; Carson Moyer, Baltimore; John Dobler, Baltimore, and Robert Hill, Silver Spring. In addition, Dean S. S. Steinberg, of the College of Engineering, and Dr. Ray Ehrensberger, Head of the Department of Speech, were honored with membership in the fraternity.

Students Honor Memory

(Continued from page 3)

nel Burch, of Charles County, for athletics; Edward Rider, of Baltimore, and Robert Hill, of Washington, for publications; and Frank Mervine of Montgomery County for dramatics.

In making the presentation Professor Allen said: "It is quite fitting that Sigma Circle of Omicron Delta Kappa should have initiated and sponsored the movement which culminates tonight in the presentation to the University of a modest memorial to the late Profesor Charles G. Eichlin. While deploring the event which makes this ceremony necessary, Sigma Circle takes great pleasure and satisfaction in making this presentation. I, personally, feel deeply the privilege and honor connected with the small part I have played in this spontaneous student affair.

Served 22 Years

"Professor Eichlin received his bachelor's and master's degrees in science from Lafayette and first came to Washington to work in the United States Bureau of Standards. During the first world war he worked for the National Electric Supply Company, which was then building radio equipment for the Navy. In the fall of 1920 he came to the College Park campus and began his teaching career here as assistant professor of physics and electrical engineering in the College of Engineering. Two years later he was appointed associate professor of physics in the College of Arts and Sciences, and in 1928 he became professor and Head of the Physics Department, which position he held until his untimely death last July at the age of 49, thus completing 22 years of service on this campus.

"Besides being a born teacher, Professor Eichlin was a friend and counselor of students, always being willing to extend a helping hand or an encouraging word. Students and faculty alike were the beneficiaries of his innate common sense and his sound advice. For several years he received the Terrapin Award as the most popular teacher on the campus, and a recent issue of the *Terrapin* was dedicated to him. In his quiet and unobtrusive way he went about his work exemplifying those qualities of leadership for which O. D. K. stands. He played an active part in the affairs of many University committees and campus organizations of which he was a member. Past president of the Maryland Chapter of the Society of Sigma Xi, past president of the Maryland Chapter of the American Association of University Professors, chairman of the Student Life Committee's subcommittee on Campus Organizations, faculty ad-

(Continued on page 7)

Old Line Athletic Contributions

Baseball Team Seems Potentially Strong

Maryland's baseball team, which got away to a late start, had two wins and two losses to its credit as this issue of the Alumni News went to press. After losing 8-12 to a strong Fort Myer team and 2-7 to Camp Holabird, the Old Liners came back with wins against Fort Belvoir and the U. S. Naval Academy Jayvee team.

Jayvees Swamped

The Navy Jayvees were swamped by the Marylanders by the score of 13-4 and they made such an impression at Annapolis that the Navy varsity is trying to get a game with the Old Liners. Hard hitting by Maryland was the main reason for the score against the Midshipmen but the Middies also helped the Old Liners greatly by weak fielding. Lefty Crist did some stellar pitching for Maryland and Lieb McDonald was able to garner a home run.

Potentially Strong

The Maryland team is potentially one of the strongest to represent the institution in years but heavy inroads have been made into practice seasons because of the amount of time that must be spent on the physical education program of the R. O. T. C. Only about two days a week are left for baseball practice and this time is utilized by playing intersquad games. About thirty men are out for baseball at the present time.

Pitching is the one weak spot on the team as most of the veterans from the teams of last spring and summer are being used in the infield and outfield this year.

*

Thirty-Five Men Report For Track Practice

Although no meets have been scheduled as yet, about thirty-five men are toiling away on a somewhat modified track team which got under way late in April. Although considerable difficulty was encountered at first in locating a coach, this problem was finally overcome when Dr. William H. Peden, Assistant Professor of English at the University, consented to serve. Dr. Peden enjoys a national reputation as a middle distance runner. He was captain of the track team while a student at the University of Virginia.

(Continued next column)

Lacrosse Championship In Three-Way Scramble

With Maryland's close 8-9 loss against Navy the race for the national championship in lacrosse becomes more complicated than ever. Prior to the defeat by Navy, Maryland and Army were the only undefeated teams in the country and it began to look like straight sailing for the championship. However, while Navy was beating Maryland, Johns Hopkins came back into the picture by defeating Princeton, thus making it a three-way race from now on. All three of these teams at this writing have lost one game, the Midshipmen beating Johns Hopkins 7-4 but losing to Princeton 6-7, a team which the Old Liners defeated, 8-5.

First Since 1938

Navy's defeat of the Old Liners was the first since 1938 when the Sailor Lads made it 8-7 to beat Maryland for the crown that season. In all Navy has had only two victories and a tie with Maryland in 12 games that followed a 4-2 Middy victory in 1929. There had been a two-year lapse in their long series, Maryland winning the last contest in 1940 by 12-3.

The Old Liners have a fine aggregation in this year's lacrosse team and all credit is due them in spite of the defeat at the hands of the Midshipmen. They have shown great power in defeating such teams as Drexel, Rutgers, Princeton, Penn State and Loyola, and if they defeat their last two opponents, which will be two of the hardest they have faced, they will be very much in the running when it comes time to divide national honors. Teams yet to be played this season are Army at West Point on May 12 and Johns Hopkins at College Park on May 22. At this writing Army had not been defeated and Johns Hopkins had only been beaten once by Navy.

Duke Game Forfeited

The Duke game, which had been scheduled for April 19, was forfeited because of a blinding rainstorm that kept College Park covered with water most of the day.

It is hoped that several meets can be arranged with service track teams for the latter part of May. Sometime during the month a sextet of Maryland runners are scheduled to go to Central High School in Washington to pace the great Greg Rice in the two mile.

Rubini Signed As Boxing Coach At College Park

Fausto Rubini, football coach and athletic director for the last seven years at Lancaster High School, Lancaster, Wisconsin, has been signed as coach of boxing at the University of Maryland. Rubini will also assist Dr. Clarence W. Spears, new football coach at the University, in coaching football and will add part-time in physical education at College Park.

Rubini is a graduate of the University of Wisconsin, where he starred in football and boxing. He was welterweight champion at Wisconsin and the boxing teams he coached at Lancaster never lost a dual match.

The new boxing coach plans to spend some time with Johnny Walsh, University of Wisconsin boxing coach, before he reports for duty at College Park on June 1. Rubini has already expressed a desire to schedule a meet between the University of Maryland and the University of Wisconsin. At Lancaster High Rubini developed two outstanding Wisconsin football stars, All American End Dave Schreiner and Halfback Mark Hoskins, mainstays on the successful Badger eleven of last year.

*

General Kirk, '10, Named Surgeon General Of Army

Brigadier General Norman T. Kirk, '10, was nominated recently by President Roosevelt to be Surgeon General of the Army, succeeding General James C. Magee.

General Kirk is now the commanding general of the Percy Jones Hospital at Battle Creek, Michigan, and formerly was Chief of Surgical Service at the Army Medical Center at the Walter Reed Hospital in Washington.

A native of Rising Sun, Maryland, General Kirk entered the Medical Corps of the Regular Army as a First Lieutenant in 1913, three years after he received his medical degree from the University of Maryland.

He served two tours of duty in the Philippines, from 1928 to 1930 and from 1934 to 1936. Returning to the United States in the summer of 1936 he became Chief of Surgical Service of Letterman Hospital in San Francisco and in 1941 was transferred to a similar position at Walter Reed. He went to Battle Creek last July.

Dr. Samuel G. Davis, '93

(Continued from page 3)

Harford Countian

Born in Harford County, Dr. Davis studied in private schools and at the Virginia Military Institute before matriculating at the University.

He associated himself early in life with Dr. I. R. Trimbell, who then was Chief Surgeon for the Baltimore and Ohio Railroad, Dr. Davis specializing in giving anesthetics from the beginning of his professional career.

Coming from the same Harford County background as the late Dr. J. M. T. Finney, he had many of the same habits of mind and much the same considerate manner in dealing with patients. The two men were closely associated.

Dr. Davis did not like ceremony and a story illustrating that is told by his friends. In 1934 the Virginia Military Institute wanted to honor him with the Degree of Master of Science. His Alma Mater invited him to attend public ceremonies, but with characteristic modesty Dr. Davis declined to attend. He suggested that the degree be sent to him. That was finally done and the Doctor was gratified.

Early in his career Dr. Davis joined the Fifth Regiment of the Maryland National Guard. He saw service in the Spanish-American War, with the rank of Captain and Assistant Surgeon, and was one of the few men in the command who escaped the typhoid fever of the Southern camps and came back to Baltimore on his feet.

He was still in the command, with the rank of Major and Chief Surgeon, at the time of the Mexican Border trouble in 1916. When he finally left the Regiment, he had spent 26 years in the service.

Hanging in the Church Home and Infirmary in Baltimore is a portrait of Dr. Guy L. Hunner, Dr. Thomas L. Cullen, and Dr. Davis, who were known as "the three musketeers" by the hospital staff. The portrait is by a Mrs. I. Hunner Parsons, Dr. Hunners' daughter.

*

Student Musical Festival

(Continued from page 3)

Paterson, John Stuntz, and Robert Cormack, of Washington.

Friday's program also opened with a recital in the Maryland Room. Taking part in this concert were Joseph Power, violinist of Beltsville, and Simon and Zelik Klitenic, violinist and pianist respectively, of Baltimore. In the evening a program was presented in the Women's Field House by the Men's Glee Club, Student Orchestra, Women's Chorus, and Mary Jane Hambright, harpist from Lancaster, Pennsylvania. The festival concluded with a dance that evening in the Women's Field House.

Funds For Training Plane

(Continued from page 3)

tion Building. The poster will be in the shape of an airplane, and the individual parts of the plane will be put together as the campaign progresses.

The type of plane which the Maryland students hope to purchase for the Army is known as a PT 19 and was designed especially to remedy defects found in other types of trainer planes. The PT 19 was designed so that the wing, in a near stall position would have aileron control up until the complete stall becomes effective. Prior to its adoption most Army Air Corps students learned to fly in biplanes and found it difficult to make the shift to low winged monoplanes at the completion of their training. The plane is now used extensively by training camps all over this country, and a version of it is being used in Canadian training camps.

*

Gen. Russell P. Hartle, '10 Stands Out In Conflict

In a newspaper clipping which came to the Alumni Office from Malone, New York, we discovered an interesting account of General Russel P. Hartle, who graduated from the University in 1910. We quote from the article —

"When American soldiers crash into Hitler's Europe, the man believed likeliest to lead them is Major General Russel P. Hartle, beak-nosed, firm-chinned, 200-pound commander of U. S. troops in the field, European theater. Quietly but firmly, with thin chin set, Hartle today is in England, training his men for the invasion day. Here are highlights of his career: born at Chewsville, Md., 53 years ago, Hartle attended the University of Maryland, won and liked the nickname 'Scrappy' for his fighting nature, graduated in 1910. Entering Army Infantry as a Lieutenant, he went to Manilla for two years, returned in 1912 to serve in U. S. camps and border points.

"A machine-gun expert, Hartle trained troops in World War I, then studied at Infantry and Naval School, and taught cadet officers. In 1937 he headed the operation section of the War Plans Division, then commanded the Puerto Rico Mobile Force and U. S. Infantry Divisions in Missouri and Louisiana.

"He led the first U. S. troops to Ireland in 1942, set up bases, trained the rough Rangers who helped raid Dieppe and fought on to Algiers' beaches in North Africa. Hartle is a 'soldier's soldier' — determined fighter, he hates to lose. He calls the war a 'crusade for living,' promises to carry the fight to the enemy."

Students Honor Memory

visor for Mortar Board, and secretary of Sigma Circle of O. D. K. — these offices indicate the extent and diversity of Professor Eichlin's campus activities. . . .

School Spirit Essential

"Most educators will agree, I believe, that there are three general essentials for the development and maintenance of a truly great college or university. First, an adequate physical plant, grounds, buildings and equipment. Second, a competent teaching, research and administrative staff, politically and economically secure. Third, the possession of that intangible asset called 'school spirit' by students, faculty and alumni. President Byrd has carried us far along the road toward the attainment of the goals of the first two essentials. The acquisition of an adequate 'school spirit' is a much more difficult goal to attain. It cannot be bought and it takes years to develop and mature. A loyal and energetic body of alumni can be a tremendous asset to a school. Such a group can best be developed at the source, on the college campus by the acquisition of 'school spirit' by the students, and future alumni. Sigma Circle of O. D. K. has always striven to foster and augment 'school spirit' on this campus. Professor Eichlin has consciously and unconsciously aided this movement; it was one of the things closest to his heart.

"Fortunate, indeed, is the school which possesses many teachers of Professor Eichlin's caliber. His memory lives in the minds and hearts of hundreds, perhaps thousands, of Maryland alumni. May this memorial serve to inspire untold thousands of future Maryland students. It is also hoped that it will only be the first of such memorabilia to aid in building on this campus an inspirational atmosphere and worthy traditions which cannot fail to foster the development of greater 'school spirit.'

"Plans for the display of this memorial have not yet been completed. It is the desire and hope of many that, after the war, when a Student Union building is erected on our campus, this memorial will be permanently placed therein. It has also been suggested that a dormitory or other building be named Eichlin Hall and this memorial be there displayed. For the present, at least, it will probably be displayed with a collection of physics books, the nucleus of which will be formed by Professor Eichlin's own books, donated by Mrs. Eichlin. The faculty in the Engineering Building feels the urgent need of a reading and reference room for physics, mathematics and engineering books and periodicals. Such a room would provide an excellent place for this memorial."
